Five years established and never known to fail in a single case, acute or chronic. Refer to all prominent physicians and druggists for the standing of Salicylica.

SECRET.

The only dissolver of the poisonous uric acid which exists in the blood of rheumatic and gouty patients.

Salicylica is known as a common-sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.

It has been conceded by eminent scientists that outward applications, such as rubbing with oils, liniments, and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.

Salicylica works with marvelous effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe. Highest Medical Academy of Paris reports 95 per cent cures in three days.

REMEMBER

that Salicylica is a certain cure for Rheumatism, Gout and Neuralgia. The most intense pains are subdued almost instantly.

Give it a trial. Relief guaranteed or money refunded.

PATENTS.
CAN I OBTAIN A PATENT?

Send a rough sketch or (if you can) a model of your invention to **GEORGE E. LEMON, Washington, D. C.**, and a Preliminary Examination will be made of all United States patents of the same class of inventions and you will be advised whether or not a patent can be obtained.

FOR THIS PRELIMINARY EXAMINATION NO CHARGE IS MADE.

What will a Patent Cost?

If you are advised that your invention is patentable, send \$20 to pay Government application fee of \$15, and \$5 for the drawings required by the Government. This is payable when application is made, and is all of the expense unless a patent is allowed. When allowed, the attorney's fee (\$25) and the final Government fee (\$20) is payable. Thus you know beforehand, for nothing, whether you are going to get a patent or not, and no attorney's fee is charged unless you do get a Patent. An attorney whose fee depends on his success in obtaining a Patent will not advise you that your invention is patentable, unless it really is patentable, so far as his judgment can aid in determining the question; hence, you can rely on the advice given after a preliminary examination is had. **Design Patents and Re-issues secured. Inventions prepared and filed. Applications in review of Rejected, Abandoned, or Forfeited Cases made.** Very often valuable inventions are saved in these classes of cases. If you have undertaken to secure your own patent and failed, a skillful handling of the case may lead to success. Send me a written request addressed to the Commissioner of Patents that he recognize **GEORGE E. LEMON, of Washington, D. C.**, as your attorney in the case, giving the title of the invention and about the date of filing your application. An examination and report will cost you nothing. Searches made for title to inventions, in fact any information relating to Patents promptly furnished. Copies of Patents mailed at the regular Government rates, (25c, each.) Remember this office has been in successful operation since 1865, and you therefore reap the benefits of experience, besides reference can be given to actual clients in almost every county in the U. S. Pamphlet relating to Patents free upon request.
