BUSINESS LOCALS.

L. D. Brown, Notary Public; type-writing. With J. N. Hart.

For a good job of wagon repairing, go to N. HUGHES, Dallas, Or.

Dr. Hayter, Dentist. Office over Wilson's Drug Store, Dallas, Oregon.

One of the best horse-shoers in the state will be found working at Wagner Bros.' shop. Give him a trial and be convinced.

Go and see those fine bath tubs, sinks and lavatories at Wagner Bros. A first-class plumber is in their employ, and will satisfactorily do your work.

The Western Loan & Savings Company is the best in existence and absolutely safe; 20 cents a day pays the shareholder \$1000 in 100 months; 40 cents a day \$2000 in 100 months—about 12 1/2 per cent interest. Shares 60 cents a month each. Any number of shares may be taken, and the number may be increased or decreased at the option of the holder. For particulars, see Davis the Barber, next door to Fenton's office on Court street, Dallas.

Wagner Brothers invite you to call and inspect their stock of bath-tubs, sinks, toilets, etc., as they now carry the largest stock on the West Side. They have engaged the services of a first-class plumber, and would be pleased to call and figure with you on any work you may have in the way of water pipes or plumbing of any kind for your house, store or office. The finest and most skillful work guaranteed.

Mrs. W. P. Cressey, who has been visiting at the home of her parents, Mr. and Mrs. Abel Uglow, for several weeks, returned to her home in South Bend, Wash., Wednesday. She was accompanied by her sisters, Lorene and Pearl Uglow.

L. E. Knapp has a large force of men at work unloading and setting up the machinery for his oak saw-mill on the terminal grounds of the Dallas and Falls City railroad, in the south end of town. The industry is destined to become one of great importance to Dallas.

F. J. Coad has moved his planing mill and sash and door machinery into the large new building across the street from his old plant, and will have the same in operation in a few days. Mr. Coad deserves much credit for his enterprise in building such a complete factory here, and the Observer will take pleasure in giving its readers a detailed description of the new plant next week.

Theodore Eder, superintendent and general manager of the E. Clemens Horst Hop Company, of Sacramento, California, was in Dallas a few hours yesterday afternoon. He was accompanied by J. C. Morrison, foreman of the company's big hop ranches in Polk and Marion counties. These two gentlemen have spent the last three days visiting hop yards in this county. They report the vines to be badly in need of moisture, and predict a short crop all over the valley. The outlook for a good price for hops this year is highly encouraging.

Read all the bright new "ads" of progressive Dallas merchants in this week's paper. The Observer's advertising patronage is steadily increasing, and the number of people purchasing their supplies of Dallas merchants is constantly growing larger. It is a matter of common remark among strangers visiting this city, that Dallas has larger and better stores of all kinds than most towns of twice its size. The way for merchants and business men generally to keep trade at home is to carry well-selected stocks and sell goods as cheap as they can be sold in the large cities. And the way to build up Dallas is to patronize Dallas people.
