DALLAS, OREGON, MAY 1, 1928.

The way to build up Dallas is to patronize Dallas people.

The city council is making good progress in the work of securing a right-of-way for the water-works pipe line between Dallas and Canyon Creek. The rights-of-way across all the lands except those owned by Judge R. P. Boise and Mrs. M. E. Hallock have been secured at a nominal cost to the city, the consideration in several cases being only one dollar. In the case of Judge Boise and Mrs. Hallock no agreement can be reached as to the amount of compensation that should be paid for the necessary rights, and the city has been compelled to bring actions against these parties for the condemnation of the lands sought to be appropriated. These cases will come up for trial before Judge Burnett at the regular May term of Circuit Court for Polk County. The council is proceeding under the authority voted to that body at two different elections, and the matter will be carried through to a successful termination and the water-works built. The will of the people, as plainly expressed in both elections, is not to be lightly set aside or held for naught, and no thought of rest will be entertained until the desired improvement becomes an actual reality. The OBSERVER is pleased to note that many citizens of Dallas who opposed the Gates water system before the recent election are now found among its ardent supporters, and are lending to the Council all possible aid and encouragement. These men fully appreciate the fact that Dallas must have water-works, and that the Gates system is the one desired by a majority of the people, consequently they are willing to lay aside their personal preferences and work for the general good of the city. No citizen can afford to fight an improvement that means so much to the welfare of Dallas, and now that a plan for water-works has been adopted by the council and endorsed by the people, it is the duty of all to stand together and help the city officers to carry out the work. The council is striving earnestly to secure a right-of-way at the very lowest possible cost to the taxpayers, and so far they have been successful in keeping the expenses at a low notch. Every good word said for the enterprise makes the work easier. On the other hand, every kick costs the city good, substantial dollars.

CRUSHED TO DEATH.

Johnny Blake Thrown Under Wheels of Wagon and Instantly Killed.

Johnny Blake, the young son of Mrs. George Blake, of this city, was thrown from a wagon and killed near Airlie, Wednesday. The little boy had accompanied his uncle to the flouring mill, and as they were returning home the front wheels of the wagon dropped into a mudhole and both were thrown out. The team then started to run, and the boy, who had fallen across the double-tree, was thrown under the wagon and instantly killed, the wheel passing over his body and crushing his life out. The uncle escaped with a few slight bruises. Johnny was a bright little fellow, and his untimely death is a sad blow to the family.

L. Loughary, of Luckiamute, visited his son, County Clerk U. S. Loughary, in Dallas this week.

IS ALL NONSENSE.

United States Senator Charles W. Fulton has been in the city since yesterday, says a Salem correspondent, attending to some legal matters in the supreme court and incidentally enjoying a very pleasant visit with his numerous friends and admirers in this city and county. Senator Fulton is very anxious for republican success in the congressional contest which is now on, and emphasizes the importance of sending from Oregon this year a man who is in harmony with the principles of the national administration and the dominant party in congress. Asked about the feeling of President Roosevelt and the administration generally towards Mr. Hermann, Mr. Fulton said:

"It is all nonsense to talk about Mr. Hermann being objectionable to the President or the cabinet. The fact is that Mr. Hermann is very popular with the President, with congress and with nearly all the heads of the departments. Secretary Hitchcock and himself had differences of opinion relative to administrative details, but Mr. Hitchcock makes no charges of dishonesty, incompetency or reprehensible conduct against Mr. Hermann. His chief complaint against Mr. Hermann was that he was not sufficiently severe upon Oregon men who were holding official positions in the United States land department in this state, so that really Mr. Hermann was blamed for not sharing with the secretary a suspicion of dishonesty against the people who have been Mr. Hermann's neighbors and constituents for these many years."

"The differences between the two men will not impair Mr. Hermann's strength or usefulness in congress in the least, and no republican who wishes to please President Roosevelt and his administration will cast his ballot for the democratic nominee for congress."

WILL TRAIN IN DALLAS

Jimmy Reilly Is Preparing For His Bout With Dick Fitzpatrick.

Jimmy Reilly, of Seattle, the well-known light-weight pugilist, arrived in Dallas Friday evening, and will go into training next Monday for his fight with George Memsie (Dick Fitzpatrick) which is to be pulled off as a preliminary to the Tracy-Gans contest in Portland on May 13. Reilly and his trainer, H. Wilkinson, have selected the old woolen mill building for training quarters, and will begin active work next Monday.

Reilly, who is a brother of Tommy Reilly, the Pacific Coast light-weight champion, has fought some of the best men of his class in the world, and has a long string of victories to his credit. He fought a 15-round draw with Young Corbett; a 20-round draw with Martin Denny; a 15-round draw with Cocker Tweedie, the champion light-weight of Australia; a 15-round draw with Dick Fitzpatrick, and won 12 battles by knockouts in San Francisco.

He will remain in Dallas until the date of his bout with Fitzpatrick, and if a class in boxing can be secured he will make his home here during the Summer.

H. Hirschberg, the Independence banker, was a Dallas visitor yesterday.

F. A. Douty will close out his stock of general merchandise in Independence, and engage in other lines of business.

Dr. Mark Hayter went to Portland this morning to attend the annual meeting of the Oregon State Dental Association. He will return home Sunday.

The W. C. T. U. will meet with Mrs. Kersay, Wednesday, May 6, at 2:30 o'clock p. m. Devotional exercises, leader, Martha Cosper; business meeting; reading, Mrs. Butz.

BRIGHT'S DISEASE.

The largest sum ever paid for a prescription, changed hands in San Francisco, August 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address JOHN J. FULTON COMPANY, 439 Montgomery St., San Francisco, Cal.

"IMPOSSIBLE" for you to cure

motherhood," says the doctor. "Sometimes he qualifies the statement, and says: 'Impossible without an operation.' Yet both these 'impossibles' have been made possible by the use of Dr. Pierce's Favorite Prescription. Many times the hindrances to motherhood are to be found in womanly diseases or weaknesses, which are perfectly and permanently cured by 'Favorite Prescription.' This great medicine cures for women irregularity and dries debilitating drains. It heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well."

"I wish to add my testimony to hundreds of others as to the value of Dr. Pierce's medicine," writes Mrs. Ida M. De Ford, of Latona, Hubbard Co., Minn. "Have doctored with a great many physicians—some specialists; have twice been in a hospital for treatment. My case has been regarded as a hopeless one and they knew not what the trouble was. Heart was bad; stomach all out of order; tired out; severe pains in all parts of the body; sinking spells, and nearly every ailment a woman could have. I took many a bottle of 'patient medicine' without effect. I began taking Dr. Pierce's Favorite Prescription, and ten months afterward I gave birth to a ten-pound boy. All ailments and stated as a fact that I never could bear a child. Both the baby and myself were strong, and I got along splendidly—thanks to your medicine."
