Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Thedford's Black-Draught never fails to bene-fit diseased liver and weakened kid-neys. It stirs up the torpid liver to throw off the germs of fever and agne. It is a certain preventive of cholera and Bright's disease of the kidneys. I have used Thedford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it.
