If you want any hauling done leave your orders with JACK KNOWLTON.

You have all heard of the famous "Blush of Roses" for the complexion. For something just as good go to Mrs. Newman's.

W. V. Dewald gave us a strawberry Sunday that measured seven and half inches around.

Over 500 head of stock cattle passed through Cottage Grove Tuesday on the way to Goshen, where a large herd is called for, driving to the ranges east.

There is great danger in neglecting Cholera, Cholera and similar complaints. An absolutely prompt and safe cure is found in De Witt's Colic and Cholera Cure. J. P. Currin.

The Golden Eagle Hose Team made a splendid appearance in their new uniforms on decoration day. The members are all large, fine looking men and when they move you may look for things to just hum.

Why Don't You

Use Park's Tea for headache, constipation and "that tired feeling". It purifies the blood, beautifies the complexion, acts upon the sluggish liver and moves the bowels every day. Only herbs and plants, safe, sure and pleasant. Sold by J. A. Benson.

Whitney, the man who beat "Whiskers" in the foot race at Harris' track, ran with a man named Williams at Grants Pass yesterday, and "everlastingly" scooped" him. Whitney (as he called himself) is a dead fast man and it takes a good one to beat him.—Eugene Register.

The New Spring Hats

All are adorned with roses. The roses on your cheeks can be retained by using Park's Tea. It clears the blood of impurities, moves the bowels every day and gives health and strength to the user. Sold by J. A. Benson.

We were shown one day this week what might be called a very singular freak of nature. Mr. T. J. Cardwell pulled up a radish that had grown in his garden that was tied in a most complete knot, which could not be untied without breaking. A more perfect knot could not have been tied by the human hand.

Our Grandmother's Way

Was to steep roots and herbs and use it every night. We can do the same by using Park's Tea. Nothing acts as promptly and without discomfort. Not a pill or a cathartic but moves the bowels every day. Sold by J. A. Benson.

F. S. Hinds returned to Tacoma, Tuesday, to remain about ten days. He has a large and valuable interest in the Steamboat placer mines south east of this city. Mr. Lurch showed us a \$40 chunk of gold taken out of the Steamboat mines by a man who has been working there the past winter. We learn that some men have made \$150 to \$250 per day there during the winter, which is much better than sitting around discussing "hard times."

When occasion demands its use, try De Witt's Witch Hazel Salve. It is cooling to burns, stops pain instantly, cleanses, a perfect healer for reds or skin eruptions. Always cures piles. J. P. Currin.

Fossil Journal: At a prayer meeting in a small town not far from Fossil an illiterate but good man made the following prayer: "O Lord, Thou knowest that we are thankful to Thee that our souls are safe from the fire that quenches not. If a man lose his horse Thou knowest that he can buy another; if he lose his house Thou knowest that he can build another; if he lose his wife Thou knowest that he can get another; but if he lose his soul—good by, John."

Silver Lake Stock Market

Valley Record: The Carr firm are busy gathering and delivering the 3000 head of steers which they recently sold to a California man. They will be driven across to Ontario and from there will be shipped to the Eastern market, Eskin & Zimmerman from North Dakota are here buying cattle. They have bought quite a number of the Summer Lake men's cattle. They are offering \$25 for 3-year-old steers and from \$10 to \$12 for stock cattle. The report is that they wanted near 10,000 head.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O., Sold by Druggists, 75c.

Rev. T. L. Jones, P. E., of the M. E. Church of this district, who was seriously injured at Grants Pass by his team running away last week, is slowly recovering from his injuries and the doctor who is attending him says he will soon be able to be out. Frank is on a trade with Henry Heidman, in which he expects to turn over 8 head of his biggest horses to Henry at \$25 each.

The strawberry and ice cream social at Davis hall, given by the Golden Junior Base Ball Team, Saturday night, was very successful notwithstanding it rained all day. A large number of people enjoyed themselves splendidly. The boys appreciated the attendance socially and financially.

The union massmeeting of the C. E. and Junior Endeavors at the Christian church Sunday, was largely attended. The report of Mrs. Ella Jones, of the state convention at Salem, to which she was a delegate from this city in interest of the Endeavors, was very interesting indeed and showed that the societies are making rapid and successful progress. All who attended the meeting enjoyed a royal entertainment. William Veach was chosen a delegate to attend the Lane county C. E. union convention held at Springfield, Friday May 31.

One of the best two wheel sulky corn cultivators we have seen for many a day, was taken from the depot Wednesday by Felix Currin, for use on that big cornfield on uncle John Currin's ranch east of town. When such machinery comes to this depot we know that some one is trying to get in the front wave of progress to raise plenty of rich food to make fat hogs and fine cattle. With the best soil and finest climate, such machinery well managed will soon make our country so charming that everybody will want to come here to live.

The life of an editor is not a bed of roses, but he sometimes enjoys a bundle of fun over queer "breaks" made by those who write something occasionally for his paper.

The following advertisement appeared among the Aurora items in the Three Sisters last. "Wanted—A second hand bicycle, by a young lady with a leather seat." The Woodburn Independent says: "We know a number of ladies at Aurora, but have never seen one that answers the above description."

Query—How does the Woodburn editor know of a certainty, that he never saw a lady that "answers the above description?" If he be absolutely certain in the matter, we must accord him more gall than the editor of the **ECHO-LEADER** possesses.

A Remarkable Cure of Rheumatism.

WESTMINSTER, Cal., March 21, 1894.—Some time ago, on awakening one morning I found I had rheumatism in my knee so badly that, as I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store I sent for a bottle, and rubbed the afflicted parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application had done the business. It is the best liniment on the market, and I sell it under a positive guarantee. R. T. HARRIS. For sale by J. A. Benson, Cottage Grove, Joe Lyons, Drain, Druggists.

Having used Chamberlain's Cough Remedy in my family and found it to be a first-class article, I take pleasure in recommending it to my friends. J. V. FOSTER, Westport, Cal. For sale by J. A. Benson, Cottage Grove, Joe Lyons, Drain, Druggists.

A Sharp Practice

You call it when reading an interesting article and find at its close that you've read an advertisement. Don't condemn the advertiser. You won't read the ordinary advertisement. All advertisers feel in common with the writer who takes this means of telling you that Simmons Liver Regulator is the best medicine for Melaria, impure blood and a poisoned system. Equally as good for indigestion and Biliousness.

Mr. J. W. Trunell brought in some immense Agriculturist strawberries Wednesday. He tells us that he planted six acres in winter apples this spring and is preparing fifteen acres for planting this fall. We are pleased to see one man who is not afraid to tackle the apple.

One-half interest in a brick yard one mile west of Cottage Grove post-office, as good any place, there is in Oregon for brick or tiling.

O. H. WILLARD.

The Lane county co-operation meeting of the Churches of Christ was held at Pleasant Hill May 22, 25, was one of the most successful ever held. The co-operation is now free from debt and expects to place an evangelist in the field soon. The meetings were enthusiastic throughout.

Christian Womens board of Missions and S. S. day was particularly interesting. A model C. W. B. M. auxiliary was conducted in the morning and a model S. S. recitation in the afternoon. R. F. Bonnell lectured on Sunday School work in the evening. County associations were formed and Mrs. L. A. Read, of Junction City, was elected C. W. B. M. president and Mrs. H. W. Schuck, of Junction City, S. S. president.

Endeavor Day opened with a six o'clock sunrise prayer meeting. On account of the stormy weather the meetings were not as well attended, as expected. Many were not able to attend on that account. In the evening H. A. Denton, of Salem, C. E. president, delivered an excellent address on "The Pledge." John Handsaker was elected county C. E. president.

DECORATION DAY.

Adjutant J. W. Hicks was vigilant in his efforts to make the program of decoration day as successful as possible, but the rain and mud prevented carrying out some of the pleasant features of the occasion. The attendance was large but would have been more than doubled, but for the rain. A large number marched to the cemetery and the graves were all well decorated. The people assembled at the hall, and about 2 p. m. the services commenced by music and prayer by Elder Jas. Hummer. After the memorial address delivered by Rev. McAllister, the audience was entertained a short time with excellent declamations and splendid instrumental music. The Eagle Hose Team marched in and made a very nice display, coming in marching out at the close of the meeting.

Mr. David Lubin, of Sacramento, who has earned a reputation throughout the United States by an effort to interest the great agricultural and commercial bodies in urging congress to impose a bounty on the exports of agricultural staples, and a tonnage bounty, or digester duty, in favor of American shipping, arrived in the city Saturday and made a lengthy speech to a very good sized audience. We were unable to hear the first part of his speech but we heard many favorable comments on it. We will give it more attention next week.

PASTOR RESIGNED.—Eugene Guard:

Rev. B. F. Bonnell, pastor of the Christian church of Eugene, last evening tendered his resignation. Mr. Bonnell is an earnest christian, and has the respect of the people of Eugene generally. There is one medicine that will cure immediately. We refer to De Witt's Colic and Cholera Cure for all Summer Complaints. No delay, no disappointment, no failure. J. P. Currin.

SURGICAL OPERATION.—Eugene Guard:

A little child of William Wills, who resides southwest of town, was treated to a surgical operation a few days ago by Drs. Paine and Kuykendall, who removed the bone of the right leg between the knee and ankle joints. The bone had become diseased and the only hope for the child was to remove it. The outer coverings of the bone were allowed to remain and on account of the youthful age of the child, which is only two and one-half years old, the bone will be replaced by the growth of another. The child is doing very well at present.

Some time ago I was taken sick with a cramp in the stomach, followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have sold the remedy to others and every one who uses it speaks highly of it. J. W. STICKLER, Valley Center, Cal. For sale by J. A. Benson, Cottage Grove, Joe Lyons, Drain, Druggists.

When a newspaper publishes programs and news, Free or Not of public meetings and entertainments, which bring the people together it does not cost much to exhibit courtesy enough to see that the editor has a fairly good opportunity of enjoying the entertainment without making it a burden to him. Thousands of people read a local paper every week, and through it, judge the public spirit, enterprise and general merits of the people and country in which it is published. It is the duty of the people to extend the publisher a good PAYING PATRONAGE and all courtesies possible. It may be considered proper by some to invite an editor to sit down flat on the dirty floor of a hall, stand up or go home, but the editor is not liable to hunt such an opportunity the second time.

RAGED ROBIN.

Travelers find a safe companion in De Witt's Colic and Cholera Cure. A change in drinking water and in diet, often causes severe and dangerous complaints. This medicine always cures them. J. P. Currin.

Jim Whitney, the Cottage Grove sprinter, under the name of C. F. Hales, visited Grants Pass, and while there had a go with Miller, the Grant's Pass champion. The race was for \$150.00 a side. Considerable money changed hands. Jimmy winning with hands down. The Grant's Pass sports feeling rather sore over the result, put their heads together for sweet revenge, and at once notified Mr. Vinton of Southern Oregon, to come on first train. The light footed gentleman made his appearance on north bound train. They at once proceeded to business. \$150.00 was placed in the hands of Mr. Melion, a prominent mining expert, as stake holder; they then proceeded to the race track to see the results, sixty-five yards being measured off. At this stage of the program, excitement grew intense. Large sums of money were being wagered on both sides. They did not have to wait long until both athletes showed their dusky forms in radiance and splendor. As the minnows came tripping up to the scratch, a hush fell upon the crowd. As the sprints toed the line, Whitney extending his hand which was grasped by his opponent with warm feeling and great respect for each other. By this time the Grant's Pass sports plainly saw that they weren't "it," for Jim's wonderfully developed form easily convinced both sets that he was much superior to his opponent. They scored one hour and thirty minutes. Jimmy realizing the smoothness of his would be rival's tactics dare not give him an inch the best of it, as he had all his earthly possessions at stake. A flash, a sound and both races sprang down the course to the post of victory. It was a battle to the finish. Jimmy winning by a scant four inches, and a little lifted up the sleeves. Jimmy's feelings were greatly relaxed at the result, as his brawny opponent came rushing down, with wonderful bounds, was fast closing the gap of victory.

Worthington Indiana Sun: Last week while a man was engaged in setting out fruit trees on a hill side on Richland Creek, about seven miles south-east of Worthington, he found, from one or two feet beneath the surface of the earth, fourteen pieces of old silver coins—dollars, halves and quarters. They bore dates from 1752 to 1817. How they came there, and when, is a mystery that will never be solved. Only five half dollars in the "find" were American coin.
