Died, in Salem, of scarlet fever, Dec. 30, 1883, Charley Bailey, aged two years, one month and one day.

Also, Jan. 3, 1884, Guy Bailey, aged five months and twenty-four days. Both children of Mr. and Mrs. E. C. and A. D. Bailey.

J. W. Spriggs.

Mariah Vancurin, an old soldier of the cross, departed this life Dec. 16, 1883, aged 67 years. She died at the residence of her son-in-law, Bro. S. Chace, in Whitman county, W. T., after an illness of ten days. She had served her Master 14 years when she fell asleep. Had buried a Christian husband seven years ago. She was the mother of nine children, six of whom had passed over the river before her, the other three are left to mourn their loss. "Not for the pious dead we weep," &c. A memorial discourse was preached by the writer on the 17th inst. We may truly say

"Time is winging us away,
To our eternal home;
Life is but a winter's day,
A journey to the tomb."

The Four Stages of Disease.

Few people but will realize the startling truths shown in the engravings accompanying the advertisement of Rev. T. P. Childs in this number of the CHRISTIAN HERALD.

Nearly every family in the land has friends or near and dear relatives who have passed through every stage of disease as described in the engravings—how true to life—how fearfully suggestive of the dangers that may result from careless exposure—how carefully we should heed those warning Coughs and Colds—how fearful are the unseen dangers that surround us on every side, a slight cold or cough neglected may bring untold miseries; Catarrh, Bronchitis, Consumption, with death in the near future. Take care of the first symptoms is the lesson read from the pictures, delay may mean death.

To many it will be a matter of surprise that Catarrh is very frequently mistaken for Consumption, the symptoms in each being much alike, especially in the earlier stages. No one who recognizes in his own system, or who has friends or relatives with any of the symptoms so accurately described, should fail to send a statement of the case to Mr. Childs. There may be hope even in very desperate cases.

The discovery of his cure for Catarrh and diseases of the Throat and Lungs, has attracted great attention. Leading men everywhere, publicly state that Child's treatment has cured them or their families of Catarrh or Throat or Lung difficulties—among them clergymen, physicians, lawyers, merchants, bankers and business men. All who have personally investigated the facts, are satisfied that Mr. Childs has discovered a certain, positive and permanent cure for these diseases, that when properly used never fails even in the most desperate cases. Catarrh is generally

many years in gaining a foothold in the system, and attacks so many parts of the body that it can not be cured by any one remedy or by a single application. It requires remedies that will meet the disease wherever it is located, and fight it inch by inch until a complete victory has been obtained. Rev. T. P. Childs has treated and cured thousands at their own homes never having seen them. In a thoroughly honorable and characteristic manner he publishes the names and addresses of some he has cured, that any who desire may inquire of the patients themselves what Child's treatment has done for them.

The following from other Publishers has given us every Confidence in Recommending Mr. Childs to our Subscribers.

"The publishers and editors of *The Journal and Messenger*, Cincinnati, have known Rev. T. P. Childs for many years, and feel every confidence in any statements he may make. Our subscribers can feel every confidence in giving their cases into his hands for treatment."

"While not supposing that all cases of Catarrh will be cured by the prescription advertised, the publishers of the *Illustrated Christian Weekly*, of New York, after diligent inquiry, have reason to believe that it has, in many cases, proved effectual." "The publishers of *The Congregationalist*, of Boston, with multitudes of other people, are somewhat suspicious of patent medicines as a rule, and when we received the advertisement of Mr. Childs, we at first declined its insertion; but on making inquiry, we received such satisfactory replies, and one especially from a well known Congregational pastor not far from Rev. Mr. Childs, the proprietor of the medicine, that we withdrew our objections." "The publisher of *The St. Louis Christian Advocate*, after careful investigation, are satisfied that Rev. T. P. Child's treatment for the head, throat and lungs is all that it is represented to be."

None need feel any hesitancy in placing their case in Mr. Child's hands for treatment. We would call especial attention to the advertisement, and request a careful perusal of the facts as set forth.

Many who do not receive our paper would doubtless be very thankful, should our readers call the attention of such to the advertisement of Mr. Childs. Catarrh and Consumption are the twin enemies of the race, and any means of relief is a heaven sent blessing. Child's treatment may be relied on as an effective and certain cure for Nasal Catarrh, Bronchitis and all diseases of the Throat and Lungs, and you may recommend it to your friends with every confidence.

My Wife's Nervous Affection.

"We had ceased to hope that my wife's nervous affection could be cured," writes Rev. J. A. Edie, of Beaver, Pa. "Many physicians failed to do her good, but Samaritan Nervine has cured her." At Druggists.

With men, the heart is known by our words; with God, our words are weighed by our hearts.

LOOK OUT FOR THE VOICE.—You often hear girls and boys say words when they are vexed that sound as if made up of a snarl, a whine, and a bark. Such a voice often expresses more than the heart feels. Often, even in mirth, one gets a voice or tone that is sharp, and it sticks to him through life.

Such persons get a sharp voice for home use, and keep their best voice for those they meet elsewhere. I would say to all boys and girls, "Use your guest voice at home." Watch it day by day, as a pearl of great price, for it will be worth more to you than the best pearl in the sea. A kind voice is a lark's song to a heart and home. Train it to sweet tones now and it will keep in tune through life.—*Child's Guide*.

One of the most significant words connected with moral obligation is *now*. The little word of three letters is strongly emphasized in the Scriptures. The duty of serving the Lord is always present, never past or absent. The poet Tupper well says: "Now is the constant syllable from the clock of time; now is the watchword of the wise; now is on the banner of the prudent." God demands of us our hearts, our service, our all *now*. Let every one do *now* what his hands find to do. We have no promise of to-morrow.—*Intelligencer*.

Sick and bilious headache and all derangements of Stomach and bowels, cured by Dr. Pierce's "Pellets"—or antibilious granules. 25 cents a vial. No cheap boxes to allow waste of virtues. By druggists.

The *Herald* claims that the growth of the population of Los Angeles is repeating the example of Kansas City in the decade between 1860 and 1870, and is more than distancing Denver in the decade between 1870 and 1880.

Two-thirds of a Bottle Cures.

Dr. R. V. Pierce, Buffalo, N. Y.: Dear Sir—I have been taking your "Favorite Prescription" for "female weakness." Before I had taken it two days I began to feel stronger. I have taken but two-thirds of a bottle and believe I am cured. Gratefully, Mrs. H. C. Lovett, Watseka, Ill.

Cincinnati has a saloon for every 84 men, women and children of its population.

This powder never varies. A marvel purity, strength and wholesomeness. More economical than the ordinary kinds, and can not be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 128-130 Wall St., New York.

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882.

"Gentlemen: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the enclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. Phillips."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882. Yours gratefully, HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blisters, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.
