

A Good Record

The C M A foot ball team of Cottage Grove can well be proud of their record for this season having scored 38 points and a total of only 15 points against them in a series of four games. The score for the season and the teams they have met are as follows:

C M A, 5, vs Drain Normal, 5.
C M A, 16, vs Roseburg High School, 0.

C M A, 17, vs Drain Normal, 0.
C M A, 0 vs Eugene High School, 10.

Total
C M A, 38, all opponents, 15.
Considering the limited amount of coaching the home team has had they stand at the top of the list of amateur pigskin kickers.

THE MORMON TEMPLE.

The Mormon temple at Salt Lake City is no doubt the most substantial and well constructed religious edifice in the United States, if not in the world. Corner stone laid April 6, 1853, cap stone April 6, 1892 and dedicated April 6, 1893, over forty years of constant labor being consumed in its construction. This magnificent structure 200 feet long, 100 feet wide is built entirely of Utah white granite, beautifully carved, symbolic of the Mormon faith, surmounted by six towers, the highest being 230 feet from the ground, supporting a bronze statue of the angel Moroni. The cost of this building is about \$6,000,000. There are many other attractions at Salt Lake City of interest to the traveler or tourist, where a day can be well spent. The Rio Grande is the only Trans continental route passing directly through Salt Lake City, where a stop over is allowed on all classes of tickets. The service of the Rio Grande lines is unexcelled. Three trains daily between Ogden and Denver, carrying all classes of modern equipment. If you are contemplating a trip to the East, write the undersigned for information regarding rates via the "scenic line of the world." W C

Rome, Dec 10.—A Naples dispatch says that the people are greatly concerned about the phenomena appearing on Vesuvius. Several small craters have recently opened. The volcano threatens eruption.

Following on the heels of the successful location of the big Danish colony west of Eugene, and one near Junction City, another still greater proposition is on the tapis, says the Eugene Register.

W D Mixer, of Lincoln, Nebraska a prominent colonizing agent, accompanied by J. G. Humphrey, of Winnebago City, Minnesota, who after examining Western Oregon north and south of us, arrived in Eugene to look the country over, with a view of buying 30,000 acres of Lane county lands on which to establish a big colony.

Independent comment reproduced on our editorial page yesterday and today discovered a more general discontent with President Roosevelt's tariff and trust recommendations than The Oregonian itself had ventured to express. The fulsome compliments of Republican party organs and the uniform hostility of Democrats were to be expected, but are useless for the discerning reader, and we have ignored them. But the criticism that really stands for honest judgment is most regrettably unfavorable to the President, though it proceeds from quarters where his courage and sincerity are given full value, and where his recent anti-trust utterances have met with enthusiastic response. In desiring to stand well with his party leaders and regain the confidence of Wall street, the President has grievously disappointed the independent though of the country.—Oregonian.

Sugar has moved up another 20 cents per hundred, making an advance of 60 cents in the past week and 80 cents in the fortnight. The advance covers all grades and of course is another evidence of continued (?) prosperity. It is of a kind however that savors of trust prosperity and not that of the people.
