HARRY DAY IS POPULAR

Woodmen Organizer Receives Many Congratulations Upon Success of "1000 Campaign."

Harry L. Day, general organizer of the Woodmen of the World, is receiving congratulations from all sides upon the success of the big Woodmen initiation recently held in Portland, when 1000 men were made members of this rapidly-growing fraternal order. Mr. Day will be remembered in Dallas as an active worker for the success of the Woodmen street fair and carnival held here two years ago. A recent number of the Oregonian says of Mr. Day:

"One of the most esteemed Woodmen on the Pacific Coast is H. L. Day, of this city, whose executive ability and success in launching the campaign which had its culmination last Monday in the installation of 1000 new candidates, will be long remembered in Woodcraft. Mr. Day, as general organizer, boomed the campaign, assisted by an executive committee in this city and an honorary committee in the several camps on the west side of the Willamette River. When the project to swell the membership of the Woodmen of the World by 1000 "new logs" was started here November 1, there were many friends of the movement who were doubtful of its success. But H. L. Day, the general organizer, went to work and soon demonstrated that he was like one of Napoleon's drummer boys, who on an historical occasion said: "I cannot sound a retreat. Forward." However, it meant hard work, day and night. Then came the dawning of success. Last Monday the Woodmen of the World owned Portland, and their march about town and initiation of 1000 candidates formed an impressive object lesson in fraternity. The city was in gala attire, and the windows of many of the business houses were decorated with the emblems of woodcraft. Then came the banquet, when over 600 members were in attendance. The whole event was the most successful occasion in the history of the order in Oregon. Mr. Day's admirable work shows that he is destined for a higher path before long, where his marked business ability, tact and fine judgment will be of general service to his fellows."

One Sided Game.

The last basketball game of the season was played in the college gymnasium last Saturday evening between the Crescent Athletic Team, of Dallas, and a juvenile team from Independence. The youngsters put up a lively game, but the Independence lads were no match for their opponents and lost by a score of 20 to 1. The line-up was as follows:

Independence
 Dallas
 Byers.....forward.....Williams
 Pomeroy.....forward.....R. Finseth
 Walker.....center.....A. Morton
 Totten.....guard.....G. Morton
 Johnson.....guard.....L. Finseth
 Officials: Byers, of Independence, referee; L. Coad, of Dallas, umpire.

Set a Good Example.

We have heard people say they are willing to clean up and improve their premises if their neighbors would do likewise. The way to do it is to make as many improvements as possible in and about your homes, which will astonish those who see them and ashamed of themselves that they will soon fall into line. There have been instances where one property owner wrought wonderful changes for the betterment of a large neighborhood by that method. An enterprising person will not wait until his neighbor joins in the matter of cleaning up—Amity Advance.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

WILL OWN THEIR HOME

Dallas Woodmen Purchase Fine Property of M. E. Church, South.

The Dallas Woodmen Building Association was organized at a regular meeting of Dallas Camp, No. 309, W. O. W., last Thursday evening. The organization is entirely separate and apart from the Camp, but its membership will comprise all members of the Camp who are in good standing. The object of the Association is to build or purchase a home for the Camp. Articles of incorporation will be filed in the near future.

The officers of the Association are: E. C. Kirkpatrick, president; J. E. Sibley, vice-president; W. G. Vassall, secretary; Joseph Craven, treasurer; Wilson Ayres, trustee for three years; Dr. Mark Hayter, trustee for two years; C. L. Hubbard, trustee for one year.

The Association has purchased the M. E. Church, South, property on the corner of Washington and Jefferson streets and will convert it into a permanent home for the Camp and the Women's Circle. The presiding Bishop has been notified of the sale of the church property, and is expected to arrive in Dallas in a few days for the purpose of calling a meeting of the church trustees to execute a deed. The consideration named in the contract of sale is \$2000.

The property consists of a lot 200 by 150, the parsonage, and the beautiful new church building erected a few years ago. It is the intention of the Association to remodel the church building inside and out and make it suitable for lodge purposes. The belfry will be torn down, and the building will be raised several feet in order to give a higher ceiling in the basement. The auditorium will be fitted up for a lodge room, and the basement will be used for a cloak room, library, banquet hall and kitchen. When the changes and improvements are completed, the Dallas Woodmen will have the finest home in the Willamette Valley.

Will Fix Date For Reunion.

The executive committee of the Polk County Pioneer Association will meet in Dallas this afternoon to fix a date for the annual reunion of pioneers. A temporary secretary will be appointed to fill the vacancy caused by the death of James W. Lewis, late secretary of the association. The secretary appointed this afternoon will serve until the reunion in June. The members of the executive committee are T. J. Hayter, of Dallas, chairman; George W. Myer, of Smithfield, and B. F. Smith, of Lewisville.

The annual city election was held in Dallas, Monday, and officers were elected to serve for a term of two years. Ed Biddle was elected Mayor by a majority of 69 votes. H. B. Cosper was elected to succeed himself as Councilman-at-large, defeating his opponent by a majority of 13. H. G. Campbell was chosen for City Auditor without opposition. The new Councilmen elected are Conrad Stafrin, Wilson Ayres and F. J. Coad. The vote was unfavorable to the purchase of a rock-crusher, to be operated by the city in the improvement of its streets. Arrange For Baseball Games.

One more Oregon college has turned down track and taken up baseball. The latest one to champion the great national game is Dallas college. A letter was received from Manager Barendrick of the Dallas team asking for two games with the Willamette university team, one to be played here and the other there. The dates asked for were May 13 and May 27, but as the local management has other games scheduled for those dates, others will have to be arranged for. The local men are quite willing to meet the Polk county lads, however, and the games will no doubt be played, probably in April.—Salem Statesman.

MOHAIR BRINGS GOOD PRICE

Polk and Yamhill County Pools Are Sold for 32 1-2 and 32 1-4 Cents.

Polk and Yamhill county goat raisers are jingling twenty-dollar gold pieces in their pockets and congratulating themselves upon the success of their efforts to realize the highest possible figure for the 1905 mohair clip. The prices paid for the pools of the two counties are in excess of any quotations yet made in the open market, and it is doubtful if any mohair of a similar grade will bring a better price this year. The two pools aggregated 90,000 pounds, and will put about \$30,000 into circulation in Polk and Yamhill counties.

The sale of the pools was held in Brown's hall at 1:30 o'clock Saturday afternoon. About one hundred goat men were present, and all the leading mohair firms on the Pacific Coast were represented among the buyers. George McBoe, president of the Polk County Mohair Association, acted as auctioneer. The Yamhill pool, consisting of 40,000 pounds, was purchased by Bernheim & Company, of Portland, at 32 cents. The association retains the sacks, which were held at 25 cents each.

The Polk county pool of 50,000 pounds was bid in by H. L. Fenton, of Dallas, at 32 cents. The bidding on each pool was started by William Brown, of Salem, at 31 cents.

Both banks in Dallas were kept open until a late hour in the afternoon to give growers who had already delivered their mohair an opportunity to cash their checks. A large amount of money was paid out by each bank. Mr. Fenton is now busy receiving hair in Dallas, and later on will visit the various warehouses in the county for the same purpose.

Goes to Albany College.

Prof. C. T. Whittlesey, who has filled the chair of Latin and Greek in Dallas College for the last three years, left yesterday for Albany, where he will take up work in Albany College. At the morning chapel exercises, Tuesday, after reading the 23d Psalm and offering prayer, Prof. Whittlesey made a brief farewell address, in which with deep feeling he touched upon the work of the past years and expressed the heartiest good wishes for the future of Dallas College and all connected with it.

A party of students gathered at the home of Prof. Whittlesey, Monday evening, to bear to him their farewell greetings and expressions of good will for his new work, and also to manifest their appreciation of the faithful work he has done while in Dallas. During the evening there were many pleasant reminiscences of college days at Amherst and Yale, also singing by the students. Light refreshments were served, and the evening was pleasantly and profitably spent.

 Falls City Defeats Dallas.
 The Falls City public school boys defeated the Dallas public school baseball team on the Dallas grounds Saturday afternoon by the close score of 10 to 9. The game was highly interesting throughout, and was witnessed by a large crowd of spectators. The contest was free from wrangling, and the best of feeling prevailed between the opposing teams. Two more games will be played before the end of the season.
