NOTED HUMORIST HERE

Cyrus Brownlee Newton Will Appear at College Chapel Tonight.

Cyrus Brownlee Newton, the noted humorist, will give an entertainment in the College Chapel tonight. He comes highly recommended as an impersonator and character delineator, and will recite a number of his own humorous productions. The entertainment is given for the joint benefit of the college and the public school. Read what some of the leading daily papers say of his work:

It takes a remarkable man to be able to entertain an audience a whole evening. Cyrus Brownlee Newton, who appeared before a splendid audience last evening, is one of the few who can do so successfully. He is equally at home in dramatics as well as his humorous selections.—Caigary Herald, Canada.

Cyrus Brownlee Newton captured his audience immediately at Golden Gate Hall last evening. He possesses extraordinary ability. He has few equals and no superiors.—San Francisco Examiner.

Cyrus Brownlee Newton impersonated "Aunt Stutenicker" to perfection. He kept his audience in a continuous roar of laughter.—Oregonian, Portland, Oregon.

At College Chapel tonight, at 8 o'clock. Admission 25 and 15 cents.

School Bell Rings.

The Dallas public school opened Monday morning, with a fair attendance of pupils. Pleasing exercises were held in the assembly room before taking up the active school work. The enrollment will be largely increased within the next two weeks, many boys and girls employed in the hop yards and prune orchards not being able to attend on the opening day. Principal W. I. Reynolds and his assistant teachers are highly pleased with the outlook for a successful year's work.

Prunes Not Greatly Damaged.

The prune-drying season is drawing to a close. The big evaporators are being operated to their full capacity, and several thousand bushels of fruit are being handled every day. M. M. Ellis, R. L. Chapman and S. P. Kimball have something like sixty tons of dried fruit each in their warehouses, and good progress is being made by the owners of smaller orchards in caring for their respective crops. The damage caused by the heavy rains is surprisingly small, and the fruit will be saved in good shape.

Nothing Doing in Hops.

The hop-picking season is over in the Dallas district and the farmers are busily engaged in baling their crops. The heavy rains seriously interfered with the picking in the large yards during the closing days, but the crop was saved without loss, and the hops are all of excellent quality. Buyers are now taking samples, but are making no offers. The farmers do not seem to be in any hurry to sell, and it is doubtful if many 12-cent hops could be secured in Polk county at this time.

Crawford-Coyle.

At the residence of Mrs. H. M. Patrick, in Spring Valley, Tuesday afternoon, September 26, a quiet wedding occurred when Miss Jennie Coyle was married to Mr. W. Frank Crawford, W. J. Crawford officiating. Both the young people are residents of Polk county and will make their home near Zena. They are both well known here and have the best wishes of a great many friends.—Salem Statesman.

D. A. Madison arrived home Monday from an outing in Washington. The marriage of Mr. Clinton C. Sargeant and Miss Effie Plankinton is announced to take place at the home of the bride's parents, near Bridgeport, next Sunday.

The October term of County Commissioners' Court lasted only one day. Besides allowing the usual monthly bills, the resignation of J. T. Chamberlain, constable of District No. 4, was accepted and the office declared vacant. The court proceedings appear in full in this paper.

Winnie Scott, a prominent stockman of Vale, Malheur county, visited old-time friends in Dallas this week. He was born in Polk county, and spent his boyhood days in and around Dallas, where he attended school at LaCreole Academy. Winnie is best remembered by Dallas people as a member of the old "Alerts," a famous amateur baseball team that defeated every nine from Portland to the California line, in the early '80s. He has been living in Eastern Oregon about 20 years, and is one of the prominent stockmen of his county.

Another Reduction in Fare.

The Southern Pacific Company has again reduced the passenger fare to Portland, in anticipation of a heavy increase in travel next month. Beginning September 1, the fare will be reduced to one and one-tenth for the round trip. This will make the round trip fare from Dallas \$2.10 instead of \$2.55. This liberal concession is entirely voluntary on the part of the company, and will be greatly appreciated by the traveling public.

SCHOOL SUITS

With books and slate under his arm the boy will soon be trudging off to school, defying the powers of ignorance.—But how about his clothes?—Bring him in and let us fit him out with one of our serviceable suits, built strong to stand the strain of school boy pranks.

It beats all how many stores are throwing dollars at the Clothing buyers these days.—"Half off Sales," "Take 'em at any price sales," "All off sales" and others are an epidemic just now. Have a care, Mr. Buyer. We are offering our patrons the best quality of clothing at honest prices.

Compare our goods and compares our prices with any of these "Juggling Sales" and we'll stand or fall by your decision. You can't match our Clothes and our prices at the same time.

The races here Friday and Saturday were well attended, considering the attractions at Portland, the Development League meeting at Eugene, hop-picking and the unfavorable weather.

There still remain a few small patches of hops that are unpicked. Krebs Bros., Groves and Rose all have some standing, and although a few pickers have worked this week in the rain, the weather promises to put an end to the harvest. The pickers are fast leaving for their homes.

The Independence public and high school opened Monday morning, with a large attendance, which will be augmented in the next week or two, as hop-picking and other Fall work is completed. There are nine teachers, with Prof. T. J. Newbill principal. The work for the year opens under very favorable circumstances.

Again comes the cry, more houses

There is more Catarrh in this section of the country than in other districts put together, and until the last few years was supposed to be incurable. For a great many years doctors prescribed a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable, and therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood, and cures mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. The Hall's Family Pills are the best.
