QUEEN ANNA VICTORIA

Mrs. J. H. Dunn Chosen to Rule Over the Destinies of the Woodman Street Fair and Carnival.

Mrs. J. H. Dunn has been chosen Queen of the Woodman Carnival to be held in Dallas, June 3, 4, 5 and 6. After a close and exciting contest which extended over a period of six weeks, Mrs. Dunn, who is a popular and talented lady, won out over all candidates by a handsome plurality, and will be crowned "Queen Anna Victoria" on the morning of the opening day of the Carnival.
Speculation as to the outcome of the election was rife up to the time the final vote was announced, and a large crowd of people gathered in front of the bulletin board at Belt & Cherrington's drug store Saturday night, and watched eagerly the progress of the ballot as the same was given out by the committee. Miss Laura Brown was in the lead until shortly after 9 o'clock, when 1000 votes were cast for Miss Pearl Percival, bringing the total ballot of the fair young candidate from Independence up to 1817. Miss Brown was still a close second, being but a few votes behind Miss Percival, and her friends confidently predicted that she would win out. Their predictions appeared to be well grounded, for she gained steadily during the last hour, and a few minutes before 10 o'clock was again several hundred votes in the lead.
But the great surprise of the evening was yet to come, and it came at the very last minute. Just as the clock in the courthouse tower began striking the hour of ten, a frantic rush of excited voters occurred, and tickets and gold and silver coins were fairly showered upon the committeemen. Tickets and money representing thousands of votes found their way into the committee's hands within the space of a half-minute, and those tired and greatly overworked gentlemen found another hour's hard work before them to ascertain the final result. They adjourned to the Dallas City Bank parlors to complete their task, inviting representatives of the leading candidates to accompany them and witness the count. When the outcome was finally announced, it was found that the successful candidate was Mrs. J. H. Dunn, who had to her credit the handsome total of 3342 votes. Miss Brown came next with 2939, and Miss Percival was third with 1817. Scattering ballots to the amount of several hundred brought the total vote cast during the contest up to a total of 10,000.
The pages elected were Harold Madison, who received 607 votes, and Harold Hart, who received 325 votes. The pages will receive the price of their costumes and a season ticket each to the Carnival attractions.
Mrs. Dunn left this week for Portland, where she will purchase her coronation robes and court dresses. The Woodmen are now busy making preparation for crowning their Carnival Queen, and it is confidently predicted that the coronation ceremony will be carried out amid a scene of pomp and oriental splendor never to be forgotten by those who are so fortunate as to witness it.
CARNIVAL NOTES:
Watch the billboards for Carnival advertisements.
Admission to the main tent will be 10 cents, and 10 cents will admit you to each side tent.
The Monmouth band has been engaged in addition to the Sheridan W. O. W. band to furnish music for the Carnival. There will be promenade concerts daily, morning and evening.
Permission has been granted by the city council for campers to use the City Park outside the enclosed space, but animals must not be kept on the grounds.

ASK BIG DAMAGES

Judge Boise and Mrs. Hallock Allege That Proposed Water-Works Would Injure Their Property to Extent of \$15,200.

Judge R. F. Boise and Mrs. M. E. Hallock, through their attorneys, W. H. Holmes and Sibley & Eakin, filed their answers in the Circuit Court, Saturday, in the action brought against them by the city of Dallas to condemn certain lands and water and rights-of-way for a system of water-works. Judge Boise alleges that by the construction and operation of such water-works he would be damaged in the sum of \$5,100. He alleges that on his lands there is a valuable water power which was used more than fifty years ago, and that if the waters in Canyon creek were interrupted by means of the diversion of the amount of water sought to be appropriated, it would damage him in the sum of \$5,000. He asks \$100 for lands and a right-of-way through his ranch.
For a further defense, he alleges that the city of Dallas can be supplied with water by means of the appropriation of streams flowing into the LaCreole below his water power, and that the same can be brought to Dallas for domestic and other uses at a cost of 25 per cent less than the cost of appropriating and bringing to the city the waters of Canyon creek.
The answer in Mrs. Hallock's case is along practically the same lines as that of Judge Boise. She asks for damages in the sum of \$10,100, claiming that the taking of water from Canyon creek would interfere with her logging operations as well as her water power.
The cases will come up for trial before Judge Burnett in this city next Monday.

DEEP, RICH PAINTING

Art Work of a High Order Carried Out in a Style That Appeals To All.

There are beauty spots all over nature, and there are about as many that nature never had anything to do with. These are the creation of man, pure and simple. About the most beautiful creation that we have noticed lately, and in a line to which your thoughts of the beautiful are seldom inclined to run, are those handsome vehicles on exhibition at the repository of Wagner Brothers, on Main street, Dallas, Oregon. Those deep, rich colors in the painting, the piano-like finish, the soft and elegant trimmings, the beautiful lines in the designing of the goods all speak of their unsurpassed quality. 'Tis a well-known fact among those versed in this class of goods that the make of vehicles that they carry is the best in the world, and we are told that prices are extremely reasonable—even lower than would be asked for the same goods in a New York repository.

Notice to Bridge Builders.

Notice is hereby given, that the County Court of Polk County, will meet on the morning of the 26th of May, 1903, at the hour of 8 o'clock for the purpose of awarding a contract for repairing what are known as the Brunk bridge and the Thielsen bridge across the LaCreole river; also, for repairing what is known as the Williams or Bagley bridge across the big Luckiamute river, and for building a new 45 foot span bridge at the Rhodes place on the road leading from Dallas to Bridgeport.
