McDonald, a former liverman of Dallas, is foreman of Elijah McPherson's big stock ranch near Olex.

WE'LL MAKE GOOD EVERY WORD OF OUR ADS. A quiet investigation into the extravagant statements and bubble advertisements that are thrown broadcast to the public, sooner or later results in the finding out of the difference between Fact and Fiction. The former we deal with—the later we don't. Our Clothing, our prices and our statements always match our ads. It's a fact, when we say we've the best Summer Clothing in town for Men's, Boys' or Children's wear. It's a fact, when we say we've the best of Hats, and all sorts of Toggery for Men and Boys. It's a fact, when we say our prices are the lowest that can be named on our qualities. Come in and let us "make good" our statements. Summer Neckwear That's what we handle and we want the dressy man; the man who likes a fine Tie and thinks he cannot get it without paying about two dollars to some exclusive Haberdasher, to come here and see what we carry in our line of fine Ties. The weaver's wits are well shown in the new creations we are showing. Any shape and every shape of a Tie that's correct, you'll find here and if there's better Neckwear than ours, we don't know it. Don't think it can be found. 25c, 50c to 75c

MILL STREET DALLAS, OREGON

TO AVOID FORT HILL
County Court Contemplates Great Improvement of Dallas-Grand Ronde Road. One of the important actions of the County Court at its August session was to authorize a survey of the proposed new road between the Lee Rowell place and the Butler post-office, in the north-western part of the county. J. W. Covert, the well-known civil engineer, was employed to make the survey and report to the Court at once. The object of the proposed new road is to do away with the present road over the Grand Ronde, or old Fort Hill, long hated as one of the worst pieces of road in Polk county. The new road, as contemplated, will leave the present road at a point near Lee Rowell's place, follow up the Yamhill river bottom past the Glenn Butler place and intersect the present road at the foot of the hill west of the Grand Ronde store. The road will be about one mile long, and will be comparatively level. If this road is built, there will be no bad hills between the valley and the Pacific ocean. The Nestucca road through Tillamook county has been changed and improved until there are no longer any difficult pulls along the route, and every stream between the reservation and the beach has been bridged. The old road up the Leno hill, formerly a terror to teamsters on the Salmon River route, is a thing of the past. The new toll road constructed by Doctors Smith and Goucher makes the ascent of this hill by easy stages, and heavy loads are pulled to the top without difficulty. With the new road around the Grand Ronde hill opened to travel, it will be easy going for teamsters all the way from "Salt Creek down to the green clam coast."

Notice to Contractors.
Notice is hereby given that sealed bids will be received by the County Court of Polk County, Oregon, for the construction of a bridge across the Yamhill river, south of Butler post-office, in said County. Plans and specifications can be seen at the office of the County Clerk of said County, who will also receive said bids. A certified check for 10 per cent of the bid offered must be deposited with said bid, to be forfeited in case the bid is accepted and the bidder fails to construct said bridge. Bids to be opened August 18, 1905, at 10 o'clock a. m. Right reserved to reject any or all bids. By order of the County Court, made August 2, 1905. E. M. SMITH, Clerk of Polk County, Oregon.

Notice.
To whom it may concern: The firm of Abel Uglow and John C. Uglow, partners under the firm name of Uglow Clothing House, has been dissolved by mutual consent, Mr. Abel Uglow retiring. Mr. J. C. Uglow will conduct the business in the future under the firm name of Uglow Clothing House, assuming all liabilities that may be hereafter incurred. J. C. UGLOW.
