To the Women of the United States!

Dear Sisters:

For three years past, we have been publishing the Anti Polygamy Standard, a monthly journal devoted to the object of suppressing polygamy in Utah and other Territories of the United States. During this period we have labored under many disadvantages in not having printing material and presses of our own, yet in spite of many discouragements and obstacles, working right in the heart of the enemy's camp, we believe, we have succeeded in arousing public opinion throughout the country, against the monster iniquity of the Mormon Church, and the dangers which menaces the Republic in the constant spread of this Mire enemy to the unity and purity of home. This labor we desire to centinue until that vicious doctrine is completely exterminated, and the women now held in such revolting chains, be loosed form their shackles.

To enble us to accomplish this end, we desire to place the Standard upon a more permanent footing, by purchasing such material as is necessary to conduct the business of the paper, and without which, it cannot be carried on successfully.

You will understand the urgent necessity of maintaining the paper, when we tell you it is the only medium by which we can make our influence felt with the people of the United States, from whom the remedy for the evil is to be obtained. Until the people are fully educated to the importance of dealing with Polygamy, Congress will never enact any adequate laws for its suppression.

In addition to its main object, the Standard will be an organ for the local Temperance and Benevolent Organizations, will also devote considerable attention to the educational interests of the Territory, and will aim in every number to furnish something that will tend to elevate and Christianize the homes of Utah.

We now appeal to all friends of morality and progress, and to lovers of American Institutions, to aid us as liberally as they can, both by making donations to the printing fund and sending subscritions for the paper, which is only One Dallar a year. We want to raise outside of Utah, about \$1,500, the balance needed, will be furnished by the Gentiles here, who have already been taxed far beyond their means, in maintaining this unequal conflict for so many years. We trust, dear By druggists.

Sisters; you will respond to our appeal at once, and let your individual amounts be ever so small, remember our object is, that the breaking of women hearts, and the destruction of the purity of homes might be made to cease. All communications to be addressed to the Secretary of the STANDARD PUBLISHING COMPANY, Box 453, Salt Lake City, Utah, who will send receipts for all amounts received. We remain,

> Cordially Yours, Mrs. Sarah A. Cook

President.

MRS. JENNIE A. FROISETH,

Secretary.

I commend this good work to all those to whom this appeal may come. A work greater than any elsewhere, is to be done here. Help to do it. ELI H. MURRAY,

Governor of Utah.

We heartily join Gov. Murray in endorsing this appeal, the object is one which all Christian people should aid:

Arthur L. Thomas, Secretary of Utah Territory; Thes. W. Lincoln, Principal, Salt Lake Seminary, M. E. Church; D. J. McMillan, Supt. Presbyterian Schools and Missions; G. D. B. Miller, Head Master, St. Mark's Episcopal School; D. L. Leonard, Supt. Congregational Home Missions; L. Scanlan, Rector of St. Mary's Church, Salt Lake City; Thomas C. Iliff; Supt. Missions Methodist Episcopal Church, Utah; Dwight Spencer, General Missionary af A. B. H. M. Society

GENUINE TEACHERS NEVER FOR-GOTTEN.-It was Commencement day; the graduates were receiving the congratulations of their friends, when the Professor overheard the remark: "There goes the old Professor it is the last we shall see of him and his musty old papers." Sadness filled his heart, and he said afterward to a friend, "I have worked faithfully for the boys, and often thought that they loved me, but they will forget me in a month.,, The Professor was wrong; his own recollections should have taught him better, for genuine teachers are never forgotten, and love for them increases with the flight of years .-

Our Progress.

As stages are quickly abandoned with the completion of railroads, so the huge, drastic, cathartic, pills, composed of crude and bulky medicines, are quickly abandoned with the introduction of Dr. Pierce's "Pleasant Pargative Pellets" which are sugar-coated, and a little larer than mustard seeds, but composed of highly concentrated vegetable extracts.

LOCATION.

Monmouth, the seat of Christian College, is a village of about 400 inhabitants, noted for their morality and devotion to the cause of education. The Oregonian Railway passes through the middle of the town, giving daily connection with Portland, and affording the means for easy travel and rapid freights. In addition to a passenger depot in the middle of town, the O. & C. R. R. passes through Independence, two miles away, and the steamers plying the Willamette land there also; making Monmouth one of the most easy towns of access in the State. Parents who desire to place their children under good educational advantages, where they shall be free from the intemperance and immorality prevalent in the larger towns, will find in Monmouth just what they desire in these respects. It is a school town, built up for this purpose, and all other interests center in this one. Hence its superiority for educational purposes.

ADVANTAGES.

The Faculty is the most important element to the successful working of any institution of learning. The Board of Trustees have sought to put in the various chairs of Christian College men of marked ability, of established success in their respective departments, and who are just in the maturity of life. At the hands of these men they expect to see Christian College among

the most honored institutions of the land.

Building.—Only one wing of the new brick College building has been completed, and this is being remodeled and greatly improved this year. It contains three working stories of large, airy and well lighted rooms, used for study and recitation. The old College building adjoining has been thoroughly overhauled and converted into a pleasant and commodious chapel.

Apparatus sufficient for ordinary purposes of illustration, is now provided, and additions will be made from time to time. The Library contains a few volumes of interest, and new volumes of value will be added as fast as the means at our command will allow.

DISTINCTIVE FEATURES.

The features of Christian College to which we especially invite attention, as distinctive of our

Christian Morality.—The Bible is read every day and lectures calculated to impress its morality are given, and with the Bible as a basis, the effort to impress the highest Christian morality as the guiding principle in the lives of our students. Dogmatism and Sectarianism are carefully avoided. We ignore all religious or political divisions, and encourage great freedom of thought, and aim to stand on that high plane where Protestant or Catholic, Democrat or Republican, can meet on one common level.

Practical Education.—The great demand of the times is for men of action. An institution of learning to meet the needs of the people, should not only impart instruction, but along with the knowledge gained, give students the power to use it to advantage for themselves and others. The idea of Christian College is, that the finest mental culture and the greatest benefit may be obtained by the study of those things that will fit young men and women to at once enter some pursuit or business, and carry it forward successfully. Instead of those branches that are simply ornamental, we prefer those that are useful, and we invite comparison and criticism on our work. Our aim is to graduate young men and women so that they may at once enter upon the pursuits of life. the pursuits of life.

DEPARTMENTS.

MATHEMATICS.—The Course of Study in this department is very full. The various branches are taught from a practical standpoint, with a view to the application of each principal to such affairs as people meet with in life and desire to understand.

ENGLISH LANGUAGE AND LITERATURE.—A ready command of our own tongue, with an accurate knowledge of its history and authors, is one of the most important acquisitions. No other accomplishment can supply the want of this. It can only be acquired by a thorough study of English. In Christian College the course of English extends through four years and we consider this one of our most valuable features.

Sciences.—The rapid advance made in the various departments of Science and the rapid succession of discoveries of new principles and applications, constitute one of the wonders of the age. No man can claim to be educated who is not conversant with the present advanced stage of Science. Very thorough work is made of all these, assisted by the use of the apparatus at our command. Sufficient time is allowed for a comprehensive understanding of the great principles of each science.

ANGIENT LANGUAGES.—By pursuing the best methods, the progress in acquiring a knowledge of the Geeck and Latin languages, is rapid. We have dropped several authors that are frequently read in Colleges, with a view to doing better work in those that are read, and to give more time for the pursuit of the course in English and the Sciences. Experience has demonstrated that both better linguists and scientists result from this course.

BIBLICAL LUTERATURE AND EXEGESIS.—This department was organized in Christian College

for the first time with the opening of the present session. The object is to study the Sacred Scriptures analytically and critically, with contemporaneous profane history, and evidences of Christianity. Methods of sermonizing, pulpit oratory, methods in revival meetings and the care of churches, are all carefully investigated. It is this department that the Christian brotherhood, as a body, are particularly interested in. The interest of the church is carefully considered in this, while all other departments are wholly free from any religious discussions, except the uniformly recognized principles of Christian morality.

COMMERCIAL DEPARTMENT.

Every facility is here afforded for fitting young persons to successfully carry on any kind of business. The best authors are studied on the various subjects, and such practical tests are made as will insure thoroughness on the part of the student.
