Heart Disease.

I Would Not be Alive

Today Cure.

Do not neglect the warning symptoms of a weak heart. Palpitation, smothering spells, swelling of feet or ankles, pain in and around heart; oftentimes affections of the stomach, lungs, liver, bladder, kidneys, etc., arise from heart weakness. A weak heart must be helped. It cannot stop to rest. It must be strengthened and regulated. The blood must be enriched, the heart nerves strengthened and the circulation improved by the great heart and blood tonic, Dr. Miles' Heart Cure. There is positively nothing to equal this wonderful medicine in its beneficial influence upon hearts weakened from any cause.

cause.

"I am very grateful for what Dr. Miles Heart Cure has done for me, as I am confident I would not be alive today had I not learned of its wonderful virtues and taken it before it was too late. I had been a sufferer from valvaiar heart disease for many years, in fact ever since I was a little girl and for three years before I began using Heart Cure I was in very bad shape. I could not sleep on my left side at all and would frequently have the most dreadful smothering spells. At times my left side would swell up. I had pain in my head all the time from which I suffered greatly. Nothing I took did me any good until I used eleven bottles of Dr. Miles' Heart Cure which removed all these distressing symptoms and made me feel well distressing symptoms and made me feel well and strong,"—Mrs. H. C. CRUSE, San Fran-risco, Cal.
