I and as the boom swung around it caught me on the back between the shoulders. Coast is in charge of Ex-State Super ent Ira G. Houtt, Ph. D., at Burli San Mateo county, Cal. I was tumbled overboard head foremost in the water, some 40 to 50 feet deep. As I struck the water the fish that I had eaught, a man eating shark, laid hold of the calf of my right leg. The pain ailroad at Asphalto. The train was was fearful, and I felt myself jerked GOOD HEALTH ABOVE WEALTH

> "In my fall I did not relax my hold on the line, and as soon as I realized my position I knew that my life depended spend any amount of labor in getting on my ability to hold on to the cord. The struggle I know was not long, but precaution against sickness or using some to me it seemed like an age. The cord simple remety for its cure, will use neither was fastened to a beam in the boat, and inch by inch I gained on my antagonist, and as soon as I appeared on the surface the boatman came to my assistance. The the boatman came to my assistance. The shark retained its grip on my leg until my body was entirely out of the water, and even then it did not let go until the boatman knocked it off with an oar. When I was safely on the inside, however, we pulled for the shore, and as my hook was securely fastened in the mouth of the shark no trouble was experienced in landing the fish. It was between 5 and 6 feet long."—Chicage

JOHN BULL'S HUMOR. It Is of the Fat Witted Kind-What Amer icans Think of It. Hawthorne, observing Englishmen in England, speaks of them as "heavy

witted." Emerson alludes to their "saving stupidity." Howells has introduced to us some typical specimens of English respectability and rank baffled in their chase after American humor, her husband from the city last week she but on the scent and arriving at the point of appreciation after considerable silent thought, sometimes lasting into the next day, and here is the testimony

of Lowell from his recently published

"Letters." In a letter written in 1889

from England to Professor Norton he thus explains the warm reception given to Buffalo Bill by London society: "But I think the true key to this agerness for lions-even of the poodle sort-is the dullness of the average English mind. I never come back here without being struck with it. Henry James said it always stupefied him at first when he came back from the continent. What it craves beyond everything is a sensation, anything that will serve as a Worcestershire sauce to its sluggish palate. We, of finer and more touchy fiber, get our sensations cheaper and do not find Wordsworth's emotion over a common flower so very wonderful. People are dull enough on our side of the ocean stream also, God wot, but here unless I know my people I never dare to let my mind gambol. Most of them, if I ever do, look on like the fa-

mons deaf man at the dancers, wonder-

ing to what music I am capering. They

call us superficial. Let us thank God, dear Charles, that our nerves are nearer the surface, not so deeply embedded in fat or muscle that wit must take a pitchfork to us. "-Outlook. Settled an Old War Debt.

John Railey, who lives about four niles from Trimble, Tenn., is one of the pappiest men in the county. The cause miles from Trimble, Tenn., is one of the happiest men in the county. was the receipt by express of \$685, not a cent of which he expected to receive. a scout endeavoring to learn something The mo camped at a spring near Mr. Railey's residence. The following morning before departing they rode up to Railey's, all bat one, who was walking. The man

"Don't worry yourself so, pardner," mildly replied the soldier. "You see, my horse died last night, and I am bound to have another. If I were to depend on my feet to get me out of this country, Forrest would get me sure." And he took the horse. parilla At that time Bailey was well off, but now he is poor. Recently he received a letter signed Frank K. Walldran, which contained \$685, the purchase value of the
