

WILL ASK FOR SENATOR

Multnomah County Feels That She Is Entitled to One Delegate at Washington.

John Stevenson, the Portland Telegram's political writer, discusses the Senatorial situation in Oregon as follows:

"That Multnomah county will strive mightily for a successor to John H. Mitchell's seat in the United States Senate and that she will get it is being predicted by politicians. Just what will have to be done to that end is a matter of speculation, but that her candidates for the Legislature will not be bound to vote for the primary nominee of the people, in some instances, at least, seems highly probable.

"This is for the reason that Multnomah County feels she is entitled to Mitchell's successor. Eastern Oregon will most likely have a Congressman. The Willamette Valley will have one and Astoria already has one Senator.

"But should that provision of the direct primary law, wherein candidates for the Legislature may pledge themselves to vote for the people's choice for Senator, be brought into play and a man like Geer, or some other man equally distasteful to Multnomah County come out as a Senatorial candidate at the primaries and receive a majority of votes, Multnomah's delegation, should they adhere to the same pledge, would be bound to support a man not of their choice nor of their constituents.

"Therefore it would not be surprising were many of Multnomah's candidates for the Legislature to refuse to sign the primary pledge and instead make a Multnomah man for Senator, their campaign battle cry.

"If this should be done, together with the combinations that could be made at the Legislature, Multnomah would probably be able to carry off the prize, even were the outside members pledged to support a primary candidate.

"Politicians do not generally believe that the man Multnomah will really want will be one to enter the primary race, hence their preservation will lie in keeping out of the primary pledge imbroglio."

GREAT SCENIC PRODUCTION

"Ben Hur" Second Only in Importance to Lewis and Clark Fair as Feast for the Eyes.

Klaw & Erlanger's colossal production of General Lew Wallace's impressive Biblical romance, "Ben Hur," startling in its immensity, can only be considered as second in comparison to the Lewis and Clark Centennial Exposition as a feast for the eyes. This great play, which has commanded the attention of the Pope of Rome, King Edward of England, President Roosevelt, Archbishop Ireland and other prelates, rulers and important personages of the world, aroused the interest of the entire states of Oregon and Washington when staged in the City of Portland two years ago. And now with the announcement that it is again to be enacted in that city at the Marquam Grand Theatre for six night performances (exclusive of Sunday) starting Thursday October 19th, it will no doubt cause many to journey there to witness it the same as before.

In order to accommodate the out-of-town public, Calvin Heilig, manager of the Marquam Grand Theatre, will give his personal attention to all orders for seats sent through the mail, if accompanied with remittance. The scale of prices governing the engagement will be \$2.00 and \$2.50 on the lower floor and \$1.00, \$1.50 and \$2.00 in the balcony. All railroad lines entering Portland are to make low excursion rates, so by inquiring of the local railroad representative, full information concerning the same can be ascertained.

A Cinnamon Cantaloupe.

A huge practical joke was perpetrated last week by F. A. Morris, in charge of the Yamhill county exhibit at the fair, says the Newberg Graphic. An imitation cantaloupe, made of cotton, was brought in by M. M. Edwards of Dundee, and the representation was so perfect that the joke almost worked, its own way. Mr. Morris perfumed the specimen with cinnamon and proudly exhibited it as a "cinnamon cantaloupe," the latest propagation from Wizard Luther Burbank's gardens. The sell took, and the Superintendents of the various county exhibits in the Agricultural building came over to examine the latest freak. The cantaloupe was properly entered in the exhibit and the pomological expert passed judgment upon it knowingly as the latest thing in horticulture. All of which goes to show that the wise ones are often most easily tripped.

A Great Describer.

Editor Gillespie, of Brewster, Wash., rejoices that his lot has been cast in "good, old Okanogan county, where swell people, who cunctus Siwash, pay taxes under protest; have little or no regard for individuals caught red-handed in borrowing a cayuse or critter; read Appeal to Reason, and vote the Democratic ticket in spots; encourage schools and churches; play poker and support their home paper, and constantly sing into the ears of the Easterner with a bunch of money, 'come to Okanogan county to live, if you wish to dwell in peace and contentment.'"

Big Shipment of Goats.

Boothly & Lewis, of Monmouth, are buying 150 head of Angora does for A. F. Brown, of Oakland, Oregon. This shipment will make in the neighborhood of 1500 goats that this firm has bought and shipped out of Polk county this summer. The greater number of these animals were bought around Dallas and Monmouth.

Rain Causes Mold.

A number of Lane county hoggrowers had to abandon a number of acres on account of mold caused by the rain. J. H. Thornsbury abandoned five acres; Seavey Bros. about the same, and two or three others abandoned a small patch here and there. Everybody is through picking. James Seavey purchased 100 bales from Boggs & Yarnell, of Mohawk, Saturday, paying therefor 11c per pound.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Wilson Drug Co.

George A. Dorris lays claim to raising the champion hop-crop of the world. From 12 acres he got 30,128 pounds of hops, an average of 2,576 pounds to the acre. Ten acres of this yard is 12 years old, and two acres are yearlings. Mr. Dorris estimates that the yearlings produced 1,400 pounds to the acre, leaving an average of 2,700 pounds to the acre for the old yard.

Another Reduction in Fare.

The Southern Pacific Company has again reduced the passenger fare to Portland, in anticipation of a heavy increase in travel next month. Beginning September 1, the fare will be reduced to one and one-tenth for the round trip. This will make the round trip fare from Dallas \$2.10 instead of \$2.55. This liberal concession is entirely voluntary on the part of the company, and will be greatly appreciated by the traveling public.

Miss Alice Roosevelt and the other members of the party which had accompanied her on her visit to Peking have sailed for the United States on the Pacific Mail company's steamer Siberia.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Fulmore, Ontario, Canada. A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. The new Huntington mill at the Great Northern mine in the Blue River district has been installed, and reports are that it is surpassing all expectations of the promoters in the amount of ore it will handle in a day.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity. Sold by Wilson Drug Co.

Cures Winter Cough.

J. E. Gover, 101 N. Main St. Ottawa, Kan., writes, "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough, and she is able to be up and well." 25c, 50c and \$1.00. Sold by Wilson Drug Co.

How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by Wilson Drug Co.

BRIGHT'S DISEASE. Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE. stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlsbad, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
