The books and papers in his office were not seriously damaged, and he has already opened a new office in his building adjoining the burned structure. He carried no insurance on the building that was burned, and while he feels the loss keenly, his chief regret is over the loss of his valuable office furniture, none of which was saved in good condition. He has not yet decided whether he will rebuild on the site of the burned building.

EVENING OF SONG
Large Audience Greeted Singers at Mrs. Cherrington's Recital.
One of the most successful events of the year in the local musical world was the song recital given at Woodman Hall by Mrs. G. N. Cherrington last Thursday evening. Mrs. Cherrington was assisted by her teacher, Mrs. E. E. Covert, and Mr. Arthur Alexander, both of Portland. The largest audience ever assembled at a musical entertainment in Dallas was present to greet the singers.
A program of exceptional merit was presented, and the audience showed its appreciation by bestowing liberal applause and a wealth of beautiful flowers upon each singer taking part in the recital.
The chief interest of the recital was centered in the singing of Mrs. Cherrington, who has been a pupil of Mrs. Covert since early last Fall. The many friends who were expecting a rare treat were in no way disappointed, as her voice showed a great improvement in every desirable quality. Although suffering from a severe cold, Mrs. Cherrington bravely sang all her numbers and scored a veritable triumph. At the close of the recital, she was warmly congratulated, all speaking of her singing in terms of the highest praise and predicting for her a brilliant future.
Mrs. Covert has a clear, rich mezzo-soprano voice which is at all times under perfect control. Her numbers had been carefully selected, and gave evidence of excellent taste and great versatility.
Of the singing of Mr. Alexander, the tenor, too much cannot be said in praise. He is the fortunate possessor of a voice that is nothing short of marvelous. The good words that have been said for him by critics throughout the Northwest are fully justified, and it is doubtful if his equal as a lyric tenor is to be found on the coast. His "Songs of Araby" and "Tristram and Yseult," once heard, will never be forgotten.

Will Form Wool Pool.
The wool growers of Polk county met in Brown's Hall in Dallas, Saturday afternoon, and decided to pool the 1906 wool clip. The pool will be formed along the lines heretofore followed by the growers, and it is expected that a great majority of the growers will list their wool in the pool. The meeting was well attended, considering the busy season of the year, and every grower present was in favor of the proposed plan of disposing of the clip.

The readers of this paper will be pleased to learn that there is at least one drugged disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
