We are reliably informed that the Walker Brothers, two genial and enterprising business men of Walker, Lane county, have bought the saw mill and logging outfit of Henry Mooney, near Antaut in Pass creek canyon and with their usual energy are already fitting and repairing the mill preparatory to putting it into active operation on a large scale. They will no doubt turn out a first class lumber product as soon as they get their mill modernized and put to its full working capacity. The Walker Bros, have been conducting a mercantile establishment at Walker for many years, but have had considerable experience in enterprises similar to the one in which they are now engaged.

At the Opera House.

In the advertisement column will be seen that the Shiley company are booked here for the evening of the 26. This popular company is known on the Pacific coast as the best of its kind and will give to our theatre goers the best evening's entertainment seen for some time. In the hands of the "Enemy," the play selected for that evening is a romantic melo-drama, illustrating the revolutionary spirit of the people of the South American Republics. The play is full of comedy and strong situations, it keeps the audience on the verge of excitement from the start to the end of the play. Special scenery is carried for all of their productions, so the theatre goers of this town can rest assured of a performance perhaps never seen in our midst. In the last act the timely arrival of the American sailors, with the waving Stars and stripes make one of the most dramatic situations ever seen on any stage.
