Tucson, Ariz., February 27.-When the other commanded a brakeman to cut off the car next to the engine and tender. As soon as this was done the engineer was ordered to proceed. When the the had cone there miles there are the condition, the bad cone the condition that had cone the condition to condition. London, February 27.—Advices from they had gone three miles they stopped. The bandits carried a sack full of what appeared to be dynamite. This they purchased it, as there have been added the roadbed when the enstations, who has been co-operating with the land forces in the Pairie.

"The plant is in excellent condition, and is worth more than when the state purchased it, as there have been added thereto over \$7,000 in new patterns, machinery and improvements.

"These additions and improvements." crawled under their seats and remained The British advanced up Brass river there until assured that the danger was over. Southern Pacific Detective Breckenridge left here to-night for the scene. He is of the opinion that the attempted robbery was not committed by the two men who held up the overland some weeks ago at Wilcox. He says of the method uzed in computing the 'value of manufactured goods on hand' in exhibit B, as the inventory of manufactured goods on hand should be at the actual cost and not the computed selling value.

"The stock on hand at actual cost

## THE NEW CUP DEFENDER.

BRISTOL, R. I., February 27 .- The Cost of manufactured goods and stock land. Sir Claude M. Macdonald, who personally directed the operations, sent an ultimatum to the rebeis that unless they surrendered and gave up the prison-they surren they surrendered and gave up the prisoners captured at Akassa a month ago further attack would be made on them.

A later dispatch from Admiral Bedford says the British expedition consisted of the gunboats Widgeon and Thrush, two steamers belonging to the Niger protectorate, and the flagship St. George.

On February 21 the rebels in twenty-five war canoes attacked the British force at Sacrifice Island, but the fire of the natives was ineffective, and three of force at Sacrifice Island, but the fire of the natives was ineffective, and three of the matives was ineffective, and three of the war canoes were sunk, after which the rest retired. The following day the intricate channels of the brass river were buoyed and the creek reconnoitered.

"At daybreak February 23," continues Admiral Bedford's dispatch, "we commenced the attack, and after an obstinate defense of a position naturally difficult a landing was gallantly effected and Nimbi completely burned. The force was withdrawn the evening following, after the residences of Kin Koko and the houses of the other chiefs had been destroyed."

A HAREM IN OHIO.

The lead keel will on the top, 5 feet to find the top, 5 feet to give an opinion.

"That the foundry has not only been that the house would not adjourn until the business of the day was disposed of. He then suggested that a motion might be receivable of \$12,604.15 speaks well for the mangement and shows it to be a profitable institution for the state.

"As to whether the state paid more for the plant than should have been paid I am not sufficiently advised to give an opinion.

"If such was the case, the fault lies with the law which compels the governor, secretary of state and state treasurer to purchase this identical plant, and as they had no discretion in the part of the the process of the day was disposed of. He then suggested that a motion might be two feet aprofitable institution for the state.

"As to whether the state paid more for the plant than should have been paid I am not sufficiently advised to give an opinion.

A panic Admiral Bedford's dispatch, "we commenced the attack, and aft. It will be two feet and with over the top, of 4,888.15 and outstanding accounts of \$4,888.15 and outstanding accounts of \$4,888.15 and outstanding accounts of the that when it did adjourn, it would be as a mark of respect. London, February 26 .- The Daily Chronicle's Vienna correspondent says Professor Wagner, of the Vienna Uni-New York, February 25.—The opinion is generally expressed by naval experts in this city that the results of tests made on the fourteen-inch armor plate after which the insanity is diminished. He repeated the treatment a few times,

It is nature, embodied in a ports It is nature, embodied in a portable, convenient and effective appliance when Dr. Sanden's Electric Belt is used. If you lack in any respect the mainly powers y u should possess, send at once for this scientific book, which will appead before you the ably true and primanent restoration of mental, physical and sexual manhood. It has thousands of testimonials from every town and hamlet in the country.

seized and where the crews had been imprisoned. Even on this basis the claims amount to nearly \$1,000,000. Besides there were about two-score of men, officers and crews of the seized vessels, who suffered imprisonment, and their claims were compromised by the agreement made by Mr. Gresham. The secretary believes if all these claims are submitted to a committee for adjustment, the United States will fare much worse than under the terms of the pending bill.
