A LIVING SHADOW

It will interest anyone who has ever sold by Druggists, 75c. had typhoid fever. Mr. Baker said in "I was living in Beaufort county,

and on the 2d day of October, 1893, I was stricken down with typhoid tend me, and on the 15th day of Januwas emaciated, weak and had no appetite. I could only drag along for a short distance and would be compelled position in Beaufort county and having secured one in Pitt county, clerking in a store, I undertook it, but was so weak I could not do the work and had to give it up. The disease settled in my knees, legs and feet. I was taking first one kind of medicine and then another, but nothing did me any good. I was mighty low-spirited. I moved out to Colonel Sugg's about four or five months ago and commenced taking Dr. Williams' Pills. I took three a day for about three months. I began to regain my appetite in a week's time, and then my weakness began to disappear, and hope sprang up with a blessedness that is beyond all telling. At the expiration of the three months I was entirely cured and could take my axe and go in the woods and do as good a day's work as any man. I was troubled with dyspepsia and that has disappeared. It is also a splendid tonic for weak people. I say, Mr. Editor, God bless Dr. Williams; may he live for a long time; I known he will go up yonder to reap his reward for he has done a wonderful lot of good. Tell everybody that asks

of pills with me and when ever I feel bad I take one." We are forcibly struck with the earnestness of Mr. Baker and his state-

ments may be relied on. Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female, and all diseases resulted from vitiated humors in the blood. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, (50 cents a box or six boxes for \$2.50) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

THE ABSENCE OF IT.

If there is any truth in the saying that happiness is the absence of all pain, mental and physical, the enjoyment of it can only be found in heaven. But so far as the physical is concerned, it is within easy reach; at least measurably so, as far as cure will go. The sum of human misery in this line is made up of greater or less degress of physical suffering. The minor aches and pains which afflict mankind are easy to reach and as easily cured. There are none in the whole category, which, if taken in time, cannot be cured. They must in some form afflict the nerves, the bones, the muscles and joints of the human body. They are all more or less hurtful and wasteful to the system. St. Jacobs Oil is made to cure them, to search out hidden pain spots, and to cure promptly in a true remedial and lasting way. Very, very many have not known happiness for year-till they used it, and very many are putting off cure and happiness because they don't use it. physical is concerned, it is within easy

He-My views on brin, ing up a fami y- She -Never mind your views. I'll bring up the family. You go and bring up the coal. GHOSTS ARE PALE AND SHADOWY.

Say those who profess to have interviewed them. Whether spooks are tailow-faced or not, mortals are whose blood is thin and watery in consequence of imper ect assimilation. When invalids resort to Hostetter's Stomach Bitters and use that unequaled tonic persistently, they soon "pick up" in strength, flesh and color. It should be used also to prevent malarial, memmatic and kidney complaints, and to remedy constipation, sick headache and nervousness.

Honeymoon Over-She-I don't believe you ever did truly love me. He-Great Scots, woman! I married you, dida't 1? She-Yes; that's the reason.
