Eola, Ga., Oct. 2, 1882.

The Recreations of School Children.

In choosing the mode of a child's recreations, it should be borne in mind that their main purpose is to restore the tone of the mind and its harmony with the physical instincts by supplying the chief deficiencies of our ordinary employment. For a hard-working blacksmith, fun, pure and simple, would be a sufficient pastime; while brain-workers need a recreation that combines amusement with physical exercise—the unloosening of the brain fiber, with the tension of the muscles. Emulation and the presence of relatives and school-mates impart to competitive gymnastics a charm which a spirited boy would not exchange for the passive pleasure of witnessing the best circus performance. Wrestling, lance-throwing, archery, base-ball, and a well-contested foot-race can awaken the enthusiasm of the Grecian palaestra; and professional gymnasts will take the same delight in the equally healthful though less dramatic trials of strength at the horizontal bar. But on the play-ground such exercises should be divested from the least appearance of being a task—even children cannot be happy on compulsion.

There is also too much in-door and in-town work about the present life of our school-boys. Encourage

their love of the woods; let us make holidays a synonym of picnic excursions, and enlarge the definition of camp-meetings; of all the known modes of inspiration, forest and air and the view of a beautiful landscape are the most inexpensive, especially from a moral standpoint, being never followed by a selenitic reaction. A ramble in the depths of a pathless forest, or on the heights of an Alpenland, between rocks and lowly mountain meadows opens well-springs of life unknown to the prisoner of the city turrets.—Dr. Felix L. Oswald.

An Extraordinary Offer.

There are a number of persons out of employment in every county, yet energetic men willing to work do not need to be. Those willing to work can make from \$100 to \$500 a month clear, working for us in a pleasant and permanent business. The amount our agents make varies, some making as high as \$500 a month, while others as low as \$100, all depending on the energy of the agent. We have an article of great merit, it should be sold to every House-owner, and pays over 100 percent profit. Each sale is from \$3.50 to \$10.00. One agent in Pennsylvania sold 32 in two days, and cleared \$64.00. An agent in New York made \$45.00 in one day. Any man with energy enough to work a full day, and will do this during the year can make from \$2,000 to \$6,000 a year. We only want one man in each county, and to him will give the exclusive sale as long as he continues to work faithfully for us. There is no competition, and nothing like our invention made. Parties having from \$200 to \$1,000 to invest, can obtain a General Agency for ten counties of a state. Any one can make an investment of from \$25 to \$1,000 without the least risk of loss, as our Circulars will show that those investing \$25 can offer a 30 days trial return the goods unsold to us and get their money back, if they do not clear at least \$100. They show that a General Agent who will take ten counties and invest \$216.00 can after a trial of 90 days return all goods unsold to us, and have money returned to them if they fail to clear at least \$750.00 in that time. We are not paying salaries, but want men willing to work and obtain as their pay the profits of their energy. Men not willing to work on our terms will not work on any. Those wanting business will receive our large descriptive circular, and extraordinary offer by enclosing a three cent stamp, with their address. The first to comply with our terms will secure the county or counties they may wish to work.

Address, BENNER MANUFACTURING CO., 118 Smithfield Street, Pittsburg, Pa. 12-31-3m

\*The great value of Mrs. Lydia E. Pinkham's Vegetable Compound for all diseases of women is demonstrated by every day experience. The writer of this had occasion to step into the principal Pharmacy of a city of 140,000 inhabitants, and on inquiry as to which is the most popular proprietary medicine of the time, was answered, that Mrs. Pinkham's Vegetable Compound occupies a most conspicuous place in the rank of all the remedies of this class now before the public.—Journal.

More than 250 of the young women at Wellesley College study chemistry. The college expects to instruct about 500 students next year.

\* \* \* Troubles often come from whence we least expect them. Yet we may often prevent or counteract them by prompt and intelligent action. Thousands of persons are constantly troubled with a combination of diseases. Diseased kidneys and costive bowels are their tormentors. They should know that Kidney-Wort acts on these organs at the same time, causing them to throw off the poisons that have clogged them, and so renewing the whole system.

PIERCE CHRISTIAN COLLEGE

FOR

MALES AND FEMALES.

THE NEXT SESSION OF THIS PROSPEROUS AND GROWING INSTITUTION WILL open on MONDAY, September 4, 1882, and close on THURSDAY, April 26, 1883.

OBJECTS.

This College was founded in 1874, for the co-education of both sexes, upon equal conditions of entrance and graduation, and has had a healthy and steady growth from the beginning. Our aim is to give a good, solid education in the various branches of a College course, upon a Christian basis, and thus to prepare students for the practical and beautiful pursuits of life, and for honorable citizenship.

LOCATION.

The College Buildings, consisting of two substantial brick edifices, stand upon a campus of ten acres in the pleasant village of College City, in the southern part of Colusa County. The town is pleasantly located in a beautiful, retired and healthful spot, in the midst of a moral, cultivated and enterprising community, and is easily accessible from any direction. It is three miles east of Arbuckle, a town on the Northern Railway, with which it is connected by a daily stage-line. The scenery around is inspiring. To the north rise the stately forms of Mount Shasta, the snowy peaks of Lassen, and the picturesque Buttes; on the east wind the blue waters of the Sacramento, and stretch away in the distance the pine-clad walls and snowy domes of the Sierras; while on the west lie Snow Mountain and the purple hills of the Coast Range.

COURSE OF STUDY.

Two complete Courses of Study, the Classical and the Scientific, have been arranged, embracing together Mathematics, Ancient and Modern Languages, English, Science, Art, Music, Bible, Book-keeping, Theory and Practice of Teaching, History, etc., and students, by the advice and consent of the Faculty, can pursue these studies shown to be most advantageous to them. After the close of the Regular Session a Normal class will be formed and taught by two of the Professors for the benefit of those who desire to pass examination before some County Board for Teachers' certificates.

INDUCEMENTS.

To those who have sons, daughters or wards to educate, we can offer rare advantages and strong inducements to send to this School, viz.:

- 1. A quiet and orderly College Town, with no Saloon, Drinking-place or Gambling-house within three miles of the buildings. Your sons are here free from these temptations to crime.
2. An able, experienced and enthusiastic Faculty.
3. Complete Course of Study, with thorough instruction.
4. The advantage of Normal training.
5. Low Rates of Tuition and Moderate Expenses. Our charges are lower than those of any other School of like grade on the Coast, and young men and women who have to educate themselves, will here find rare opportunities to carry out their noble purposes.

EXPENSES.

Table with 2 columns: Expense Item, Amount. Tuition in Collegiate Department, per term \$25 00; Preparatory, first grade 22 50; second grade 20 00; Primary 10 00; Instrumental Music, per month 6 00; Use of Instrument 2 00; Vocalization 8 00; Drawing and Painting 6 00; Modern Languages, per term 10 00; Board, per week 4 00.

All tuition must be paid in advance. Penmanship at teacher's price. No janitor's fees or extra charges.

For Catalogue or further particulars, address J. C. KEITH, President, College City, Cal.
