New Building Constructed by Soehren Warehouse Company Is Practically Fire-Proof.

Painters are putting the finishing touches on the new warehouse on the Southern Pacific grounds a short distance south of the passenger depot. The building is the property of the Soehren Warehouse Company, and is the most substantial structure of its class in Polk county. It is 40 by 100 feet in size, one and one-half stories high, and will be used for general storage purposes.

that will commend itself to farmers and business men is its fire-proof qualities. The walls and roof are built wholly of iron, and the woodwork has been treated with a heavy coating of lime, salt and alum, thereby reducing the danger from fire to the minimum. One end of the building is divided into separate rooms, which will be leased to merchants or other private parties desiring them. and the remainder of the lower floor and the entire upper story will be used for general storage purposes. The building is equipped with Fairbanks scales of the latest pattern.

Manager Soehren desires to inform the farmers, hopgrowers and merchants that the building is now ready for use, and that rates for storage will be reasonable. The building will be opened for the inspection of intending patrons at any time, and storage rates will be cheerfully furnished upon ap-
