The newspapers of Oregon without exception are commending the action of the Dallas city council in taking steps to abolish the confetti nuisance. The practice of throwing confetti, while comparatively harmless, is annoying and senseless and encourages acts of hoodlumism. Dallas will have no more of it.

T. A. Riggs returned Tuesday from Toledo, where he went to attend the trial of his damage suit against Hall Brothers, of Siletz, in Judge Hamilton's court. It will be remembered that Mr. Riggs sued Hall Brothers for something like \$2000 for failing to deliver several tons of chittim bark under a contract made and entered into by and between the parties. At the trial held several months ago, the jury returned a verdict in favor of Hall Brothers, but this verdict was so manifestly unjust that the trial judge set it aside and ordered a new trial. When Mr. Riggs arrived in Toledo a few days ago, he held a conference with the defendant firm and a compromise was agreed upon. The differences were soon amicably settled and the suit was dismissed.

AS PLAIN AS GRISWOLD

Correspondent Invites Our Attention to the Lucid Aspect of Perfection and Velocity.

The writer is in receipt of a letter from Germany that throws considerable light on places that were heretofore dark. The communication is as follows:
"To the Mr. Mayor, Esquire, Dallas, Oregon, U. S. A.,
Honored Sir:—Trusting to your kindness I take the liberty to beseech you for the favour to apprise all the poor and rich, young and old (for we cannot but speak the facts of divine mercy, which we have seen and heard.) The lovely, lucid aspect of heavenly grandeur, perfection, velocity and beauty (holy angels: fly wheel with many spokes turning off backwards inside—above early) I dare admire every hour. The Lord Christus shall be revealed from heaven with his mighty angels, in flaming fire taking vengeance on them, that know not God, obey (Phil. 2, 10; 3, 17-21) and believe not. They shall be punished with everlasting destruction—worse than a wounded warrior's sight and plight; trembling and sighing in anxiety without dying—from the presence of the Lord, at that name every knee should bow (order, condition for every one).
H. H."

We don't exactly like the tone of this "fly wheel" chap's letter, and are fervently hoping that he will turn his attention elsewhere. His motives may be good, but his ideas are incendiary—entirely too much so for our peace of mind. Whether this letter is to pave the way for a bundle of religious tracts, or whether it is to be followed by a dynamite bomb, is something that is causing us no little amount of uneasiness. We wish this foreign gentleman would transfer his attention to Jim Cooper, of Independence, or Baneroft of Falls City.

Free Trip to World's Fair.
A free trip to the St. Louis Exposition will be given away by some of the leading merchants of Dallas. The trip will be offered on the popular vote plan to any lady residing in Polk county.

Get your candidates ready for Monday. Always call for the coupons, and vote for your favorite candidate. A complete list of the firms giving World's Fair coupons will appear in next week's issue. Watch our local columns for standing of the votes each week.
