

THE SKY IS OUR LIMIT
now that Mid-Valley Rehabilitation is

ENHANCING THE LIVES OF ADULTS WITH DEVELOPMENTAL DISABILITIES SINCE 1966.

In 1966, founder Margaret Reavis Larsen created the **Mid-Valley Workshop**, a pioneering job-training program for adults with developmental disabilities. With the opening of the organization's first facility in Amity the following year, an era of innovation began.

Through the decades, **Mid-Valley Workshop** evolved to offer an array of employment, housing and community involvement opportunities, and eventually changed to **Mid-Valley Rehabilitation**. Today, as **MV Advancements**, we strive to further the legacy of our founder and help our more than 230 clients reach their fullest potential.

THANK YOU

Joyce Robinson
for more than 25 years of service!
Enjoy Disneyland!

WELCOME

Kathy Schlotfeldt
MV Advancements' New
Executive Director
