### DO YOU GET UP WITH A LAME BACK?

### Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and Home of Swamp-Root dollar sizes are sold by all good druggists.

### Slump in Chittim Bark.

A slump in chittim bark prevails at this time, and it is about the ruling price. A mistaken idea as to the value of the bark became prevalent in the Coast counties this season, and a great deal of bark was peeled in the expectation of 6c to 7c a pound. Consumers of chittim bark seem to be supplied at this time, and there is no demand apparent, while stocks have piled up in the warehouses. Chittim bark has been worth as much as 10c a pound within the past few years.—Evening Telegram.

### Defeated in Practice Game.

Willamette University defeated the Oregon State Normal School football team in a practice game on the varsity gridiron, Saturday afternoon, by a score of 12 to 0. The Normal boys put up a good fight, but were handicapped by the inexperience of nine new men. Coach Greene is fast getting the team into shape, and good reports from the Normal eleven will doubtless be forthcoming later in the season.

### The Royal Month and Royal Disease.

Sudden changes of weather are especially trying, and probably to none more so than to the scrofulous and consumptive. The progress of scrofula during a normal October is commonly great. We never think of scrofula—its bunches, cutaneous eruptions, and wasting of the bodily substance—without thinking of the great good many sufferers from it have derived from Hood's Sarsaparilla, whose radical and permanent cures of this disease are enough to make it the most famous medicine in the world. There is probably not a city or town where Hood's Sarsaparilla has not proved its merit in more homes than one, in arresting and completely eradicating scrofula, which is almost as serious and as much to be feared as its near relative—consumption.

### Will Open Branch in Salem.

George M. Hyland, of Portland, was in Salem, Friday. Mr. Hyland was formerly with Olds & King in Portland and he will be remembered by Salemites in connection with the civic improvement work. Mr. Hyland is manager for the Northwest of the Viavi Company's business. Yesterday he leased one of the front suites in the new Bryman building, near the Statesman office, for local offices of the Viavi company. A little later he expects to open Turkish baths here for women.—Salem Statesman.

### After Advertising Fakirs.

The Portland Chamber of Commerce has passed a rule that all doubtful schemes of advertising and of charity must be endorsed by a committee specially appointed to investigate them before they can receive support from any members of the organization. In so doing it goes without saying that there are certain well known charities and well established advertising mediums which will naturally not be affected by this plan and these are left to individual judgment to pass upon. What is aimed at is to provide against doubtful schemes of which there are so many, the applications of which are so wearing and disturbing to business men. Doubtful advertising schemes of traveling fakirs have become very numerous and annoying to the merchants in every town in Oregon.

### BLACK-DRAUGHT STOCK & POULTRY MEDICINE

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in corner form than Theodor's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the sluggish liver and loosening the congested bowels for all stock and poultry. It is carefully prepared and its action is so beneficial that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.

PITTSBURG, PA., March 25, 1904.

I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food but I have found that yours is the best for my purpose.

### Beautiful Columbia River Folder.

The passenger department of the Oregon Railroad & Navigation Company has just issued a beautiful and costly panoramic folder entitled "The Columbia River, through the Cascade Mountains, to the Pacific Ocean." From Arlington to Portland and from Portland to the Pacific Ocean, every curve of the river and every point of interest are shown, white Mt. Hood, Mt. Adams, and Mt. St. Helens, perpetually covered with snow, stand out in their beauty. On the back of the map is an interesting story in detail of the trip from Huntington to Portland and from Portland to the ocean, not overlooking the beaches and the San Francisco trip by ocean. A copy of this folder may be secured by sending four cents in stamps to pay postage to A. L. Craig, General Passenger Agent of the Oregon Railroad & Navigation Company, Portland, Oregon. By sending the address of some friend in the East, and four cents in postage, the folder will be promptly mailed.

### BRIGHT'S DISEASE.

The largest sum ever paid for a prescription, changed hands in San Francisco, August 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases. They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address: JOHN J. FULTON COMPANY, 420 Montgomery St., San Francisco, Cal.
