

The Local World.

Parks' Tea clears the complexion. Sold by J. A. Benson.

Felix Currin left a basket of fine apples at THE LEADER office Tuesday. Thanks.

If you want any hauling done leave your orders with JACK KNOWLTON.

WANTED.

Wheat, oats or corn in exchange for lumber or shingles.

F. E. TOUCHETTE.

Piles of people have piles, but De Witt's Witch Hazel Salve will cure them. When promptly applied it cures scalds and burns without the slightest pain. J. P. Currin.

WINTER APPLES—50 cents a box B. O. B. Riddies. Quality guaranteed. Lilac Hill Apple Park, E. Gladley Prop., Canyonville, Ore.

If our readers wish to be fully posted in matters of farming and especially fruit raising they should take the Rural Northwest, published at Portland. Every issue of the Journal is worth its weight in gold.

Lots of Talk

About Parks' Cough Syrup is what we desire. Every one who tries this remedy says that it has no equal in the cure of all diseases of the throat and lungs. We know it will cure any cold and do it in the shortest possible time. You don't know this, but you will agree with us if you only try one bottle of Parks' Cough Syrup. Sold by J. A. Benson.

BUSINESS INCREASING.—The post office and express office have had such a run for money orders the past month that both offices are out but expect a new stock Saturday. Business generally is picking up and one of these days things will just "whoop" and we say just let em "whoop". Later—Orders received at postoffice.

NOTICE OF DISSOLUTION.

The firm of Knox & White has this day, by mutual consent, dissolved partnership. I. M. White retiring. O. F. Knox assuming full control of the business and will receive and receipt for all accounts due the firm. All old accounts must be settled by cash or note by the first of the year.

O. F. KNOX.
I. M. WHITE.

Dec. 7, 1895.

Tired Women

Need to have the action of the kidneys stimulated at the system toned up. Parks' Sure Cure is the best remedy to accomplish this. Many a woman finds that she is tired out by work that ought not to tire her at all. She fears that her whole system is broken down and she is a hopeless invalid when a few doses of Parks' Sure Cure would make her look at life from a different point of view. Don't delay. Every bottle is guaranteed. Sold by J. A. Benson.

ARTIST'S WORK.—Felix Currin brought in twenty-four pounds of white artichokes and left them at THE LEADER office Tuesday. They are fine specimens and Mr. Currin planted about two pounds last spring. They grow rapidly and Mr. Currin thinks he will have fifty bushels from the two pound planted without a good test the yield was enormous. We do not blame pigs for liking them because they are fine eating raw, for people. The editor of THE LEADER will plant two acres next spring to artichokes for his Poland China pigs.

G. M. Stroud, the Masonic grand lecturer who visited Weston this week, was an old time railroad conductor, and is known all over Oregon as "Pap" Stroud. Although in the neighborhood of three score and ten years of age, he has lost no energy and makes rough journeys while fulfilling his duties. Mr. Stroud lately traveled over the mountains by stage to Canyon City, with the mercury ten degrees below zero. The stages were backboards, and the accommodations poor, so that "Pap" retains some unpleasant memories of the trip.—Weston Leader.

AMONG THE MINES.

Farrier & Whipple are looking for this mill every day. As soon as it arrives on the freight train, the proprietors will commence hauling the machinery to Bohemia where they will place it on their ledge as soon as possible.

The Golder Star has plenty of water and is now turning out lots of the yellow metal.

Tom Johnson the veteran Bohemia miner has purchased a mill and will soon place it in Bohemia, and then Tom will soon be rattling twenty dollar gold pieces plenty in his trouser pockets.

The bigger stamp mill of the Champion mine is doing a rushing business and turning out piles of gold. Good pay rock running way up into many thousands, is ready for work and will be a bonanza to the owners.

P. J. Jennings is sinking a shaft 100 feet on the Annie mine and the late purchasers are preparing to place a twenty stamp mill on the Annie next spring. The new company evidently mean business and will wake up the dry bones in Bohemia. Bohemia prospects are going up every day and a grand future is near at hand.

Christmas toys for the children at Thompson's.

See Mr. Owens new ad. in THE LEADER.

Masonic hall in its new location looks nice.

Parks' Cough Syrup for Coughs and Colds. Sold by J. A. Benson.

Born at Comstock, Or., to the wife of Louis Morgan, a nine pound girl.

Civil Engineer and Surveyor. All kinds of surveying, civil engineering and mining work a specialty.

AUTELIUS TODD,
Cottage Grove, Or.

G. W. McReynolds left some very fine tobacco at THE LEADER office a few days ago. This was raised on his place a few miles south and shows that you can raise most anything in Oregon.

Mrs. Pet Sanford has moved into Mrs. H. Thompson's house a few doors west of Mrs. Thompson's grocery store, and will be pleased to have her customers call for work.

Firemen's Ball, given by the Rescue Hose Team No. 1, at Masonic Hall, Cottage Grove, Oregon, Christmas night, Dec. 25, 1895. Two Fire Companies in full uniform.

Coughing irritate the delicate organs and aggravates the disease. Instead of waiting, try One Minute Cough Cure. It helps at once, making expectation easy, reduces the soreness and inflammation. Every one likes it. J. P. Currin.

Eugene Guard: Christmas is but three weeks off, and the parents of the land are horrified to hear that the bicycle girls are preparing to hang up their bloomers in place of their stockings.

Interesting meetings at the M. E. church are being conducted with a good attendance. The short, dark days increase the duties of the editor of THE LEADER so much that he cannot attend the meetings.

Sore Throat. Any ordinary case may be cured in one night by applying Chamberlain's Pain Balm as directed with each bottle. This medicine is also famous for its cures of rheumatism, lame back and deep-seated muscular pains. For sale by J. A. Benson, Cottage Grove. Joe Lyons, Druggist.

We learn that Yoncalla is now erecting a large and commodious \$40,000 public school building. From almost nothing, Yoncalla has grown in the last three years until there are nearly 400 people there now. Thousands of acres of prairie have been planted there and next year the output of prunes will be quite large. Yoncalla is a lovely place and filled with enterprising people.

Mr. Churchill left at THE LEADER office a nine pound Mastodon carrot Thursday morning, raised in Mayes O. F. Knox's ranch east of Lemati. These carrots are excellent for stock and are said to grow larger than the white Belgium, though the latter grows to an immense size in this section. Both varieties as well as stock and sugar beets are very profitable to raise here for stock.

HANDSOME PRESENT.—Yesterday was the 47th birthday of G. R. Christmas, and it is needless to say that he was substantially remembered, among the remembrances of which was an elegant meerschaum pipe presented by Attorney N. E. Markley. Gabe isn't quite as young as he "was" but he hasn't lost any of his old time congeniality and beauty. The Register tenders congratulations.—Eugene Register.

Messrs. C. F. Moore & Co., Newberg, Ore., say: "We sell more of Chamberlain's Cough Remedy than all others put together, and it always gives satisfaction." Mr. J. F. Allen, Fox, Ore., says: "I believe Chamberlain's Cough Remedy to be the best I have handled." Mr. W. H. Hitchcock, Columbus, Wash., says: "Chamberlain's Cough Remedy sells well and is highly praised by all who use it." For sale by J. A. Benson, Cottage Grove. Joe Lyons, Druggist.

THE MOST EFFECTIVE SPRAY.—The following will kill any fruit tree pest, so our leading fruit growers say:

One hundred pounds sulphur, 100 pounds unslacked lime, 100 pounds blue vitriol. Put 30 gallons of water in a kettle. Boil the sulphur first two hours. Put the slacked lime in the kettle and boil one hour, then put in the vitriol dissolved and let all boil one and one-half hours. Stir well while boiling. Put in a barrel to cool. Spray the trees before the buds put out. Use one gallon of the liquid to thirty gallons of water.

Catarh Cannot be Cured
With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarh Cure is not a quick medicine. It is prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarh. Send for testimonials, free.

F. J. CHENEY & CO., Props., Toledo, O.
Sold by Druggists, price 75c.

SOCIAL FLUTTERING.

Green Zumwalt of Irving was in our towns Wednesday.

John Stewart, of Eugene, was up Wednesday, interviewing friends.

Miss Maggie Rice returned home from Oakland on Sunday's local.

Mrs. J. B. Lewis was in Eugene Monday.

Wm. and Frank Kelley went to Eugene Monday.

Mr. J. B. McGee was in Roseburg Monday.

Mr. A. F. Jellinson and Son were in Eugene Tuesday.

Mr. B. Lurch went to Roseburg Wednesday.

Robt. Baker, of Comstock, was in town Thursday enroute to Eugene.

Mr. Frank McKinney and family are taking a week's Thanksgiving visit at his parents in Shoestring.

Jessie Martin from Umatilla county, is visiting relatives in Cottage Grove and Lemati.

Dr. E. D. McKinney of Eugene was called to this place by Dr. Snapp last Tuesday.

Mr. Law, of Creswell, was doing Lemati and Cottage Grove Wednesday.

Mr. Oliver Gates of Trent, Or. spent several days this week visiting his mother who is here taking a course of treatment under Dr. Snapp.

Mr. J. I. Jones our rustling saw mill man, took Monday night's overland for Portland to be absent several days.

A. H. Cruse and Mr. Brash called at THE LEADER office Tuesday. They had been hunting in the Bohemia mountains and were on their way home at Lebanon.

The smiling countenance of Lane county's popular sheriff, A. J. Johnson of Eugene, was in Cottage Grove and Lemati, Saturday on business.

Miss Jessie Gillfillen, niece of O. P. Adams, was a guest of her family Sunday. Miss Gillfillen is attending the University at Eugene.

D. Vandervort, of Prineville, was a caller at THE LEADER office Wednesday on business. Mr. Vandervort is a South Lane boy and with a host of old friends here the very bushes wave with charms for him.

L. F. Wooley and family, of Lemati, are afflicted with an unusual amount of sickness. Mrs. S. B. Morse, of Creswell came up Wednesday to be with the family a short time.

Don't forget to call and pay your account to THE LEADER. A few dollars will help the publisher and he can then help some one that he is owing. See!

A bear called at the house on a ranch near Uncle Billy Currin's last week. The rancher started immediately for Uncle Billy's bear dogs and with them and guns Mr. bear was soon a back number. It was dressed and the fat cut about three inches all over it. It was distributed among those who like bear meat. But the editor of THE LEADER was missed.

Eugene Guard: Editor Thorp has purchased some additional land near Cottage Grove-Lemati, which he will use in diversified farming. Mr. Thorp is one of the most enterprising men in the county.

Roseburg Review, November, 28: E. P. Thorp, editor of the Cottage Grove and Lemati LEADER, made the Review a pleasant and fraternal call, Tuesday. He is now preparing to embark quite extensively in the fruit growing industry.

Editor Thorp, of the Cottage Grove LEADER, has added to his already broad acre of tract of hill and bottom land on which he hopes to demonstrate that there is money in diversified horticulture, by planting it to long-keeping red winter apples. His fortune is assured if he can spare enough time from THE LEADER to keep his trees properly protected from vermin. Bro. Thorp seems to be quite a practical man, and we wish him success in his enterprise.

Yamhill (Newberg) Independent.

Editor Thorp will wage bitter and eternal war against vermin from the day he sets out the trees until he plucks the last apple in sound condition to captivate the best customers in the world. He will not let vermin obtain full possession of the trees before entering the field of war. He believes an "ounce of prevention" better than a pound of cure.

The Toledo Weekly Blade and Campaign of 1896.

With a great Presidential Campaign coming next year, every thoughtful citizen will need, besides his local paper, a great national weekly. The greatest and most widely known of these is the Toledo Weekly Blade.

For thirty years it has been a regular visitor in every part of the Union, and is well known at almost every one of the 70,000 postoffices in the country. It is edited with reference to a national circulation. It is a Republican paper, but men of all politics take it, because of its honesty and fairness in the discussion of all public questions. It is the favorite family paper, with a something to interest every member of the household. Serial stories, poetry, wit and humor; the household department (best in the world), Young Folks, Sunday School Lessons, Talmage's Sermons, the Farmstead, the Question Bureau (which answers questions for subscribers), the News of the Week in complete form, and other special features. Specimen copies gladly sent on application, and if you will send us a list of addresses, we will mail a copy to each. Only \$1 a year. If you wish raise a club, write for terms.

Address THE BLADE,
Toledo, Ohio.

Read Thorp's ad. at bottom columns, page three.

The Chautauqua society met at the residence of Mr. and Mrs. Herbert Eakin, Tuesday night. An exceedingly pleasant time was enjoyed. The business of THE LEADER has prevented the editor from attending the last two meetings. Next meeting will be at the residence of Mr. and Mrs. Judge Medley.

Northern fruit growers are often surprised at the large expense incurred by the growers of oranges from \$500 to \$2,000 per acre and often incurred in setting out an acre of fruit and caring for the trees until they come in bearing. A considerable part of this expense is for mineral fertilizers. Here is a lesson for the growers of the apples, pears and peaches. All of these require much large supplies of potash and phosphates than they usually receive. It is the mineral manure that is most often lacking, and trying to make the orchard fertile with stable manure usually results in large wood growth, with but little fruit and that liable to blight and scab.

We feel proud of THE LEADER on first page—it's as sweet as a roasted cheese maggot, and Eliza Jane when she sees it will smile sweeter than the angels. The head was always too long to handle easily. Now it is short, crisp and to the point, and a good ad. on either side. Artistically and typographically—it's a darling. Now brother you little man "at the helm of the Fossil Journal," if you don't appreciate THE LEADER head we'll tell how many dozen ears of corn, how many dozen clams, how many dozen "sweet taters" how many dozen cold ham "sandy-witches" and how many chickens you got outside of—and the cords of cobs, bones etc. you threw under the feet of the editor of THE LEADER to throw suspicion on an innocent man.

RICH DISCOVERY.

G. M. Moore, of Drain, a miner of twenty years experience in the early days of the mining success in California and Arizona has discovered a rich ledge in Bohemia carrying lead and gold in large quantities. It is near the Silver King and a half mile west of the Champion and two and one half miles from the Golden Star. The new discovery was made at the roots of a large tree and timber and water is near enough to make things interesting for working this great mine. A ledge carrying antimony is found near the new discovery. With lead, antimony, timber and fine water power there are fine opportunities to put a smelter in that part of Bohemia and with the rush of new mills gone in this fall and the ones to go in next spring there will be lively times for the boys next year. We are pleased to see things looking up so well in Bohemia for the boys who prospect there deserve good fortune.

SPECIAL CORRESPONDENCE FROM EUGENE, TO THE LEADER.

Something funny occurred here on and before Thanksgiving and in order that the world may laugh with us we are going to "tell about it."

Several weeks ago an announcement of a Firemen's ball to be given in Cottage Grove, appeared in THE LEADER. The announcement contained the statement that two companies of Firemen in full uniform from Eugene would be present. The Eugene dailies copied the announcement, and the hearts of the whole fire department probably beat high with hope, for it was not definitely known which companies were expected to attend the hop.

The day dawned cold and gloomy, and, thinking the foot ball game would be a failure a number of citizens concluded to accompany the two companies in full uniform to Cottage Grove. But when the mail was distributed it was found no invitation was forthcoming, so Fireman and citizen, alike, ran to tell his best girl he could not take her to the ball.

Nothing daunted, Firemen, citizens, and best girls tied lemon ribbon to their umbrellas, grasped a tin horn with one hand and pulled on rubbers.

For Over Fifty Years.

AN OLD AND WELL-TRIED REMEDY—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children's colic, wind, teething, with perfect success. It soothes the child, softens the gums, relaxes the bowels, cures wind colic, and is the best remedy for Diarrhoea. It is pleasant to the taste, sold by Druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

STAR VISIBLE IN THE DAY-TIME.

Venus the bright morning star is now visible in broad day light. A very pretty bright speck about 30 degrees west of the sun. The way to see it is to get in the shadow of a building, and after having noticed before sun up its location in the sky, you will have little trouble in locating it, even in broad daylight, though a dark day is best if that part of the sky be clear. Venus and the beautiful planet Saturn will be in conjunction Dec. 22 and will be closer together than the moons diameter. They may be seen in the field of the telescope both at once. Neptune invisible to the naked eye, will be very close to them also.

AUDELTON TODD.

Every Pacific Coast newspaper should do its level best to awaken the people to the needs of the Nicaragua canal. The United States can well afford the enterprise and push it to completion. Some eastern cities, the railroads and the newspapers, under the influence of these cities and railroads, may oppose it and try to weaken it in the eyes of the public but the great mass of people should be in favor of it, as it promises much to them. The Nicaragua canal by all means! The canal completed and in operation the load on the shoulders of the people will be greatly lessened.—East Oregonian.

DRAIN—NORMAL—SCHOOL NOTES.

President Barzee has been confined to the house during the past week by sickness.

Mr. Butler of Scottsburg, entered school the first of the week.

At the beginning of the second term, Rev. Stratford was added to the faculty.

Mr. Isaac VanWinkle of Salers was a guest at the boarding hall Sunday.

Prof. J. E. Love will occupy the pulpit, Sunday morning Dec. 15.

Mr. James Hanley was seen among us one day this week.

The recital by Miss Wamer's music pupils last Thursday evening, was listened to by a large and appreciative audience.

By courtesy of Hon. Binger Herman several scientific works were added to the library this week.

The paper edited by the Freshmen literary society is full of news and shows fitting enterprise.

Sunday, the Messrs Edwards enjoyed a visit from their cousin, Mr. Henderson, who was enroute for Southern Oregon.

The Washington Literary Society will discuss the subject of woman suffrage at the next meeting.

A Piano for \$40!!!

Chicago's most prominent music house, Lyon & Healy, have a number of slightly used and second-hand pianos, taken in trade, used in concerts, and in fact not brand new instruments, which they have determined to sacrifice rather than to try to make room for. These instruments comprise Square pianos at \$40, \$50, \$60, \$70, \$80, \$90, \$100, \$110, \$120, \$130, \$140, \$150, \$165, \$180, \$200, \$225, \$240 and upward. Grand pianos at \$250, \$300, \$350 and upward. Nearly all originally sold for from two to four times their present price. If almost all prominent makes (in squares and uprights) are represented, including the selection of Lyon & Healy, including, Knabe, Steinway, Weber, Decker, Steck, Fisher, etc. This is an opportunity that will not occur again, as Lyon & Healy never had so many pianos of this class before. Immediate attention is necessary. A good plan would be to order a piano, leaving the selection to Lyon & Healy. However, they will send a list and full particulars upon application. Any piano not proving satisfactory may be returned at their expense. Address: of their new salesrooms, corner Washington Avenue and Adams Street, Chicago. Distance is no obstacle in taking advantage of this remarkable chance to obtain a piano, for in proportion to the saving to be made, the freight charges are insignificant. If you do not already know them by reputation, any banker will assure you of Lyon & Healy's entire responsibility and record of over a third of a century for honorable dealing. Write to-day so as to avoid disappointment.

S. F. WEEKLY CALL.

The best paper on the Pacific coast, cost \$1.50 per annum. The weekly Call and the LEADER are worth \$3.50 per year, but you can have both papers for \$2.50 cash. This will give an immense amount of very choice reading for a little money.

A RARE BARGAIN.

160 acres of land with running water the whole year; fine fire and cedar saw timber, never culled; 20 acres cleared with some fruit trees. Will make a splendid fruit place and only 5 miles south of Cottage Grove. Will sell at a sacrifice Call at the LEADER office.

My lady looks into the mirror
And her face it glows with delight,
As she sees the vast improvement
Since she used Parks' Tea each night.
She is never tired or weary,
Her lips and her cheeks have rosy red,
Since she drank Parks' Tea each evening.
A cup full on going to bed.

Sold by J. A. Benson.

Moisture is generally supposed to be unfavorable to the keeping qualities of fruit. It hastens fermentation, especially if warmth accompanies it. Yet there have been successful experiments in keeping apples under water. This excludes the air, and if the temperature is reduced to nearly a freezing temperature there can be no decay. We remember in boyhood an apple tree which stood beside a small pond. Some of the fruit fell in the water and was frozen by ice. In came out in good condition in spring. Of course, this fruit was not bruised. A slight bruise would admit air to the inside of the apple, and this would injure its keeping qualities.

Awarded Highest Honors—World's Fair, DR.

For sale by J. A. Benson.

De Witt's Little Early Risers for biliousness, indigestion, constipation. A small pill, a prompt cure. J. P. Currin.

ADJUDGED INSANE.—Mrs. Ella M. Trotter was brought before Judge Fisk and Medical Examiners Drs. Kuykendall and Brown and examined on the charge of insanity yesterday. The charge was maintained and Sheriff Johnson accompanied by her husband, conveyed the unfortunate lady to the asylum on the local.—Eugene Register.

One Minute Cough Cure is a popular remedy for croup. Safe for children and adults. J. P. Currin.

14 MONTHS IN THE YEAR.—An Arkansas paper says in one of the mountain countries only one man took a newspaper and all the citizens for some distance around would gather to hear the news when it came. A listener one time asked what the democrats were doing in congress. "Oh," replied the reader, "they're playing the dickens over there. They've passed a law adding two months to the year, and the worst of it is they made them both winter months." "Blast their souls," said a listener, "and I'm nearly out of fodder."

Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy, she concluded to try it. She found it always gave prompt relief. It was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house."

For sale by J. A. Benson, Cottage Grove. Joe Lyons, Druggist.

Why can't Eugene put forth some effort in the way of securing some first class manufacturing enterprise the coming year? Other towns look after these things with enthusiasm. Why not Eugene. If there is a town in the valley (laying all false modesty aside) that needs manufacturing enterprises and that offers first class natural inducements its Eugene.—Eugene Register.

A cup of Parks' Tea at night cleanses the system in a pleasant but thorough manner, acts on the liver and is a great restorative of health and strength. Sold by J. A. Benson.

What a chipper young fellow Governor Morton, of New York, is becoming, to be sure! He goes to every important banquet, graces with his presence every swell wedding, drinks tea with the ladies, eats suppers with the men, and between times finds opportunity to administer satisfactory the duties of his great office. We expect to read next that he has taken General Sherman's place as kisser of all the prettiest girls he meets from time to time.—Philadelphia Inquirer.

Here are a few things to make a note of and send to your friends: J. F. Frost who came to Oregon nearly four years ago, and bought a fifteen acre farm in Polk county, which he has set out in an orchard farm, brings in three potatoes that weigh ten pounds and two turnips that weigh twenty pounds. A sample of hard yellow dent corn that yielded 40 bushels to the acre. He has built a new house, does not owe a cent and has over \$500 in the bank. He is \$1000 ahead on the four years. Mr. Frost is 72 years old, has no help but his wife who is as good a man as he is.
