

A Magazine Thirty Years Old.
The Christmas (December) Number of The Delineator is also the Thirtieth Anniversary Number.

To do justice to this number, which for beauty and utility touches the highest mark, it would be necessary to print the entire list of contents. It is sufficient to state that in it the best modern writers and artists are generously represented. The book contains over 250 pages, with 34 full-page illustrations, of which 20 are in two or more colors. The magnitude of this December number, for which 728 tons of paper and six tons of ink have been used, may be understood from the fact that 91 presses running 14 hours a day, have been required to print it; the binding alone of the edition of 915,000 copies representing over 30,000,000 sections which had to be gathered individually by human hands.

To Relieve the Situation,

The board of Directors have been compelled to temporarily fit up the vacant room in the public school for the accommodation of the overflow of pupils. Some of the rooms have over 70 pupils in them and it is a matter of impossibility for the teachers to do anything like justice by them. It is to be hoped that at the school meeting next Wednesday some means will be provided whereby the present congested condition of the school will be at least partially relieved. A permanent equipment of the vacant room should be ordered and another teacher employed if the district intends to decently take care of the pupils who apply for admission. The present and efficient corps of teachers are taxed beyond their strength already and the conditions are gradually growing worse every day. Don't forget to come out to the school meeting Wednesday at 1 o'clock.

Bold Robbery.

Monday night some one boldly walked into the Imperial Hotel and opened the cash register and abstracted \$7.10 therefrom and also stole a small rifle sitting in the corner of the cloak room. The theft was made while the night clerk, Jack Baker, was up to the depot awaiting the arrival of the overland train. He had carelessly forgotten to lock the register and the thief had no difficulty in opening the drawer and getting possession of the contents.

BADLY INJURED.

S P Brakeman Had His Arm Crushed At Divide.

While hanging on the side of a box car, signalling to the engineer, Will Griffith, a S P freight brakeman, met with a severe accident at Divide, on the south Lane county line, Thursday afternoon. He collided with a telegraph pole standing too near the track, with the result that he was knocked from his position to the ground below violently and in such a manner that his right arm was thrown under the cars, the wheels passing over it between the shoulders and the elbow, crushing it badly. He was taken to Roseburg on the afternoon local, on which Dr Houck, the S P surgeon, happened to be a passenger. Dr Houck at once took charge of the injured man. He was taken to Portland on the next train.

The Editor of the Lakeview Herald committed suicide by taking poison last Wednesday morning. The following account is taken from the Herald's last issue:

The members of the Herald staff had quite a shock when they returned to the office at 1 o'clock Wednesday afternoon, Dwight Johnson, foreman of the Herald, went into the private office of Editor C A Fitch to submit some copy for his correction, and found the Editor in bed as though, asleep. He tried to rouse him, and asked him if he should set up certain copy that was on the book. The Editor said "yes" in a muttering tone. This did not satisfy the foreman and he shook him but found him unconscious. The doctors were called and they worked with him until 8.30 p m but without avail. The Editor breathed his last at that hour. He never regained consciousness from the hour he was first found.
