The Kerby Union a is paper just started at Kerby, Josephine county Oregon, by D. E. Dotson. It is neatly gotten up and should receive the hearty support of the people of that part of Oregon.

LARGE POTATOES.—W. W. Masterson left at the ECHO-LEADER office Monday four immense potatoes—one weighing four pounds. Talk about not making a living in Oregon. when all root crops will grow about all winter here. Oregon is the best state in America, and there are golden opportunities for industrious and enterprising men—and even those who are born tired always manage to get enough to eat.

A new boarder applied at the Sherwood house Sunday, and besides regular meals, calls for lunch about every two hours, day and night. He is not at all sensative about making his desires known and if slighted the least bit, treats the folks to a musical expansion of his lungs. Only three boys and "nary a gal baby. But J. M. Sherwood says he has no time to fool away for girls anyhow.

Visitors to the Exposition that opens in Portland September 5th will see more of interest in the exhibits than in former years. Nearly every exhibit will have something going on to instruct and interest those who see it. Especially will the manufacturing exhibits have such special attractions. Machinery will be at work and mechanics will display their skill. It will be an industrial bee hive. It will be impossible in one visit to see everything contained in the huge building and enjoy the music and other entertainment offered.

The Epworth League will give an entertainment in Davis' hall Monday evening Sept. 23. A good program is being prepared and a good time is assured all who attend.

The Oliver Plows are sold this year at the same low prices for the best plow made. Don't hesitate, take the best and it will give you all you expect of it. F. L. CHAMBERS,

W. W. Masterson laid on our secretary Monday, several potatoes of immense size—one weighing four pounds. Talk about good living—Oregon is the place for it. Mr. Masterson has raised a large crop of splendid potatoes on the farm of Mayor O. F. Knox. The soil being deep sandy loam, is so well adapted to potatoes that with good culture, one can produce enormous crops of Burbanks that will make you eat them for pleasure, if not hungry.

Don't Go

Bargain for some one as this place must be sold. Inquire at the ECHO-LEADER office.

Quartz Crushers For Bohemia Gold Mines.

J. B. Hammond, of Portland, who is furnishing the machinery for the mill being placed on the Champion mine in Bohemia is a bright, natural mechanical genius. Wednesday he showed us a sled or skid about three feet wide that runs on steel plates with and endless chain running beneath bands on a wood frame, and when the skid moves forward the chain has the appearance of rolling instead of sliding it along. The skid is about the width of the trail up the mountain and a heavy casting will be fastened to the skid. When ready to ascend the mountain trail, horses, one after another (in tandem) will be hitched to the queer looking arrangement, which will go up without any trouble. The last of the three cars of machinery for the Champion mill left Portland Wednesday. As the Champion mine mill will be run by steam it requires much more machinery to run it than to run a mill by water power. The machinery for running the Golden Star mill has been in the warehouse here some days and will be sent up to Bohemia as soon as Mr. Jennings returns from the East. The mill on the Golden Star will be run by water and only required one car to bring the machinery, while the Champion mill machinery required three cars.

Last August while working in the harvest field I became overheated, suddenly attacked with cramps and was nearly dead. Mr. Cummings, the druggist, gave me a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy which completely relieved me. I now keep a bottle of the remedy handy. A. M. BUNNELL, Centerville, Wash. For sale by J. A. Benson, Cottage Grove; Joe. Lyons, Drain.

For the Exposition.

If you have any valuable minerals you can leave them at W. S. Chrisman's store. Leave with such the name, where discovered, if near the surface or deep below, mention distance. Grain, fruit and vegetables can also be left at the same place. State if desired to be returned or left for future exhibition. W. H. Lincoln will attend to shipping such articles twice a week. This can be made a good advertisement for South Lane county.

Parks' Tea is a great blood purifier and cleanser. A pleasant herb drink which moves the bowels without pain, griping or discomfort. Sold by J. A. Benson

CHOICE APPLE.—H. C. Veatch left at the ECHO-LEADER office Monday, two apples weighing eleven ounces each, which deserve mentioning. They were taken from a tree growing in an old pasture on Oliver Veatch's ranch up Row river. The tree is located among a lot of buck brush, came from a seed dropped there sometime and has never had any cultivation. There was a bushel of apples on the tree—all good ones. In color, flavor, etc. they look like a Gravenstein. They are a very choice eating and cooking apple. We learn that Mr. Oliver Veatch intends grafting quite a number of trees with the new discovery. They are a first class autumn apple and their merits from care and good cultivation should be thoroughly tested.

For Over Fifty Years

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind cholic, and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by Druggists in every part of the World. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

SOCIAL FLUTTERING.

H. B. Millerd has returned from Bohemia.

Darwin Bristow went to Eugene Tuesday.

Miss Etta Preston, of Eugene. came up Saturday.

Mrs. Mira Sweaney went to Bohemia Tuesday.

Eld. James Hummer went to Ashland Monday.

R. W. Veatch and F. S. Younger were in Eugene Monday.

Messrs James and Wm. Hemenway went to Bohemia Wednesday.

Miss Kate Hanson returned Sunday from Eugene, after a pleasant visit.

Dave Markley returned home from Soda Springs Thursday, greatly improved in health.

Eugene Guard: Miss Wilson came down from Cottage Grove today and will enter the university.

Miss Emma Carey has returned from Eugene and will stop with Mrs. J. P. Currin this winter.

Rev. E. Gittins will preach his farewell sermon next Sunday. Services both morning and evening.

Mr. Bond from Halsey, has been visiting his son, M. C. Bond, the courteous Southern Pacific agent here.

W. W. Tait the popular clerk at Benson's drug store is more handsome than ever since his return from Harrisburg.

Mrs. Minnie Coleman, of Missouri, who is visiting friends here, accompanied by Miss Ida Currin, visited Eugene Saturday.

Mrs. J. S. Walter and daughter, Miss A Bertha Walter, of Eugene, were the guests of Mrs. F. A. Newman of Lemati, Thursday.

Miss Allie Hawley, of Cottage Grove, left for home this afternoon, after an extended visit with relatives in Lane county.

F. A. Aderton, of Comstock, Mr. Inman and another brother Odd Fellow from Lorane, attended the funeral of the late H. F. Thompson.

George McQueen, the bright, genial and popular young clerk at Eakin & Bristows feels like a new man since returning from a very pleasant outing of a few days.

Eugene Register: Prof. J. P. Holland came up from Junction yesterday. He informed a reporter that he has raised the grade work of the school to a rank of high school with a three years course.

Lemati correspondent of Eugene Register: Mrs. Ella Jones leaves us next week. She has been the able and efficient music teacher in Lemati and Cottage Grove for a number of years and will be greatly missed. She goes to Portland to take a similar line of work and will study music under the direction of Prof. Cook. Success go with her.

Wednesday, Rev C H Wallace met with quite a serious mishap that almost resulted fatally by accidentally falling on his head from a wagon. He walked around in a dazed condition over an hour before any one discovered him. He was taken home, medical aid summoned, and he soon recovered.

Irwin and Casper Lea, Henry Veatch and Robt. Cooley have gone to Corvallis to attend the O. A. C. this winter. They are all bright, well behaved boys and highly respected and the ECHO-LEADER wishes them success.

J. P. Langdon is all smiles just now because he became father of a 11½ pound girl last Sunday morning.

The Oliver Steel plow is built especially for sticky ground and is guaranteed to scour. F. L. CHAMBERS, Eugene.

Rev. C. C. Sperry preached to a large congregation at the C. P. church Sunday 11 a. m. and 7:30 p. m. After the morning service the ordinance of baptism was administered to Mrs. M. C. Bond, in the river.

Just as we are going to press, we learn that Mrs. Grousbeck, ten miles up Row river, caught fire at 5 p. m. Tuesday September 19, while setting in front of the fire and died at 11 o'clock same night. Dr. Wall went up in the night but could not save Mrs. Grousbeck. She leaves a baby about one month old. Mr. Grousbeck is a brother of Mrs. F. A. Newman. She went up Friday morning.

Easy to take, sure to cure, no pain, nothing to dread, pleasant little pills De Witt's Little Early Risers. Best for Sick Headache, Billousness, Sour Stomach and Constipation. J. P. Currin.

Just So.

The entertainment to be given by the members of the Epworth League, on next Monday evening, Sept. 23rd, is expected to be the entertainment of the season. The members have gone to a great deal of trouble to make it so, and have solicited from no one outside of their own members except in one or two instances. They have arranged a "World's Fair Art Gallery," which it is hoped, will be a very taking affair. Some of the best ice cream to be made will be served by one of the best looking young ladies of the town. One of the most popular young men of the town will sell you good home made candy. Other attractions will be in store. A small admittance fee of 10 cents will be charged at the door. Proceeds to go on Rev. Gittins' salary.

Oh! My Back!

A good many tired men and women could get rid of that pain in their back if they would try Parks' Sure Cure for the Liver and Kidneys. The trouble is usually there and Parks' Sure Cure reaches and cures it. Sold by J. A. Benson.

Electric Lights for Lemati.

The meeting advertised by recorder J. C. Stouffer Tuesday night, for obtaining an expression from the taxpayers for putting in an electric light system met at Knox hall. A vote taken after considerable discussion resulted in requesting the city council to contract for electric lights with A. Nelson for a term not to exceed five years, at 50 cents for each incandesent light.

COTTAGE GROVE ALSO.

We have been told that Cottage Grove will make a similar contract. Mr. Nelson intends using water power, but just where at, he has not yet decided. Electric lights are a good thing and we hope Mr. Nelson will make the enterprise a complete success. One thing certain, if he cannot make it a success no one can.

A car of Oliver Plows and Harrows at F. L. CHAMBER'S, Eugene.

The closing days of the Exposition at Portland will be devoted to a chrysantheum show, for which liberal premiums are offered. The show will be under the management of the Oregon Flower Association, which held such a successful rose show last June. There are prizes for both amateurs and professionals, and entries are invited from growers of flowers everywhere.

The Woman's Auxiliary of the Oregon Industrial Expositions are preparing a series of special entertainment for the fair, including a baby carnival, patriotic night, musicale and a night of fancy dances. They will also conduct a cooking school twice a week, in the afternoon presided over by Mrs. Miller, the lady who gave such popular lectures on cooking at the World's Fair. The ladies will also make the finest collection of woman's work, bric-a brac, art and curios ever collected on the Pacific Coast.

Mrs. S. A. Kell, of Ponoma, Cal., had the bad luck to sprain her ankle. "I tried several liniments," she says, "but was not cured until I used Chamberlain's Pain Balm. That remedy cured me and I take pleasure in recommending it and testifying to its efficacy." This medicine is also of great value for rheumatism, lame back, pains in the chest, pleurisy and all deep-seated and muscular pains. For sale by J. A. Benson, Cottage Grove; Joe. Lyons, Drain druggist.

Farming That Pays.

A few years ago W. H. Lincoln purchased something over 115 acres of land one and a half miles east of Lemati. The land was largely bottom and sandy loam—balance foot hill land. Most of the land was once clear of timber but had been allowed to grow up with trees that required much work to clear off from the ground. Mr. Lincoln now has about all the land cleared that he cares for and having filled up numerous holes so that he now plows over what used to be dangerous to go near, he begins to see the hardest labor finished. When six years ago he made a starter by planting out 200 choice winter apple trees, a neighbor wanted to know why he was putting out so many—his family could never use them! Well the trees grew from good cultivation and this is the third year they have been bearing and he could have sold each year many times more than he has raised right at home at good prices. There are Baldwins and Ben Davis apples in the orchard that are fine enough for any one or any market. Some old apple trees that were considered utterly worthless were renovated and each have today several bushels of fine apples on them. Some old pear trees that were heroicly treated are bearing elegant fruit. Two years ago this winter Mr. Lincoln planted 700 prune trees and about 500 more apple trees which have made splendid growth and will all soon be money makers. The ground where the apple trees are growing has produced a splendid crop of corn this year, which is being fed to hogs and fresh milk cows. Mr. Lincoln is one of the successful farmers and is winning success by diversified farming. His trees are all healthy and show a very vigorous growth. He wages war on insect pests before they have time to take possession of his trees, which is indeed the proper method. As eternal vigilance is the price of liberty so is it the price of fruit. Live progressive men will raise good fruit and sell it at good prices, while the "poke easy" man is satisfied to keep right along in the old rut of indifference and complain of bugs, wormy fruit and "hard times."

Mrs. E. E. Davis, of San Miguel, Cal. says: "I am tiying in a measure to repay the manufacturers of Chamberlain's Cough Remedy for the great good their remedy has done me. For years I was a constant sufferer from weak lungs and bronchial asthma. My rest at night was disturbed by a hacking cough, so that I felt miserable the greater part of the time. Many remedies recommended by friends were tried, none of which proved suitable to my case. I did not experience any beneficial results until I began taking Chamberlain's Cough Remedy. After two bottles of the large size had been used I am pleased to state, my health is better than it has been for years. The soreness has left my lungs and chest and I can breathe easily. It has done me so much good that I want all who are suffering from lung troubles, as I was to give it a trial." For sale by J. A. Benson, Cottage Grove; Joe. Lyons, Drain druggist.

A Star For Red Hill Land.

Five years ago when M. F. Babcock in the Silk creek country west of Cottage Grove, planted out apple and pear trees on red sticky land, he was kindly told that he was fooling away his time because that land would not produce anything worth having, and by people who had lived in Oregon. Well the trees were carefully set out and cultivated well. Three year old Bartlett pear trees produced some nice fruit the second year after planting. Mr. Babcock and son left us samples of Bartlett pears, Maiden Blush, Pippin apples and Egg plums, Tuesday, that were entirely clear of disease and as smooth as if they had been polished. Indeed the specimens would command intense admiration on exhibition anywhere in America. Mr. Babcock has more land cleared and grubbed that he will plant to prunes the coming winter. He is certainly on the sure road to success and will raise some excellent selling fruit. This is another evidence that the editor of the ECHO-LEADER knew what he was saying when he so often told the reason why the red hill land in South Lane and North Douglas is really the most valuable land in the counties for fruit and many other things

DEATH OF H. F. THOMPSON.

The late H. F. Thompson, of Cottage Grove, was a native of Christ's Church, a village in England, and served faithfully in the English service through the war with India when a mere lad and was afterwards stationed at Hongkong, Cuina, for one year when he applied himself to learning the Chinese language, which he could read, write and speak fluently. After serving his time with the government he came west and arrived in San Francisco in early 1860, afterwards drifting up to the mines on Feather river at Orville, where he joined the I. O. O. F. and has been an honored, steadfast and ardent worker in that organization for over 34 years. He was united in marriage in 1870 to Miss Louisa M. Burton at Henley, Cal., whom with three children survive his death. Harry, as he was familiarly called will be long remembered by those whom he was socially connected for his sterling honesty and many kind hearted acts. The community has lost an honest, upright citizens, the order of Odd Fellows a faithful member, the family a kind and loving husband and father. He was buried in the Odd Fellows cemetery under the auspices of Cottage Grove Lodge No. 68, I. O. O. F. of which he was a member.

Mr. Thompson has a brother and a sister in England. He was in business in Cottage Grove twelve years, and died aged 64 years, ten months and four days. He was always ready to extend the right hand of charity to the needy and oppressed. Harry F. Thompson was a good man, a kind affectionate husband and father and the family have the sympathy of a host of friends. The flowers and the cross of flowers so generously given to decorate the remains of one of our best beloved citizens, were beautiful beyond description, were typical of the love and esteem in which Harry Thompson as he was familiarly called, was held in this community.

LINES FROM A FRIEND.

A precious one from us is gone,
A voice we loved is stilled,
A place is vacant in our home
Which never can be filled.

God in his wisdom has recalled
The boon his love had given,
And though the body moulders here
The soul is safe in heaven.

Jesus, while our hearts are bleeding
O'er the spoils that death has won,
We would at this solemn meeting
Calmly say thy will be done.

Though cast down, we're not forsaken,
Though afflicted, not alone.
Thou didst give and Thou has taken.
Blessed Lord Thy will be done.

Call not back the dear departed,
Anchored safe where storms are o'er.
On the border land we left them
Soon to meet and part no more.

When we leave this world of changes,
When we leave this world of care,
We shall find the missing loved one
In our Father's mansion fair.

Afternoon Teas.

Flit Hartwell in her last syndicate article says: "I don't recommend any special brand of tea for afternoon four o'clocks. I do, however, know all about the best tea to take at night. Parks' Tea will certainly clear your complexion and purify your blood. You will be surprised at the improvement if you take a cup of Parks' Tea each night." For sale by J. A. Benson.

Eugene Guard: D. W. Coolidge will have an exhibit of grapes at the state fair this year. He will have six varieties of foreign and four varieties of American grapes.

Skinner Was Not Winner.

On Thursdays' Roseburg local Sheriff Frank Cathcart was taking a man named Skinner to Roseburg to answer the charge of swindling some of the good citizens of Douglas county. Between Irving and Eugene when the train was not running very fast, Skinner jumped out of the window in the water closet. The train stopped and the sheriff jumped off the train and took after Skinner making quite a lively race for a short distance, but when the sheriff shot at Skinner he halted and was returned to the train. The railroad boys said things were lively for a few minutes.

Ashland Tidings: Freight traffic southward has been enjoying one of its periodical spells of "unusual activity" lately, heavy lumber shipments continuing and general freight traffic being heavy. The south bound freight trains have averaged from 8 to 12 hours late at Ashland for a week or two now.

East Oregonian: Two carloads of hogs and 15 carloads of cattle went out from Heppner for Troutdale. Eighty-five carloads of stock, mostly cattle, will be shipped from here during the next 10 days. While the range has been rather short this season, cattle are in prime condition for beef and are netting a fair price to the owners.

BIG PROFITS ON Small Investments
Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain, Provisions and Stock.
$10.00 FOR EACH DOLLAR INVESTED can be made by our
Systematic Plan of Speculation
originated by us. All successful speculators operate on a regular system.
It is a well known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to $50,000 to $100,000 or more by those who invest a few thousand.
It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.
Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.
