WILSONVILLE 56, CENTRAL 34

Panthers eliminated in semis

Wildcats' offense too much for Central on Saturday

HILLSBORO — With 43 seconds remaining in the first half, it appeared Central was poised to enter halftime tied with No. 2 Wilsonville at 21 after quarterback Peter Mendazona hit AJ Morales for a 13-yard touchdown.

The Wildcats had other ideas.

Wilsonville scored just before the half to go up 28-21 — the first of 21 unanswered points the Wildcats scored — as Wilsonville defeated Central 56-34 in the state semifinals on Saturday.

"They executed more than us, I guess," senior Marlon Tuipulotu said. "We had a good team this year. We started off slow, but we started coming together."

The Central offense found success in the first half. Mendazona threw a 25-yard touchdown to Marcos Cedillo and a 13-yard strike to Jackson Holstad, but Wilsonville quarterback Connor Neville had an answer.

Holstad picked off a Neville pass to open the second half and returned it to Wilsonville's 12-yard line. The Panthers were unable to score and turned the ball over on downs. The Wildcats responded by marching down the field for a touchdown to go up 35-21.

change some things," Central coach Shane Hedrick said. "... They knew we had to pass, and when you have to pass, they can bring some extra guys. They were coming after us."

LEBANON 10, DALLAS 7

Dragons' rally falls short

By Lukas Eggen

HILLSBORO — With three minutes left in game, Dallas' football team took over on offense on its 5-yard line. Trailing 10-7 to No. 4 Lebanon, the Dragons hoped it had one last scoring drive in them.

This time, the late-game magic ran out.

Dallas fell to Lebanon in the semifinals

of the Class 5A state playoffs on Saturday, bringing an end to a memorable season.

"We fought," senior quarterback Caedmon Blair said. "We fought all season. Lebanon knew how to play against our offense, and they played really well. I respect the hell out of them. The way we could fight, I thought we showed a lot of heart tonight, and I love my guys to death."
