ARE
YOU
DEAF?

ANY
HEAD
NOISES?

ALL CASES OF
DEAFNESS OR HARD HEARING
ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain
Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
Examination and treatment free. **YOU CAN CURE YOURSELF AT HOME** at a nominal cost.

Colds

"I had a terrible cold and could hardly breathe. I then tried Ayer's Cherry Pectoral, and it gave me immediate relief."
W. C. Layton, Sidell, Ill.

How will your cough be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Three sizes: 25c., 50c., \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.
J. C. AYER CO., Lowell, Mass.

Language Deficient.

Cholly Softbrane—Ya-as, I cawn make meeself undehtood in French, dontcherknow.

Beryl Bluestockholme—Really! The English language is awfully deficient, isn't it?

WHERE CHARITY BEGINS.

Wise Bros., the Portland Dentists, Say "Help Thyself."

In many ways the dentist is your best friend.

He helps you when your teeth are tired. When your teeth wear out and break down he steps in and braces them up, puts new life into them, and makes them efficient. Your success in life, your feelings, whether of contentment or worry, greatly depend upon how your nourishment agrees with you. Is it not a certainty that your food will do you little good if your teeth are unable to perform their rightful work? To say nothing of the advantage of having a good looking set of teeth (than which nothing is more effectively attractive) it is more comfortable, and absolutely indispensable to health, happiness and success, to have a set of teeth that are capable of being used.

Why delay a minute?
There is no pain connected with having your teeth put in perfect order. There is no pain in getting an entire new set of teeth, which cannot be told from natural ones. Wise Brothers, in the Failing Building, Portland, Oregon, are making scores of people happy every day, by sending them away with as good a set of teeth as nature ever put into a man's or a woman's head. The cost of their work is extremely moderate.

There is little excuse for anyone, now-a-days, neglecting their teeth. Teeth are extracted absolutely without pain, and the expense of starting a new in life, with a sound set of teeth, is slight. Chaffy begins at home, and all persons having regard for their own welfare should go immediately and consult such eminent modern dentists as Wise Brothers.

Capacity.

Nothing will give permanent success in any enterprise of life except native capacity cultivated by honest and persevering effort. Genius is often but the capacity for receiving and improving by discipline.—George Eliot.

GIRL STUDENTS AT ABERDEEN.

Life in the University Town Between the Don and the Dee.

According to London Lady, the Aberdeen University Court, after a ten years' trial, has no reason to regret the admission of girls to Aberdeen University. There are two ancient colleges—King's, founded in 1494, and Marischal's, founded about a century later. Not only in arts, but in medicine, do the girl students distinguish themselves. In the former, for example, the "Dr. Black Prize in Latin" and the "Seafeld Gold Medal in Latin" were won in the winter sessions of 1900-1 by the same young lady, while in Greek many honors have fallen to the lot of the girl students. The "Fife-Jamieson Gold Medal for Anatomy," the "Lizars Gold Medal" for the same study, have been carried off by girl students, and it should be noted that the first-named prize is considered the "blue ribbon" of that branch of study. Girl students have also won laurels for practical work in the dissecting room.

From these facts it will be seen that girl student life in Aberdeen is quite different from life at Girton, Newnham and other girls' colleges which are "among the universities, but not of them." Aberdeen is a university for women students as well as for male students, and the former are on exactly the same footing as the latter, and share along with them every privilege of their alma mater. Side by side they sit in the classes, together they go up to the exams, and the girl student, especially if a "medical," considers it a point of honor to secure for herself, if possible, the best prizes and medals of the university.

These girl students are interesting figures in the streets of the Granite city, attired as they usually are in the scarlet gown and black and scarlet tasseled trencher of the Aberdeen undergraduate, or in the robe and black and white hood of the M. A. degree, which, when "capped," they wear with a laudable amount of honest pride over their evening gowns at the graduation evening reception in the beautiful Mitchell hall of Marischal College.

HOUSE IN WHICH ADMIRAL NELSON WAS BORN.

The humble residence at Burnham Thorpe in which was born Horatio Nelson, destined to live in history as the "hero of Trafalgar," is the pride of Norfolk, England. It is a remarkable fact that when a man prominent in British politics was recently asked who in his opinion was the greatest popular idol of his country, he replied, "Lord Nelson." When asked who came next in the popular fancy, he again replied,

WHERE NELSON WAS BORN.

"Lord Nelson," and then added: "This may seem strange to an American, but it is a fact that there is really but one Englishman not now living concerning whose doings the average citizen of this country, from whatever section he may come, is prepared at all times to wax enthusiastic. And that man is Nelson, the most emotional character perhaps in history, and yet a man of action out and out." At the recent celebration of the anniversary of his death every schoolhouse in England was decorated with portraits of the great admiral.

What Georgie Would Grow.

There are several children in a family and they were talking of their garden. "I am going to plant the seeds Uncle John gave me," said one, "and grow the most beautiful flowers." "I am going to grow pinks and violets," said another. "And I'm going to have roses," said the third. But the little boy said nothing. He had no seeds to plant. Presently his mother noticed that he took no part in the chatter and her heart smote her. "And what is Georgie going to grow?" she asked. "Oh," he said stoutly, "I expect I can raise a worm or two."

Shoplifters Get the Birch.

London shopkeepers have pursued for years, according to Truth, the policy of giving every woman detected purloining articles the option of being prosecuted, or in all twenty English women have accepted the ordeal of the birch. In addition two young girls of foreign nationality, in consideration of their tender years, were treated to a milder form of chastisement. The manageress is a very muscular woman and her weapon is a formidable one.

General Only May Beat Them.

It is one of the privileges of Chinese commanding officers that they may only be beaten by the hand of their generals.

Mrs. Tupman, a prominent lady of Richmond, Va., a great sufferer with woman's troubles, tells how she was cured.

"For some years I suffered with backache, severe bearing-down pains, leucorrhoea, and falling of the womb. I tried many remedies, but nothing gave any positive relief."

"I commenced taking Lydia Pinkham's Vegetable Compound in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 140 pounds and am improving every day. I gladly testify to the benefits received."—Mrs. R. C. TUPMAN, 423 W. 30th St., Richmond, Va.—\$5000 full original of above letter proving genuineness can be produced.

When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me?"

Surely you cannot wish to remain weak and sick.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women. Perhaps she has just the knowledge that will help your case, try her to-day—it costs nothing.

Adapted to Flats.

"I see that you have taken up a vertical system of penmanship. What did you do that?"

"Oh, haven't you heard? Why are living in a flat now?"
