There was vocal music after which all repaired to the dining room, where a dainty lunch was served.

Accused of Wife-Beating.

Polk county will have a candidate for the whipping-post, if the charges against William Sportsman, of Independence, are substantiated in the circuit court. Sportsman was arrested Saturday upon complaint of J. K. P. Graves, the charge being that he had assaulted and beaten his wife, Mrs. Ida Sportsman. When the case came up in Justice Wilson's court, Tuesday, the woman would not testify against her husband, and appeared anxious to have him set free. Neighbors of the family testified, however, that she had come to them crying and saying that her husband had beaten her. After hearing all sides of the case, Justice Wilson decided that the evidence was sufficient to warrant him in binding the prisoner over to the circuit court, and an order was made accordingly. Sportsman's bonds were fixed in the sum of \$200. Judge J. E. Sibley appeared for the state, while the defendant was represented by B. F. Jones.

C. H. Chapman is confined to his room by a severe illness.

Teats Station Cut Out.

Teats Station on the line of the Dallas and Falls City railroad is to be abolished, and no trains will stop at that point after February 1. General Manager Gerlinger says this action has been taken for the reason that the business offered is not sufficient to justify the company in longer maintaining the station, and for the further reason that the steep grade at that point will render the starting and stopping of heavy trains next to impossible when the company begins hauling logs for the Cone sawmill in Dallas.

More Free Pictures.

T. J. Cherrington, the Dallas photographer, requests the Osmyns to announce that he has decided to make a free negative of every man and woman in Polk county over the age of 60 years. These negatives will be made with his new A grade Dallmeyer lens, and a fine picture is assured. It will be remembered that a year ago, Mr. Cherrington made free negatives for 100 Polk county pioneers who had reached the age of 70 years. The pictures taken at that time have attracted widespread attention and favorable comment, and the new photographs will prove equally interesting. It is expected that a large number of people will avail themselves of this opportunity to secure an excellent photograph free of charge.

Dr. C. C. Poling attended a protracted meeting at Beulah, Benton county, last week.
