Volume I, No. 1, of the Oregon Agriculturist, published at Portland, is upon our table. It is devoted to agriculture and fruit raising, and ably edited in all departments. Mechanically it could be no neater. It should succeed beyond measure if real merit is worth anything at all. It has the best wishes of the ECHO-LEADER.

Our Grandmother's Way
Was to steep roots and herbs and use every night. We can do the same by using Park's Tea. Nothing acts as promptly and without discomfort. Not a pill or a cathartic but moves the bowels every day. Sold by J. A. Benson.

Days creek correspondent in Riddle Enterprise says: Mr. and Mrs. Luke Chapman, Miss Mamie Beal and Mr. Chas. Dewald spent one day the first of the week very enjoyably in fishing. The charming Miss Mamie's hook was quite strong and apparently baited for suckers, as she seems to have landed one fine fellow.

Editor E. P. Thorp arrived at this place last Saturday and remained a guest of the Enterprise over Tuesday. Who is editor Thorp? Why don't you know? He lives over at Cottage Grove-Lemati, is a partner on the Enterprise, and gets out one of the newest country weeklies published in the state, the ECHO-LEADER by name. Brother Thorp is a genial youth and we always enjoy his visits.—Riddle Enterprise.

EDITOR'S GAME LAW.—A much abused editor of a weekly paper published in Indiana, has drafted the following game law:

Book agents may be killed from September 1st to October 1st; spring poets, March 1st to July 1st; scandal mongers, any time; whales, August 1st to January 1st; the man who waits until the editor has gone from home and then sneaks in and throws half a cord of elm slang in the editorial woodhouse in payment for the year's subscription, as well as the antiquarian two-penny business men, who think it doesn't pay to advertise, may be killed from January 1st to December 31st, without recourse or any relief from valuation or appraisement.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O., Sold by Druggists, 75c.

The Glorious Fourth.
Preparations have been made for a glorious good time at the grounds of the Cottage Grove-Lemati Fourth of July celebration. An interesting program is published in the Echo-Leader and a large crowd of people are expected to come and enjoy a magnificent time.

NAME CHANGED.—The S. P. company has changed the name of its station at Springfield to that of Henderson. This will make two stations by that name which the company has on its lines, each within one mile of the other. While the station will be known as Henderson by the company, it will doubtless continue to be known as Springfield by the people.

SALARIES REDUCED.—The commissioner's court last Saturday afternoon made an order reducing the salary of Deputy Clerk Gibbs for the next year from \$1,200 to \$1,000. The salary of Deputy Sheriff Scott was reduced from \$75 per month to \$65. The reduction goes into effect July 1st.—Eugene Register.

GOED BY A BULL.—Rev. I. D. Driver was severely gored by a bull last evening at his farm just south of town. Mr. Driver entered a corral where the animal was, it attacked him, crowding him in a wire fence and goring him in the breast in one of his legs. He was also badly lacerated by the barbed wire of the fence.—Eugene Register.

The following is the report of Wallace school district 75. Those neither tardy nor absent during the term, were Winfred Turpen, Lester Turpen, William Rusher and Ernest Wills. CLARA BEFFINGTON, Teacher.

Little Jimmie Harnes and brother were riding horseback Thursday morning, when the horse took a tired spell and fell down. Two bones were broken in Jimmie's left arm. Dr. Geo. Wall was called and by using chloroform, put the bones in proper shape, and the youngster didn't know when it all happened.

We recommend De Witt's Colic and Cholera Cure because we believe it a safe and reliable remedy. It's good effects are shown at once in cases of Cholera Morbus and similar complaints. J. P. Currin.

AN ABLE REPORT.—Albany Democrat: "The attention of the Salem Journal is called to the fact that E. B. McElroy, professor of English literature in the State University, delivered the address before the graduating class of the high school of Portland, which is said to have been an able effort."

There is one medicine that will cure immediately. We refer to De Witt's Colic and Cholera Cure for all Summer Complaints. No delay, no disappointment, no failure. J. P. Currin.

Here, Mr. editor, while you are resting, you just write an elaborate article about Samantha Jane, as how she's suffering painfully of spasmodic paralysis in her perpetual gossiping about her neighbors, and the doctor advises compressed cold air diet seasoned with sulphur to get her ready for her reception in hades.

What's the Use of Talking
About colds and coughs in the summer time. You may have a tickling cough or a little cold or baby may have the croup and when it comes you ought to know that Park's Cough Syrup is the best cure for it. Sold by J. A. Benson.

Our sister city, Eugene, is becoming as famous for local sensations as a dashing, festive "purp" for its fleas. The editor of the Echo-Leader has just learned by special telegram that a Eugene lady, previously tormented with a corn on her toes, was advised by a friend to anoint it with phosphorus, which in a weak moment she did, but forgot to tell her husband before retiring at night. It had just struck twelve when the husband awoke, and was startled to see something sparkle at the foot of the bed. He had never heard of a fiery in that locality, nor did he ever remember seeing such a terrible looking object as the toe presented. Reaching carefully out of bed till he found one of his slippers, he raised it high in the air, and brought it down with terrible force upon the mysterious light. A shriek and an avalanche of bed clothes, and all was over. When at last he released himself from the avalanche he discovered his wife groaning in the corner. He had struck the phosphorated toe!

One of the attractions on the program of the Cottage Grove-Lemati Fourth of July celebration will be 44 lovely little Oregon girls singing about the grand Eden land of Oregon.

Last Saturday morning, Mrs. Ella Jones, in response to an invitation from Rev. J. E. Snyder, went to Irving camp meeting as organist, for the religious services. She returned Monday evening. The Eugene Daily Guard of Monday gives the following interesting report of the meeting:

IRVING CAMPMEETING.—Five teams went from the U. B. church to the Irving campmeeting grounds yesterday morning, taking down about 100 persons. The services opened with Sunday school at 10 o'clock, over four hundred scholars being enrolled. Rev. J. E. Snyder preached at 11 o'clock. The large tabernacle was filled with people; the curtains were raised and hundreds remained on the outside. Fully one thousand people were present at this union service. Five persons united with the church, and at 3 o'clock p. m. ten persons were baptized. The Junior rally was held at 1:30 o'clock and was well attended. Rev. Bell, of Philomath preached in the evening to a large assemblage of people. The best order prevailed throughout the day yesterday, which, considering the large number present, is speaking well for the people of the vicinities of Irving and Eugene.

While at Riddle, the Editor of the Echo-Leader was taken into the smokehouse and cellar of Noah Cornutt, one of the pioneer farmers there. He saw 12,000 pounds of splendid bacon—lams, sides and shoulders. In the cellar were 3000 pounds of lard, as white as snow, put up in ten pound pails. Mr. Cornutt is cultivating 80 acres of corn, and expects to fatten over 100 head of hogs next fall. He believes in raising something good to eat and something to supply the people in Oregon, without having to ship it all the way from Iowa and Illinois. He is making large shipments of bacon and lard to Rogue River valley.

De Witt's Colic and Cholera Cure never disappoints, never fails to give immediate relief. It cures just as sure as you take it. J. P. Currin.

Some time ago I was taken sick with a cramp in the stomach, followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have sold the remedy to others and every one who uses it speaks highly of it. J. W. SNICKLER, Valley Center, Cal.
