Durrant's Attorneys are Working Mong This Line.

San Francisco, May 9 .- Theodore Durrant's attorneys have discovered evidence which they believe will enable them to establish an alibi for their client so far as the Williams murder case is concerned. A Market street hairdresser, states that Minnie Williams, who was a regular patron, entered his shop at 8 o'clock on the evening of her disappearance. She had her hair dressed, leaving the shop at 8:25. As it is estimated that by taking a car immediately she could not reach Emanuel church until 8:50, Darrant's connsel argue that Durrant could not thereafter have escorted her to the church,
