It is a common thing for some one who has used Dr. Pierce's Golden Med-ical Discovery for "stomach trouble" to find that when the diseased stomach is ed the " work " heart is made sound slug ish liver stimulated, and the throbbing nerves tranquilized. This fact alone suggests the truth which every leading medical scientist knows and recognizes—that diseases which seem re-mote from the stomach are often caused by the disease of the stomach and other organs of digestion and nutrition. When the diseased stomach and the digestive and nutritive vistem are cured of disease

the other organs are cured with them. I'ood is the basis of life and of strength. But it is not the quantity of food eaten which supports the life and health of tire body. The body is sutained by that portion of the food which after being eaten is converted into urishment and properly assimilated. When the stomach and its allied organs of digestion and nutrition are diseased or "weak," only part of the food eaten is converted into nutrition, and the body and its organs are therefore only partly nourished. Dr. Pierce's Golden Medical Discovery cures the diseases of the stomach and digestive and nutritive system which prevent the proper nourishment of the body. In that way the body is once more strengthened in the only way possible, by food properly digested and perfectly assimilated. Any person suffering from disease in

Mr. John L. Conghenour, of Glensavage, Somerset Co., Penna., writes: "I had been doctoring for about a year and a half being unable to work most of the time. The doctor said I had heart disease and indigestion. It began with a choking and oppressed feeling in the chest; later on I was troubled with a hungry feeling, and I seemed to be raw from my throat clear down into my stomach. My appetite was unusually poor, I was weak and nervous, and my heart kept throbbing continually, and I was ahort of breath. Finally I wrote to you for advice. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Melical Discovery' and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."
