FALLS CITY — At first glance, a 58-0 victory would be cause for total celebration.

Falls City football coach Laric Cook was not as festive as one may expect.

The Mountaineers rolled to a victory over Siletz Valley on Friday, but penalties plagued Falls City — especially early on.

From offsides and false starts to personal fouls, the Mountaineers were their own worst enemy.

“They were anxious to play, but they have to be disciplined,” Cook said. “It just shows we’re not where we need to be at yet. We can’t afford to do that against good teams. It’s frustrating on our end.”

Penalties were about the only thing Falls City struggled with.

Pirates off to strong start

Perrydale's 13-match win streak snapped on Saturday

PERRYDALE — Perrydale volleyball coach Denise Dickey wasn't sure how the early part of the Pirates' season would play out.

“Last year we were very young, and I wasn't sure

where we would start,” Dickey said.

It's safe to say Dickey is pleased with the team so far.

Perrydale improved to 14-2 overall after a 25-13, 25-10, 25-17 victory over Willamette Valley Christian on Sept. 12 — the team's 13th win in a row.

“I think we're right where we should be, though I'd like to be a little further ahead offensively,” Dickey said. “Our defense, I think, is pretty strong. Isley (Burns) has been stepping up. Alyssa (Lux) has as well, but I'd like to get five consistent hitters on offense.”

The Pirates' victory over WVC was never in doubt, but Dickey said the team must play with more urgency.

With seven varsity players, simulating match situations is difficult in practice, making matches against less challenging opponents key to player de-

velopment.

“They've got to start utilizing these situations a little bit better than they did today,” Dickey said. “I think they kind of stepped back on their heels a little bit. We know we have to play hard all the time.”

Rebuild a slow burn for Dragons

DALLAS — Building Dallas' boys soccer program into a contender is a work in progress.

The Dragons show their potential, but the key is finding a way to extrapolate that over a full match.

“We're still up and down,” coach John Jones said. “We have moments where we're playing together, then we fall apart.”

Dallas lost to Southridge, a 6A school, 9-0 on Thursday, but the loss did little to dampen players' optimism.

“This is one of the best groups of guys we've had, not only on the field, but off the field as friends,” senior Danny Walker said. “Half the game is skill; the other half is camaraderie. If you can't get along with the other players, you can't

have a good team.”

The Dragons have seen several players show progress, Jones said.

From underclassmen including sophomores Caleb Jones and Carson Overstreet and freshman Caleb Kiner, to senior Johnathon Dressel, Jones said Dallas has considerable individual talent.

Turning that talent into a cohesive unit is the next step in the process and one that they are slowly working to.
