Mr. Gerlinger, of Dallas, was in the city Thursday try-ing to make arrangements with the local wood dealers to handle the by-product of the mills at that place. He thought they could furnish dry slab wood at \$2 per cord, delivered here. Farmers, according to his way of thinking, could realize much better returns from their fir groves by work-ing them up into rallroad ties than by ing them up into rallroad ties than by cutting them into cordwood.—Me-Minnyille Reporter.
