

BOOK TABLE.

[Under this head we will be pleased to give editorial reviews of all books and tracts of interest that may be sent to this office.]

The November issue of DIO LEWIS'S MONTHLY is much increased in size, and superior to any previous number. It is admirable as a whole and in detail. "Inebriety among Women," by Dr. Lucy M. Hall, Physician of the great Woman's Prison at Sherborn, Mass., is a thoughtful discussion of the causes and results of intemperance among women. Elihu Barbour, of Kansas, discusses the outcome of obedience to Mr. Greeley's injunction, "Young men, go West." "Employers and Employed," by Mrs. Sarah K. Bolton, is a happy and instructive discussion of this important relation in human life as seen throughout Europe and our own country. "Beautiful Hands," by Fanchon, will delight all women who are ambitious of personal charms. "The Old-Fashioned Home," by Rev. Dr. Fulton, is a hearty plea for genuine love and honest life. Helen M. Loder reviews with spirit and pluck, "Our Young Women," by Dr. Howard Crosby, which appeared in a previous number of this magazine. "Dear Sir," by President Lee, of the Agricultural College, Miss., is an attack upon an old-fashioned absurdity. Lillie Devereux Blake gives us one of her charming, touching stories in "One Thanksgiving Eve." "On The Rights and Wrongs of Doubting," by Rev. Dr. Hopkins, President of Auburn Theological Seminary, will surprise many people who know the reputation for solid orthodoxy of Dr. Hopkins and his institution. FRANK SEAMAN, Publisher, 69-71 Bible House, New York.

THE MANUFACTURE OF CABINET ORGANS.—Daniel F. Beatty, proprietor of the famous Beatty Organ Manufactory, at Washington, N. J., was recently at the Fifth Avenue Hotel. To a TRIBUNE reporter he gave some facts as to the growth in the cabinet organ business. "Any information that I can give you," he said "must necessarily be personal and relating more to my particular business, but to that you are welcome. On October 9, 1879, ground was broken for my factory at Washington, N. J., which was completed and occupied by January 1, 1880. An acre of land was attached. The monthly sale of organs then averaged about 150. To-day we have thirteen acres of land, well-nigh covered with buildings and lumber, and the monthly shipments reach 2,000 organs, apart from the sale of pianos. Upward of 1,000,000 feet of choice woods are kept constantly in stock, 200,000 feet being required each month for merely boxing instruments. Our orders come from all parts of this country, from South America, England, the Continent and Australia. In the factory we employ 500 men. You may judge of the demand for cabinet organs by the fact that an organ is made by us every ten minutes. "Realizing the immense profits made by the middlemen, I determined to have no agents, but to sell directly to the people, thus enabling them to purchase at a low price. Take

for instance, our Beethoven organ, of which 25,000 have been sold. It has twenty-seven stops and ten sets of reeds, is handsomely cased in ash, black walnut or manogany, and sells for \$125. It is impossible for a manufacturer employing agents to make this organ for less than \$300. Extensive advertising has helped to increase the trade." Mr. Beatty in eight years has amassed a large fortune. He is thirty-five years old, and a bachelor. His fellow-townsmen have elected him to the office of Mayor for five successive years.

For a cough or cold there is no remedy equal to Ammen's Cough Syrup.

IT IS ASTONISHING!

Just Think of it! More than Seven Thousand Bottles of Ammen's Cough Syrup have been Sold at Retail in the City of San Jose, California, within the Last Two Years.

Does not that prove that those who have used it buy it again, and recommend it to their friends, and that is what we claim for it—the best remedy in the world for a cold or cough—and that it is rapidly becoming known and appreciated, in spite of opposition from the doctors and druggists? And this immense sale has been created without any humbug advertising, or publishing testimonials. It has come to our knowledge that certain physicians and druggists work against and try to injure the reputation of this medicine. If a druggist, he wants to sell you something he makes himself at the expense of a few cents, or some patent medicine upon which there is a larger profit; if a physician, he wishes you to come to him and pay for a prescription, instead of buying a bottle of Ammen's Cough Syrup. Now, the simple facts in the case are, that we honestly believe we have the best remedy in the world for colds, coughs and lung complaints. And we hereby make this offer: We will pay \$1,000.00 in gold coin to any physician, or Board of physicians, to any druggist, or combination of druggists, who will furnish us a prescription superior as an efficacious and safe family remedy. In other words, and to put the offer so plain that can mistake, we challenge the world to produce or invent a superior remedy to Ammen's Cough Syrup. Ask your druggist or dealer for it; don't suffer yourself to be fooled, or persuaded to try something else; try it yourself, then you will know just what it is, and can tell your friends of it. It for sale by all the larger drug-and dealers on the Pacific Coast and everywhere.

Mr. J. W. Thomas informs us in *The Continent* that Hawthorne, Whittier and Bryant are practically unknown in Germany, and that the most read American authors there are Cooper, Longfellow, Irving, Mrs. Stowe, Eggleston, Poe, Mark Twain and Bret Harte. Bret Harte popular and Hawthorne unknown! Such is fame.

If you are bilious, take Dr. Pierce's "Pleasant Purgative Pellets," the original "Little Liver Pills." Of all druggists.

ROYAL

BAKING POWDER
 Absolutely Pure.

This powder never varies. A marvel purity strength and wholesomeness. More economical than the ordinary kinds, and can not be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 12-8-1y 106 Wall St., New York.

AYER'S
Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs; none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.
 HORACE FAIRBROTHER,
 Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,
 MRS. EMMA GEDNEY,
 159 West 128th St., New York, May 10, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried.
 A. J. CRANE,
 Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL.
 JOSEPH WALDEN,
 Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles.
 F. BRAGDON,
 Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.
 Sold by all Druggists.

\$5 to \$20 per day at home. Samples worth \$5 free. Address BRINSON & Co., Portland, Me.
