

CHRISTIAN COLLEGE,

Monmouth, Oregon.

FACULTY:

D. T. STANLEY, A. M., PRESIDENT,
Professor Mental and Moral Sciences, English and Biblical Literature.

W. E. YATES, A. M.,
Professor Greek, Latin and German Languages.

J. M. POWELL, A. M.,
Professor Mathematics and Physical Sciences.

MRS. M. B. STANLEY,
Principal Primary Department.

MISS RETTA RASH,
Teacher of Instrumental Music.

MISS E. McFADDEN,
Teacher of Painting and Drawing.

W. E. YATES, A. M.,
Secretary of the Faculty.

Such Assistants as are needed will be engaged as the session advances.

LOCATION.

Monmouth, the seat of Christian College, is a village of about 400 inhabitants, noted for their morality and devotion to the cause of education. The Oregonian Railway passes through the middle of the town, giving daily connection with Portland, and affording the means for easy travel and rapid freights. In addition to a passenger depot in the middle of town, the O. & C. R. R. passes through Independence, two miles away, and the steamers plying the Willamette land there also; making Monmouth one of the most easy towns of access in the State. Parents who desire to place their children under good educational advantages, where they shall be free from the intemperance and immorality prevalent in the larger towns, will find in Monmouth just what they desire in these respects. It is a school town, built up for this purpose; and all other interests center in this one. Hence its superiority for educational purposes.

ADVANTAGES.

The Faculty is the most important element to the successful working of any institution of learning. The Board of Trustees have sought to put in the various chairs of Christian College men of marked ability, of established success in their respective departments, and who are just in the maturity of life. At the hands of these men they expect to see Christian College among the most honored institutions of the land.

BUILDING.—Only one wing of the new brick College building has been completed, and this is being remodeled and greatly improved this year. It contains three working stories of large, airy and well lighted rooms, used for study and recitation. The old College building adjoining has been thoroughly overhauled and converted into a pleasant and commodious chapel.

Apparatus sufficient for ordinary purposes of illustration, is now provided, and additions will be made from time to time. The Library contains a few volumes of interest, and new volumes of value will be added as fast as the means at our command will allow.

DISTINCTIVE FEATURES.

The features of Christian College to which we especially invite attention, as distinctive of our work are as follows:

CHRISTIAN MORALITY.—The Bible is read every day and lectures calculated to impress its morality are given, and with the Bible as a basis, the effort to impress the highest Christian morality as the guiding principle in the lives of our students. Dogmatism and Sectarianism are carefully avoided. We ignore all religious or political divisions, and encourage great freedom of thought, and aim to stand on that high plane where Protestant or Catholic, Democrat or Republican, can meet on one common level.

PRACTICAL EDUCATION.—The great demand of the times is for men of action. An institution of learning to meet the needs of the people, should not only impart instruction, but along with the knowledge gained, give students the power to use it to advantage for themselves and others.

The idea of Christian College is, that the finest mental culture and the greatest benefit may be obtained by the study of those things that will fit young men and women to at once enter some pursuit or business, and carry it forward successfully. Instead of those branches that are simply ornamental, we prefer those that are useful, and we invite comparison and criticism on our work. Our aim is to graduate young men and women so that they may at once enter upon the pursuits of life.

DEPARTMENTS.

MATHEMATICS.—The Course of Study in this department is very full. The various branches are taught from a practical standpoint, with a view to the application of each principal to such affairs as people meet with in life and desire to understand.

ENGLISH LANGUAGE AND LITERATURE.—A ready command of our own tongue, with an accurate knowledge of its history and authors, is one of the most important acquisitions. No other accomplishment can supply the want of this. It can only be acquired by a thorough study of English. In Christian College the course of English extends through four years and we consider this one of our most valuable features.

SCIENCES.—The rapid advance made in the various departments of Science and the rapid succession of discoveries of new principles and applications, constitute one of the wonders of the age. No man can claim to be educated who is not conversant with the present advanced stage of Science. Very thorough work is made of all these, assisted by the use of the apparatus at our command. Sufficient time is allowed for a comprehensive understanding of the great principles of each science.

ANCIENT LANGUAGES.—By pursuing the best methods, the progress in acquiring a knowledge of the Greek and Latin languages, is rapid. We have dropped several authors that are frequently read in Colleges, with a view to doing better work in those that are read, and to give more time for the pursuit of the course in English and the Sciences. Experience has demonstrated that both better linguists and scientists result from this course.

BIBLICAL LITERATURE AND EXEGESIS.—This department was organized in Christian College for the first time with the opening of the present session. The object is to study the Sacred Scriptures analytically and critically, with contemporaneous profane history, and evidences of Christianity. Methods of sermonizing, pulpit oratory, methods in revival meetings and the care of churches, are all carefully investigated. It is this department that the Christian brotherhood, as a body, are particularly interested in. The interest of the church is carefully considered in this, while all other departments are wholly free from any religious discussions, except the uniformly recognized principles of Christian morality.

COMMERCIAL DEPARTMENT.

Every facility is here afforded for fitting young persons to successfully carry on any kind of business. The best authors are studied on the various subjects, and such practical tests are made as will insure thoroughness on the part of the student.

For Course of Study and other information send for Catalogue. Address
D. T. STANLEY, A. M., PRESIDENT,

tion. This is the most promising field of labor. Every church should hold monthly temperance meetings, where suitable and practical lectures and essays should be read, and measures taken to more thoroughly work up a strong prohibition sentiment. Who will follow in this good work, we will lead. Ere this reaches our readers we will have held a Temperance Massmeeting, and appointed a time for a second one. We want to hear from preachers and editors about this matter. It will succeed, if we will work. The legislatures of Vermont, Michigan and New Hampshire have passed laws placing the study of the effects of alcohol on the human system in the list of common school subjects.

HAVE FAITH IN IT.—It is a trite remark that if we are to succeed in anything we must have faith in it and in what we are doing to promote it, and yet it is one that is frequently forgotten. There are hundreds of people connected with religious causes and undertakings who do not believe in them or in their own efforts in their behalf, but under the feeling that it is a "duty," or that it is traditionally required of them, they go on at the perfunctory doing of what they do not care for. They sow without expecting to reap. It is unsatisfactory service, of course, but it is fruitless as well. If a man preach the Gospel he must believe it is the "power of God unto salvation to every one that believeth" if he secure any good result from it. His heart needs to go along with his utterance. And if one work in the Sabbath-school, prayer-meeting, or in any benevolent enterprise, he must have a faith equal to his energy, and superior to them, if he accomplish real good. What is thus true of those who work is no less true of those who worship. The man in the pew must be a man of faith. If he is not his devotion will go for nothing. His heart, if it deny the power of the Gospel to save and sanctify, instead of profiting, will suffer by the very means that, rightly used, will provide for it inestimable blessing.—United Presbyterian.

Decline of Man.

Impotency of mind, limb or vital function, nervous weakness, sexual debility, etc., cured by WORLE'S DISPENSARY MEDICAL ASSOCIATION, Buffalo N. Y. Address, with two stamps, for pamphlet.

Loss and Gain.
CHAPTER I.
"I was taken sick a year ago with bilious fever."
"My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides, and I got so bad I could not move!
I shrunk!
From 223 lbs to 120! I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains all left me, my entire system seemed renewed as if by magic, and, after using several bottles, I am not only as sound as a sovereign, but weigh more than I did before. To Hop Bitters I owe my life."
Dublin, June 6, '81. R. FITZPATRICK.

CHAPTER II.
"Malden, Mass., Feb. 1, 1880. Gentlemen—
I suffered with attacks of sick-headache. Neuralgia, female trouble, for years, in the most terrible and excruciating manner.
No medicine or doctor could give me relief or cure until I used Hop Bitters.
"The first bottle
Nearly cured me;
The second made me as well and strong as when a child.
And I have been so to this day."
My husband was an invalid for twenty years with a serious
Kidney, liver, and urinary complaint. Pronounced by Boston's best physicians—
"Incurable."
Seven bottles of your bitters cured him, and I know of the
"Lives of eight persons"
In my neighborhood that have been saved by your bitters.
And many more are using them with great benefit.
"They almost
Do miracles!"—Mrs. E. D. Slack.

How to Get Sick.—Expose yourself day and night; eat too rich without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised, and then you will want to know how to get well, which is answered in three words—Take Hop Bitters!

TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Erection of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work and are a perfect **ANTIDOTE TO MALARIA.**
Sold everywhere, 25c. Office, 44 Murray St., N. Y.

TUTT'S HAIR DYE.

GRAY HAIR OR WHISKERS changed instantly to a GLOSSY BLACK by a single application of this DYE. Sold by Druggists or sent by express on receipt of \$1.
Office, 44 Murray Street, New York.
TUTT'S MANUAL OF USEFUL RECEIPTS FREE
