Abel Uglow's brick buildings on Main and Mill streets are being repainted, and present a greatly improved appearance, although they were neat and attractive before. No interior town in Oregon has finer business structures than the Uglow buildings in Dallas, and their owner takes pride in keeping them in a good state of repair.

The two Masonic lodges in Albany, Corinthian No. 17, and St. Johns No. 62, have decided to consolidate and at a joint meeting to be held on the evening of September 3, the details of the consolidation will be completed and a name for the new lodge will be selected. At that time a new set of officers will be elected and other business in connection with the consolidation will be disposed of. This movement will make the Albany lodge one of the strongest in the state.—Albany Herald.

MAY PICK BY WEIGHT

Polk County Hop Raisers Will Meet to Consider Advisability of Change.

A movement is on foot among the hop growers around Dallas to have their hops picked by weight this year instead of by the box. A call for a meeting of the growers to consider the advisability of picking by weight has been issued, and the matter is being generally discussed. The meeting will be held in Dallas on Wednesday, August 23.

Picking hops by weight has been steadily growing in favor among Oregon hop raisers, and the method promises to eventually take the place of the box system. Many hop raisers in the Ballston and Salt Creek districts, in Northern Polk county, have been picking by weight for several years, and say that the results are satisfactory in every respect. The pickers prefer this system, especially where the hops are small, and the growers favor it because each picker is paid for the exact amount of hops picked, and a less number of yards are required in harvesting the crop. Under this system, no box emptiers are necessary, the hops being emptied from the pickers' baskets directly into the sacks.

While the weight system has its advantages over the box system, it is not certain that the change will be made this year. The pickers in and around Dallas have always been accustomed to picking by the box, and the growers may decide to continue the old method.

TAKE WISE PRECAUTION

Dallas Public School Building Is Provided With Excellent Protection From Fire.

The Dallas public school building will be provided with excellent protection against fire and an ample supply of water for drinking purposes when the improvements now under way are completed. A stand-pipe will be erected in the building, with a hose reel and a plentiful supply of hose in the attic, in each hall, and in the basement. Water will be supplied through a two-inch pipe from the city main on Ash street. Drinking taps and wash basins will be liberally distributed throughout the building. The plumbing is being done by Wagner Brothers, of this city.

Director William Grant, who is superintending the improvement, informs us that it is the intention of the School Board to put in a service that will reduce the risk of loss by fire to the minimum and at the same time furnish pure, mountain water for the students to drink. He says that the Board will probably recommend that a fire company be organized among the students of the seventh and eighth grades, and that these boys be thoroughly drilled in the use of the fire apparatus. If this course is pursued, it will be next to impossible for fire to destroy the big school building, and the lives of the children will be safe at all times.

PLEASANT SOCIAL AFFAIR

Mrs. P. A. Finseth Entertains Members of the Order of Lions.

Mrs. P. A. Finseth entertained the members of Dallas Lodge, No. 79, Independent Order of Lions, in a social session at her home on Tuesday evening. Lodge work and the reception of new members were the subjects under discussion, and many new and important points that will be of benefit to the order were brought out. After a very light refreshment, the hostess entertained her guests by several selections on the piano. The members departed for their homes at 10:30 o'clock, expressing their appreciation of a very enjoyable and profitable meeting.

The Lion's lodge is the youngest in the city, and, having had the encouragement of rapid growth, is destined to become one of the leading social and fraternal organizations of Dallas.

EARLY MORNING BLAZE

Robert Howe & Son's prune dryer in the south part of town was totally destroyed by fire between 6 and 7 o'clock this morning. The building was half burned down before the alarm was turned in. The firemen succeeded in saving the dwelling house a few feet away, despite the intense heat. The furniture was also saved. The house escaped with nothing worse than a severe scorching on the side next to the drier. The origin of the fire is unknown.

World's Fair Vote.

Miss Nora Robertson	1672
Miss Rose Bronken	1061
Mrs. V. P. Fiske	942
Miss Hallie Reynolds	646
Miss Lilly Baxter	166

Rural Carriers Organize.

The rural mail carriers of Polk county met in Independence this week and organized an association. A constitution and by-laws were adopted, and officers were elected for one year. The purpose of the association is fraternal, and for the study and adoption of the best methods of performing the duties of the Rural Free Delivery Service. The officers are: Carrier Frum, of Parker, president; Carrier Parker, of Independence, vice-president; Carrier Docksteader, of Dallas, secretary and treasurer.

Faces Charge of Burglary.

Frank S. Garrison, of Falls City, was arrested Wednesday morning on a charge of burglary, made by J. S. Courter. Mr. Courter alleges that Garrison entered his barn Sunday night and stole twelve sacks of chittin bark, and that he brought the bark to Dallas and sold it. The accused man will have a preliminary hearing before Justice Holman at 10 o'clock this morning.
