

## BLACK-DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCKWELL, GA., JAN. 30, 1902.  
Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent better.

### Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling how to get it. Home of Swamp-Root, 1001 Agnes Ave., Kansas City, Mo. Thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, **Swamp-Root**, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

In the suit of J. L. Elkins vs. James Morgan, which was tried in Dallas last Thursday, a decision was rendered by Judge Boise granting a decree to the plaintiff. The case was over two acres of land near Independence which both parties claimed through defects in a deed of transfer, and the suit was brought to have the deed rectified and the plaintiffs placed in possession of the south half of the property. Considerable interest was centered in the case over the fact of the county records and deeds showing a transfer of the whole of the property, but the court decided that the intention of the parties was to transfer but one-half of the land, although the deed showed the whole.

**Conratulations.**  
Mr. John H. Callom, Editor of the Garland, Texas, News, has written a letter of congratulations to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subject to early spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk in giving an overdose. I congratulate you upon the success of your remedy." For sale by Wilson Drug Company.

The junior class of the State Normal School gave an informal reception in the assembly-room, at 8 o'clock Friday evening. The room was appropriately decorated with the class colors, and a literary and musical programme was rendered, after which an hour was given to various games and a social time.

### The New Issue in Temperance.

**"WHISKY MEDICINES."**  
THE VOICE,  
The Leading Temperance Paper, Sounds the Call to a New Crusade in the Following Article.  
**"ANOTHER HEAD ON THE HYDRA."**  
"It is time attention was drawn to a form of alcoholic traffic that seems to have been overlooked by those engaged in the crusade against the rum power. It is believed, and rightly, alcohol is most dangerous when it fights in ambush, if it is most to be dreaded when it finds its first entrance to the system in the pleasant sauces and dishes of the home, then the form of alcohol traffic in question is doubly dangerous, for it comes in the guise of medicine and attacks a system prepared by weakness to easily surrender to the assault. In many cases which are largely consumed throughout the country, by all classes of people, there is a percentage of alcohol which puts them on a level with beer, rum and whisky as intoxicants. It is the smallness only of the dose prescribed which prevents a prompt recognition of the intoxicating effects of these so-called medicines by those who use them. It is safe to affirm that they are MEDICINES IN NAME ONLY. Their chief value lies in their alcoholic effect as a stimulant. In fact, those who know, attribute the benefits ascribed to this class of medicines wholly to the stimulative effect of the alcohol they contain. They are used largely by persons not in the habit of drinking liquors, and the little dose taken three or four times a day is so stimulating to these people as his regular "finger" of "biters" is to the regular liquor-drinker. WHAT CAN BE DONE? "What ought to be done at least is to compel every patent-medicine manufacturer to put on the wrapper of his bottle the quantity of alcohol it contains. That would at least leave people to exercise their own judgments. More than that, no paper truly interested in temperance reform should print the advertisement of any alcoholic medicine. It should be the duty of every temperance organization and branch in the country to look into this question, agitate it, and deal with the facts just as earnestly and as honestly as other facts have been dealt with. Appreciating the gravity of the issue raised by the strong statement of facts in the foregoing article, we wish to call your attention to the fact that Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription contain NO ALCOHOL, NO WHISKY, NO INTOXICANT OF ANY KIND. These medicines are equally free from opium and other narcotics. They are in the strictest meaning of the words, temperance medicines. Of no other medicine, put up especially for woman's use can it be truthfully affirmed, as of Dr. Pierce's Favorite Prescription, that it contains neither alcohol nor opium or other narcotic in any form. While the negative features of Doctor Pierce's medicines may only interest some of the readers of this article, the positive features of these medicines must be of interest to every one. The great value of "Golden Medical Discovery" in the cure of diseased or deranged conditions of the stomach and digestive and nutritive organs is testified to by tens of thousands who have found health and healing in this great remedy. The "Discovery" increases the action of the blood-making glands, and by curing the diseases which corrupt and cripple the stomach and digestive and nutritive organs, it enables a full and pure supply of blood to be sent to every part of the body. WOMEN KNOW ITS WORTH. Women who are always appreciative of benefits, have been especially appreciative of the benefits following the use of Dr. Pierce's Favorite Prescription. Its wonderful cures of irregularities, inflammations, ulcerations and female troubles, have caused women to name it, "that God-sent to women." It is entitled to wear the "blue ribbon" of merit as well as the blue ribbon of temperance.

### A Mother's Plain Words

"I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition when a bronchitis was ailed in trouble, because you can see how well and strong I am now. The fact is that at that time I was suffering. Someone advised Ackler's English Remedy, and I thought I would try it, although I confess that down in my heart I had little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's life was saved by it from death by croup. I know this so, for when they were attacked in the night I had a bottle in the closet, and by acting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Ackler's English Remedy whenever I get a chance, and there are plenty of people around Mechanicsville, N. Y., where I live, who would no more think of going to bed at night without a bottle of it in the house than they would of leaving their doors wide open. As I look at it, parents are criminally responsible when they allow their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time."
