We are pleased to announce that Rev. F. Z. Nesbitt has been engaged to preach another year, at the C. P. Church in this city. Mr. and Mrs. Nesbitt are splendid young people, and Mr. Nesbitt is improving in his preaching rapidly.

In the land of plenty, and where everything in the way of living is so very easily raised, we should like to see a very large chunk of more genuine liberality offered Mr. and Mrs. Nesbitt. We are afraid many are not just as careful, thoughtful and generous as they should be in this matter. If you starve anyone, starve your editor but don't starve your preacher. The editor has more gall, and is not afraid to tell you when you become careless and too selfish.

Our Grandmother's Way Was to steep roots and herbs and use it every night. We can do the same by using Park's Tea, nothing acts as promptly and without discomfort. Not a pill or a cathartic but moves the bowels every day. Sold by J. A. Benson.

You and all your friends are kindly invited to send into this office, or to bring it yourself, any item of news of which you may happen to know. Dr. Charles and quite a company of men were here Tuesday, from Yoncalla, with wagon and teams going to the Bohemia gold mines—this being the only wagon route to reach that important place so much sought after now by persons looking for the yellow metal. Wonder the doctor and his friends didn't go by that good (?) Yoncalla road we were told so much about last summer.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 7c.

We attended the school exercises at the Sears school house east of town, Friday, taught by Mrs. Damewood. The pupils performed their parts in the program with splendid success and acquitted themselves with much honor to themselves and teacher. Some of the pupils won nice prizes for their superior merit in their studies. Good music and speaking added much to the entertainment of all present, and we were pleased to see the parents of the children turn out well. Rev. N. B. Walden, made one of the best speeches to the children that we have heard since we have been in the state. At 12 m. the parents and children resolved themselves all into a picnic and enjoyed a splendid lunch. Mrs. Damewood has taught a good school, and the pupils have done well. Two little tots, who did not know their letters when starting into school had made phenomenal success, and gave splendid examples during the entertainment.

A Remarkable Cure of Rheumatism.

WESTMINSTER, Cal., March 21, 1894.—Some time ago, on awakening one morning I found I had rheumatism in my knee so badly that, as I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store I sent for a bottle, and rubbed the afflicted parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application had done the business. It is the best liniment on the market, and I sell it under a positive guarantee. R. T. HARRIS, For sale by J. A. Benson, Cottage Grove. Joe Lyons, Drain. A Sharp Practice you call it when reading an interesting article and find at its close that you've read an advertisement. Don't condemn the advertiser. You won't read the ordinary advertisement. All advertisers feel in common with the writer who takes this means of telling you that Simmons Liver Regulator is the best medicine for Malaria, impure blood and a poisoned system. Equally as good for indigestion and Biliousness.

George Proctor, a six-year-old tot who with his mother, is visiting Mr. and Mrs. J. P. Currin, made an almost successful effort Wednesday, to sail among the angels. He was talking on a cross-rod over the river, when he fell into the water, and he was in up to his neck and had floated down some distance before his mother and all the women and children in the neighborhood reached the place. The little fellow was quite constipated, and when he saw his mother wading in after him he told her to stay out, and not get drowned trying to save him, for he would drown anyway and he was plenty of the family to lose that way.

June 10, 1895, into the home of Mr. and Mrs. Everett Miller of Creswell. There sailed the queerest little craft, without a stitch of rigging on it. He looks like Henry Clay.

The people of Cottage Grove are talking of making everyone that comes over from there pay toll as they cross the bridge.

We clip the above from correspondent in Eugene Register. Of course it is only a joke.
