Wine of Cardui Cured Her.

213 South Prior Street, ATLANTA, GA., March 21, 1903.

I suffered for four months with extreme norvoumers and lassitude. I had a sinking feeling in my stomach which no medicine seemed to relieve, and ! sing my appetite I became weak and lost my vitality. In three weeks I lost fourteen pounds of ... sh and felt that I must find speedy relief to regain my health. Having heard Wine of Cardui praised by several of my friends, I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman.

The action of Golden Medical Discovery in the curing of wasting diseases is entirely philosophic, Emaciation, and consequent loss of weight, are among the most striking symptoms of what are known as wasting diseases. The body is not being adequately nourished, and the cause of this lack of nourishment is not lack of food but lack of ability in the stomach and the other organs of digestion and nutri-tion to prepare the food for the assimila-tion and nutrition of the body. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and the organs of digestion and nutrition, and so enables the body to be nourished back to strength in the only way by which strength can come; that is, by food per-fectly digested and assimilated.

"The first day of this year," writes Mrs. Kate Schey, of 746 St. Paul Avenue, Milwaukee, Wis. "I caught a heavy cold, which settled on my langs and brought on a hemorrhage. From that time on until the first of April I bied from my lungs five different times. I was so weak and undone I could only do the lightest work. The doctor told me I was going into consumption. My breath was short and at times I could hardly get my breath at all. This is the state I was in when I began to take Dector Pierce's Golden Medical Discovery. After the first bottle I was much better, and I could walk two or three blocks without trouble. My breath was not so short and I was much improved. After taking four bottles I could work all day, and I never felt better in my life. I think your fielding the best in the world and I recommend it to all who are troubled as I was."
