City Council Raises License of Auctioneers and Street Peddlers to \$10 a Day.

Hereafter it will be unlawful for any person to operate an automobile for hire or profit within the corporate limits of Dallas without first having obtained a license therefor, and such machine must not be driven at a speed greater than six miles an hour; the throwing of confetti on the streets or in public places will be strictly prohibited; medicine peddlers and street vendors will be required to pay a daily license of \$5 instead of \$2.50 as at present, and auctioneers of bankrupt stocks and transient dealers in merchandise will have to pay \$10 a day for the privilege of doing business. These are the provisions of the ordinances passed by the city council at the regular meeting held on Monday evening.

The officers present at the meeting were Mayor Hayter, Councilmen Cosper, Muir, Muscott and Simonton; Auditor Stouffer, Marshal Grant, and Street Commissioner Williams; absent, Councilmen Belt and Boals.

The report of the Finance Committee on the quarterly reports of the Auditor and Treasurer was read and accepted. Claims against the city were ordered paid as follows:

The petition of interested property owners asking that the sidewalk on each side of the new Kirkpatrick building be raised to the established grade was referred to the Street Committee.

An ordinance granting to the Salem, Falls City & Western Railway Company a right-of-way on Birch street between blocks 21-24 and 22-23 in the Improvement Company's addition and also across Lewis and Lyle streets was read first time.

An ordinance regulating the manner of driving animals through the streets of the city was read first time. This ordinance provides that all animals must be led through the business and residence streets, or driven by not less than two men on horseback.

An ordinance prohibiting the throwing of confetti was passed by a unanimous vote of the council.

The ordinance to license and regulate automobiles was also passed, all of the councilmen voting in its favor. The new law imposes a license of \$5 per day for operating these machines for hire, and also limits their speed to six miles an hour. The penalty for violation of the ordinance is a fine of not less than \$5 nor more than \$20.

Action on the ordinance providing for the construction of a sidewalk along the south side of D. J. Riley's property on Washington street was indefinitely postponed, for the reason that the walk has been built.

An ordinance raising the license of medicine peddlers and street vendors from \$2.50 to \$5.00 per day, and of auctioneers of bankrupt stocks from \$5 to \$10 per day was passed by a unanimous vote.

George Richmond was elected Deputy Marshal, to serve without compensation.

THE STATE FAIR

Prospects That Attendance This Year Will Break All Previous Records.

The Oregon State Fair this year is going to be a record breaker, in more ways than one. The races are going to be very rapid for there are in training now more horses than have ever been on the track at this time of the year and in the Greater Salem Stake 2:15 pacers \$2000 purse. There are 31 entries in the \$2000 2:17 trot. In the Lewis & Clark Stake, there are 17 entries. In the Rural Spirit Stake 2:11 pace for \$1000 there are 18 entries. In the Inland Empire Stake for 3 year old pacers for \$500 there are 11 entries and there are besides 11 other pacing and trotting races to say nothing of the running races of which there will be at least two each day.

The camping ground has been fixed up, streets laid out and named, camps numbered and a Camp Grand Marshal, will look after the matters there day and night. Water has been piped into the grounds and other improvements made, making it one of the best camping grounds in the state. Take your family and a tent and enjoy a week of solid comfort.

All trains of the S. P. R. R. Co. will stop at the grounds during the week.

The street railway system into Salem has been thoroughly overhauled, new cars purchased, the track widened to standard gauge, and the roadbed improved, allowing the company to make a 6-minute service and possibly shorter. The pavillion and grounds will be lighted by incandescent electric lights, thus giving a much improved service.

Will Improve the Service.

W. E. Coman, general freight and passenger agent of the Southern Pacific Company, spent a couple of days in Eugene this week. Mr. Coman in conversation with a Register reporter, spoke very encouragingly of conditions, believing that the diversity of resources of the country will tide us over any shortage of spring grain that may obtain, and that we will all have plenty and to spare. In speaking of his road, Mr. Coman says they are preparing for a larger and better service, 60 miles of new heavy rails will be put in in the valley, rock ballasting will be done and more and faster trains will be run. They are looking for good business and are preparing for it.—Eugene Register.

Sweet Marie Raced at Salem.

Sweet Marie, the mare who won the big \$10,000 stakes at the Empire City track, in New York, is the same trotter that was ruled off the track at Salem last Fall during the State Fair races. The mare was ruled off the track because the driver was accused of laying up heats. Since then she has been sent on the grand circuit, where she has been making quite a name for herself. She won in two straight heats, her best time being 2:10. She was reinstated at a meeting of the National Trotting Association advisory board, held in San Francisco last February. Durfee, who was trainer and driver at Salem, has nothing to do with the mare at the present time.—Telegram.

THE BIG CIRCUS COMING

Ringling Brothers Will Visit Salem, Wednesday, August 31.

The announcement that Ringling Brothers' World's Greatest Shows will exhibit in Salem, Wednesday, August 31, will be received with more than usual interest by the people of this neighborhood. The Ringling Brothers have a name that stands for all that is new and entertaining in the circus line, and the management announces that this season the show has been enlarged to such an extent that a whole extra train is used in addition to the four trains of last season. The show is now transported from place to place in eighty-five seventy-foot cars, constructed especially for the Ringling Brothers. In connection with the circus proper, in which the arenic performance is marvelous, the Ringling Brothers are this season presenting the beautiful and sublime spectacular production of Jerusalem and the Crusades. This pantomime play necessitates the use of 1,200 actors and actresses and of almost three hundred horses. It is presented on the largest stage ever used for exhibitional purposes. Special excursion rates have been arranged for on all lines of travel by Ringling Brothers and those who desire to go to Salem where this great circus exhibits Wednesday, August 31, can do so at a comparatively small cost. This will be the only point in this vicinity where the circus will exhibit this season and no one should miss the opportunity to see it. Watch this paper for additional announcements.

PRESIDENT RESSLER RETURNS

Says Oregon State Normal School is Well Represented at St. Louis Fair.

President E. D. Ressler, of the Oregon State Normal School at Monmouth, passed through Portland Monday on his return from a six weeks' visit in the East, says Tuesday's Oregonian. Like all loyal Oregonians, he thinks there is no place like Oregon, and is glad to find himself once more in the land of promise.

While at the St. Louis Fair, Mr. Ressler made a careful study of the educational exhibit, and picked up some valuable points for the exhibit to be prepared for the Lewis and Clark Fair. The State Normal is well represented at St. Louis, but will do much more at the Exposition next year, where more space will be allowed. Preparations will be begun at once, and a faithful representation of the regular work of the school will be made up during the school year.

The great Louisiana Purchase Exposition is a liberal education in itself, says President Ressler, and a month there is worth a year's study in the university. His experience in visiting the World's Fairs at Chicago and Paris enabled him to see a great deal more in much less time than one not so equipped, but a little study beforehand of magazine articles and the excellent official guidebooks, together with a preliminary survey for the first day or two in order to find out what is of greatest personal interest, is a valuable preparation for any one wishing to put in his time to the best advantage.

President Ressler will remain in Monmouth until the opening of the school year, September 20, except for occasional short trips to county institutes. He looks for an increased attendance next year, for, besides the usual inquiries from prospective new students, a number of graduates of the Monmouth and other normal schools have signified their intention of enrolling for the advanced course provided at the last session of the Board of Regents.

T. B. Rowell and family are camping on the LaCroze river above the old Hallock mill.

Hon. J. M. Stark, landlord of the Little Palace Hotel at Independence, was in Dallas, Monday, on his way to Falls City.

Ringling Brothers World's Greatest Shows employ 1,250 men, women and children; have 675 horses, use eighty-five double length cars, exhibit a monster herd of forty elephants in the largest menagerie on earth, and have a spread of canvas that covers fifteen acres of ground.
