### GOV. CHAMBERLAIN.

Vote Canvassed by Both Houses Wednesday

CHAMBERLAIN HAS A PLURALITY OF 246 VOTES.

Inauguration Ceremonies Took Place Wednesday Jan 14, 2:00 p m

SALEM, OR., Jan. 14.—Today witnessed the first inauguration of a Democratic Governor in Oregon, since Governor Penoyer was sworn in 12 years ago. And while its political significance is distasteful to republicans generally, probably no man was ever inducted into office who has so fully enjoyed the good wishes of everybody as the Hon George E Chamberlain, who today took his seat as Governor of this state. The state house was completely packed with spectators, and the large representative hall would not hold more than a small per cent of those who wished to do honor to the new Governor.

The two houses convened in the hall of representatives at 11:15 o'clock when the vote for Governor was canvassed, and the inauguration ceremonies followed. After the roll call of the two houses had taken place, Speaker Harris at the request of President Brownell, appointed the following committee to canvass the gubernatorial vote: Senators Carter and Sweek and Representative Whelan and Galloway. After the vote had been canvassed the joint assembly was dissolved until 2 o'clock this afternoon when the inauguration ceremonies were proceeded with.

NEW YORK, Dec 31.—John D Rockefeller advanced the price of crude oil 3 cents a barrel yesterday and as a reward his Standard Oil stock was made to leap \$17 a share on the curb market. It sold at \$720.

As Mr Rockefeller owns 400,000 shares of the 1,000,000 shares in existence, the raise meant a gain of \$6,800,000 for him for the day. December was a lucky month for Mr Rockefeller. Through the coal famine he was enabled to put the screws on the consumers more tightly than ever before, raising the price both of crude and refined oils. As a result the price of Standard Oil stock has leaped since December 15th from \$640 to \$720. Besides it has paid a dividend of \$10,000,000. Therefore Standard Oil stockholders are \$90,000,000 richer today than they were two weeks ago. As Mr Rockefeller owns two-fifths of the stock, his personal share of the profits amounts to \$36,000,000 in sixteen days—a trifle over \$2,000,000 a day.
