WILL BEGIN SCHOOL WORK

Dallas College Will Begin Fall Term One Week From Next Monday.

The sixth year of work at Dallas College will begin Monday, September 25, at 10 a. m., with informal exercises in the college chapel. President C. C. Poling will be present to preside at the meeting. He will present some of the views one gets of the work of the college at long range, and will tell of what may be expected from the friends of the school in the eastern states.

Prof. C. A. Mock, the new member of the faculty, who will have charge of the department of ancient languages and literature, will make his first appearance before a Dallas audience at this time and will address the students.

The other members of the faculty for 1905-6 will all be on hand and ready for any service that may make the most of the work for the school during the coming year. With the return of Dr. Poling and the advent of Dr. Mock, Dallas College will enter upon its next year's session with an exceptionally strong corps of instructors, which assures a year of most effective school work.

The student body will also be strengthened by the coming of some exceptionally promising young people. This gives assurance of strong public work in the literary societies, the athletic field and the christian associations, as well as in other school enterprises.

It takes a strong student body, as well as a strong faculty, to make a strong school. From present indications, it appears that this happy combination will be reached and that the coming year will by many odds be the greatest in the history of the institution.

All are invited to be present at the opening exercises. Come and enjoy the hour and lend your encouraging presence to boost this good work along.

D. M. METZGER, Dean of the Faculty.

AS OTHERS SEE US

Editor of Prominent Chicago Medical Journal Gives a Few Impressions of Oregon.

Dr. Arthur Butler sends us a copy of the Alkaloidal Clinic containing a graphic description of the editor's recent visit to Portland and the Lewis and Clark Fair. The Alkaloidal Clinic is one of the leading medical publications of America, and the opinions of its editor are worth while. He says:

"The meeting of the American Medical Association at Portland will rank as one of the most successful in the history of the Association. The Lewis and Clark Exposition, the professional attractions and the glorious climate of the Northwest, combined inducements the doctor could not resist; and long before the meeting closed the registration had climbed up over 1,600—and the doctor brought his wife along too. For the delightful excursion up the river more than 3,000 guests showed up. The entertainments were lavish and unique beyond anything in the history of the Association. Never has the A. M. A. been so entertained; never has a local profession done anything which can be compared with that which was accomplished by the doctors of Portland.

"The climate of Portland must be near perfection, if not specially arranged for our visit. Even in July a light overcoat was agreeable in the evenings, while it is said that frosts are rare in winter and an inch of snow is the limit. Flowers bloom outside, the year round, in this 'Rose City,' the roses being gorgeous during our visit, though said to be at their best a month earlier. But the hydrangeas, honeysuckles, sweet peas and many other beauties made every home enticing. We luxuriated in enormous cherries, and in 'cracked crabs,' of which one made a full meal—delicious as was the Royal Chinook salmon. The oysters were fine also, despite the month being without an 'r.'

"The Exposition was not extensive compared with those of Chicago and St. Louis, but good, and especially attractive as to the displays made by Oregon, Washington, California, Montana, Idaho and Utah in mining, agriculture and education."

Those disposed to overstep the bounds of law and order in these parts will have to reckon with Sam Irvine, Jr. Sam has been appointed deputy sheriff during hop picking season.—Independence West Side.

Taxes will become delinquent on Monday, October 2, at 5 o'clock p. m., when interest and penalty will be added. Those who have paid the first half of their taxes are now being notified by Sheriff Ford that they must pay the remaining one-half before that date if they desire to avoid costs. Payments have been prompt this year, and it is expected that the delinquent roll will be small.

Fine Specimens of Vegetables and Fruit Sent to County Exhibit at Fair.

County Fruit Inspector J. B. Nunn sent a fine lot of samples of vegetables and fruit to the Fair this week, where it will be added to the Polk County exhibit. Contributions to the exhibit were made as follows:

George Rowcliffe, of Dallas, Italian prunes.

S. P. Kimball, of Dallas, Italian and Silver prunes.

Mrs. William Garbutt, of Dallas, Clapp's Favorite pears.

J. B. Nunn, of Dallas, Pacific and Petite prunes and three varieties of apples.

J. M. Burford, of Dallas, King apples.

James Elliott, of Dallas, Italian and Petite prunes, Wolf River apples, figs, grapes, Italian chestnuts and three varieties of almonds.

Henry Campbell, of Dallas, Italian prunes, thirty-nine of these prunes weighed 5 pounds, and six of them tipped the scales at one pound.

H. W. Wilkenning, of West Salem, two varieties of popcorn, three varieties of sweet corn, sunflowers, tomatoes, two varieties of gourd nest-eggs, peach melons and lemon squashes.

John R. Traglio, of West Salem, White Sweetwater and Burgundy grapes.

Henry Hayden, of Eola, teal.

John White, of Oak Grove, King apples.

William Morrow, of Derry, field corn.

H. B. Plummer, of Dallas, tomatoes.

P. S. Greenwood, of Dallas, bearing hop vines.

Hugh Hayes, of Dallas, Italian and Silver prunes.

Mr. Nunn will send down several boxes of dried prunes next week. Among this lot will be some of his Pacific prunes of extraordinary size.

Articles sent to the Fair for exhibition are labeled, and the name of the giver is written on the tag, so all may rest assured that they will receive proper credit for what they send.

Advertised Letters.

On September 11, 1905, there were advertised letters in the Dallas post-office for Mrs. Belle Gardner, Mrs. J. D. Johns, Mrs. W. N. McMullen, Mrs. Cordelia Wilson, Mrs. S. E. WEDDED IN DALLAS

Mrs. Alice E. Townsend Becomes the Wife of Frank E. Lynn, of Perrydale.

Mrs. Alice Evaline Townsend was wedded to Mr. Frank E. Lynn, of Perrydale, at the home of Mrs. S. J. Richmond, Tuesday, September 12, at noon, Rev. D. M. Metzger, pastor of the United Evangelical church being the officiating clergyman. The wedding was a quiet home affair, only a few near relatives being present.

Mr. Lynn is a son of Mr. and Mrs. J. M. Lynn, of this city, and is an enterprising young farmer of the Perrydale neighborhood. His wife is a daughter of Mrs. S. J. Richmond, and is a member of one of Oregon's prominent pioneer families, her father, the late T. G. Richmond, having been one of the best known men in the state. She is well known in lodge circles, having filled the office of Grand Worthy Matron of the Order of Eastern Star in Oregon.

Mr. and Mrs. Lynn will attend the Fair in Portland for a few days, and will then return to Polk county and begin housekeeping at Oak Lodge farm, near Perrydale.

Dr. Kershaw, acting agent and disbursing officer for the Grande Ronde Indian reservation, has taken one of his wards, Anton Wheeler, to Portland to answer to the federal grand jury for assault. Dr. Kershaw believes crime is increasing on the reservation, since a decision by the federal court that permits more liberty in the use of intoxicating liquors on the reserve.—Yamhill Reporter.

TWO DAYS OF RACING

Independence Driving Club Arranges Good Program For September 27 and 28.

The executive committee of the Independence Driving Club has made out the program and definitely fixed the date for the hop-picking races meet.

Slashings may be burned after October 1, but a permit must be secured from the officers of the county in which it is desired to set the fire. Parties securing permits to set fires will be held liable for any damage resulting from carelessness on their part.

Captain V. P. Fiske, editor of the Oregon Woodman, has returned from an extended tour of the valley in the interest of his paper and the order of Woodcraft generally. He secured many new subscribers for his excellent publication, and greatly enjoyed the brief respite from office work.

If a Cow gave Butter

mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

Scott's Emulsion

combines the best oil with the valuable hypophosphites so that it is easy to digest and does far more good than the oil alone could. That makes Scott's Emulsion the most strengthening, nourishing food—medicine in the world.

HEALTH

is the Most Important

The manufacturers of Royal Baking Powder have had 40 years of scientific experience. Every method of bread-and-cake raising has been exhaustively studied in this country and abroad.

The result is a perfect product in Royal Baking Powder. There is no substitute for it. The purity and efficiency of Royal Baking Powder have been commended by the highest authorities of the world.

These facts mean two important things to all housekeepers:

First: that Royal Baking Powder is healthful and makes wholesome food. Second: that Royal Baking Powder makes food good to taste.
