HATS! HATS!

NO TWO MEN LOOK ALIKE. Is it then reasonable to suppose that the same style Hat will be equally becoming to all men? We are inclined to think not. We go upon the supposition that the

Greater the Variety

of shapes, width of brims, heights of crowns and colorings, the greater will be the satisfaction.

Accordingly we present the greatest variety of Spring Hats to be seen in this vicinity. It embraces all shapes, colorings and proportions—from the conservative shapes to the latest in Young Men's snappy styles.

MEN'S SHIRTS---Correct Styles.

With most Men it isn't so much what they pay for Shirts, as it is what they get for their money. They want to feel safe as to style, material, fit and good Shirt making. If a Shirt satisfies, they are not apt to stand on the matter of price.

We aim to have our shirts **Perfectly Correct**. We always watch the money saving side, also. Our new Spring Shirts are of Foreign and Domestic materials in handsome new patterns of stripes and figures. We offer to our trade the very latest ideas in Shirts that the best makers have produced.

Corvallis Wins Championship.

The O. A. C. basketball team won the championship of Oregon by defeating the Dallas College team on the Corvallis floor last Friday night. The game was very close during the first half, but later O. A. C. took the lead and maintained it until the end of the game. The final score was 17 to 11 in favor of O. A. C. Both teams put up fine ball, being very evenly matched in team-work, and it was only through the superior basket-throwing of the O. A. C. boys that Dallas lost the game. Jack Sibley, of Dallas, officiated as referee, and Z. Thorp, of McMinnville, was the umpire. The special motor carrying 75 Dallas rooters arrived home from Corvallis about midnight. The Corvallis contest was the last college game of the season. Tomorrow night the Dallas boys will play the "Metecors" of Chicago on the home floor. The Illinois boys come to Oregon with a fine record, and a good game is promised.

Public School Industrial Fair.

County Superintendent C. L. Starr, ever on the alert to stimulate interest in the public school work, is making preparations for an Industrial Fair to be given by the school children of Polk county late in September. The Superintendent will furnish the seeds, and the boys and girls will raise vegetables, grain and flowers to be exhibited at the Fair. The girls will be asked to prepare exhibits of sewing, fancy work, canning, fruit, jellies, breads, etc. Prizes will be awarded for individual and district exhibits. The County Court and the Dallas city council have endorsed the movement, and the councils of other towns in the county will be requested to take like action. The proposition is receiving the hearty encouragement of parents and teachers throughout the county. Definite announcements will be made within a week.

Horticultural Meeting.

I have been requested to call a mass meeting of fruit growers and all others who are interested in horticulture to meet in the courthouse in Dallas on Saturday, March 17, at 10 a. m., for the purpose of organizing a county horticultural society. Invitations have been sent to prominent growers, Governor Chamberlain, Charles A. Park, Professor Lake, of Corvallis, and other members of the State Horticultural Society will be with us to assist in the organization. Governor Chamberlain will speak on "The Development of Oregon."
