Corner stone laid April 6, 1853, cap stone April 6, 1892 and dedicated April 6, 1893, over forty years of constant labor being consumed in its construction. This magnificent structure 200 feet long, 100 feet wide is built entirely of Utah white granite, beautifully carved, symbolic of the Mormon faith, surmounted by six towers, the highest being 230 feet from the ground, supporting bronze statue of the angel Maroni. The cost of this building is about \$6,000,000. There are many other attractions at Salt Lake City of interest to the traveler or tourist, where a day can be well spent.
