

A Good Way.

Two little girls, Lily and Violet, were playing in a yard where they had strung some twine for a clothes line, and were washing their dolls' garments in a diminutive tub, and hanging them out to dry. Along came Lily's brother, Master Jack, the juvenile tease, and with one sweep of his hand jerked the whole day's washing from the line and scattered it on the grass. Lily bubbled over in tears at once. Violet was saddened, too, but the necessity of playing peacemaker in the impending family quarrel was the first thought in mind; so she said soothingly, "Never mind, Lily, let's play Jack was a high wind."—*Syracuse Herald.*

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an **incurable Lung Disease or Consumption.** **BROWN'S BRONCHIAL TROCHES** does not disorder the stomach like cough syrups and balsams, but **act directly on the inflamed parts**, allaying irritation, give relief in **Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles** which Singers and **Public Speakers** are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cents a box everywhere. 12-1-ly

Charles Darwin started out in his "Descent of Man" with a bare possibility, or worse than this, a bare conceivability, expressed by an "if." Upon this he rested a "doubtless;" and then forgetting that "if," he reared upon that "doubtless" a "must be." That is the logic of Darwinism, — a necessary truth resting upon a hypothetical certainty which depends upon an almost infinitely doubtful conceivability. It is also substantially the logic of this new criticism, which evolves its everlasting "mustbeity" out of the most shadowy "maybeity," and giveth us this in the place of God's Word. — *President Gregory.*

GREEN'S "LIFE OF GARFIELD."

The publishers are glad to announce that this long-expected work by F. M. Green is now ready. The publishers believe that in many of its features this "Life of Garfield" is superior to any similar work published. Its author was well acquainted with Mr. Garfield for nearly twenty-eight years—a time covering the entire period of his public life. He writes, therefore, from the standpoint of one who knew him as student, educator, teacher, soldier, statesman, and Christian. There are eighteen chapters. These chapters discuss in logical order the various phases of the royal life which they represent. The following are the titles of the successive chapters:

The Western Reserve.—The Foundation.—Birth and Boyhood.—The Period of Change.—The Canal and the Sea.—The Young Student.—The Hiram Teacher and Principal.—The Manhood.—Home and Family Life.—The Brightness of his Rising.—A Chapter Thrown In.—From Sun-Rising until Noon.—The Pillar of a People's Hope.—The Shot that was Heard Round the World.—From Elberon to the Grave.—The World's Sympathy and Sorrow.—The Present Estimate and the Final Conclusion.—A Tribute of Friendship.

While these chapters present the history in logical outline, yet each chapter is complete in itself. For instance, the student life of Garfield is discussed in one chapter, and not in parts of several chapters. So of his educational life and work. So of his religious faith and standing, etc., etc.
