Next PCFD chief will be more manager-oriented

INDEPENDENCE — Polk County Fire District No. 1 will have a new fire chief on July 1 who will be more like a CEO, or manager, said Joost Vanderhave, PCFD board of directors chairman.

"We're not looking for a working foreman," he said at Thursday's board meeting. "He's not going to climb ladders. He should be fit enough to do those things, but he should be the one who manages.

Interim Chief John Stein said it can be confusing to people when a fire chief gets on an apparatus, and recommended the next chief be more of a manager.

Emergency Services Consulting International will lead the search for Polk County Fire's new chief. Vanderhave said the cost estimate for the search is between \$10,000 and \$15,000.

The district has half of that money already in its 2014-15 budget. The other half will have to come from 2015-16, or be redistributed from another source.

The company was chosen

helping emergency departments with hiring officers, Vanderhave said. Also, ESCI will cast a "larger net" to search for applicants.

"This group, this organization, will interview the community," he said. "They will do an extensive search and establish a template."

The exact requirements for the new chief will be ironed out between ESCI and the fire board at a 3 p.m. meeting on Jan. 22.

"That's when they'll identify those qualifications," Stein said.

Questions the board will have to answer about the new chief include: what level of certifications should he or she hold in fire and emergency medical services, and what level of education will he or she need to have.

Also at Thursday's meetbecause it specializes in ing, Stein, whose contract as

interim chief will expire June 30, submitted four proposals for Buena Vista Station 40. Board members will review the proposals and discuss Station 40's future at the Feb. 12 meeting.

The proposals include: • Parking the fire district's rehab trailer next to the station for a volunteer to live in temporarily. The person would ideally try and recruit more volunteers in the community and improve response time from Station 40.

 Place student volunteers as residents of Station 40. This would present some problems, particularly with time available and lack of direct supervision from an officer or experienced firefighter.

 Apply for a SAFER grant for six full-time firefighters for a two-year period for Station 40. The drawback would be finding money to support the additional positions once the grant ran out after two years. Either the positions would have to be cut, or a levy would have to be approved by voters.

 Close Station 40. Either use it as storage or sell it to someone who may want to use it as a small repair shop, manufacturing facility or

council approved having

Phone and Internet Discounts Available to CenturyLink Customers

The Oregon Public Utility Commission designated CenturyLink as an Eligible Telecommunications Carrier within its service area for universal service purposes. CenturyLink's basic local service rates for residential voice lines are \$12.80-\$14.80 per month and business services are \$26.00-\$30.50 per month. Specific rates will be provided upon request.

CenturyLink participates in a government benefit program (Lifeline) to make residential telephone service more affordable to eligible low-income individuals and families. Eligible customers are those that meet eligibility standards as defined by the FCC and state commissions. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal benefits if they participate in certain additional federal eligibility programs. The Lifeline discount is available for only one telephone per household, which can be either a wireline or wireless telephone. A household is defined for the purposes of the Lifeline program as any individual or group of individuals who live together at the same address and share income and expenses. Lifeline service is not transferable, and only eligible consumers may enroll in the program. Consumers who willfully make false statements in order to obtain Lifeline telephone service can be punished by fine or imprisonment and can be barred from the program.

Lifeline eligible subscribers may also qualify for reliable home high-speed Internet service up to 1.5Mbps for \$9.95* per month for the first 12 months of service. Please call 1-866-541-3330 or visit centurylink.com/internetbasics for more information.

If you live in a CenturyLink service area, please call 1-888-833-9522 or visit centurylink.com/lifeline with questions or to request an application for the Lifeline program.

*CenturyLink Internet Basics Program - Residential customers only who qualify based on meeting income level or program participation eligibility requirements, and requires remaining eligible for the entire offer period. First bill will include charges for the \first full month of service billed in advance, prorated charges for service from the date of installation to bill date, and one-time charges and fees described above. Qualifying customers may keep this program for a maximum of 60 months after service activation provided customer still qualifies during that time. Listed High-Speed Internet rate of \$9.95/mo. applies for first 12 months of service (after which the rate reverts to \$14.95/mo. for the next 48 months of service), and requires a 12-month term agreement. Customer must either lease a modem/router from CenturyLink for an additional monthly charge or independently purchase a modem/router, and a one-time High-Speed Internet activation fee applies. A one-time professional installation charge (if selected by customer) and a one-time shipping and handling fee applies to customer's modem/router.
