DALLAS, OREGON, JUNE 8, 1906. The way to build up Dallas is to patronize Dallas people.

FOR A HIGH SCHOOL.

The widespread sentiment in Dallas in favor of a public High School will probably take definite shape at the annual school meeting one week from next Monday...

The sentiment in favor of a good High School in Dallas has been steadily growing for many years, and such an institution is now looked upon as a public necessity.

Dallas already has an excellent public school, where nine grades are taught by a corps of competent instructors.

The business men and property owners of Dallas could not make a better move than to secure the establishment of a first-class High School in the city.

People who read the OBSERVER will get all the Polk county election news this week.

Did you ever see a worse mixed-up mess? To Establish Milk Routes.

D. H. McIntyre and J. C. Hayter drove out to the Liberty schoolhouse Wednesday night and held a meeting with the farmers of that neighborhood in the interest of the Dallas cheese factory.

Public high schools are rapidly growing in favor in Oregon, for the reason that a large per centage of the pupils now attending college have not advanced beyond the common school studies...

With the establishment of a good twelve-grade school, free to all the boys and girls of Dallas, the people of the district will have taken an important step in the right direction...

The result of the recent election proved the truth of the OBSERVER's contention—that Statement No. 1 was not an issue in Polk county.

There are some lies that are too contemptible to notice, especially when they come from those who pose as God-fearing men and teachers of morality.

Liver and Kidneys

It is highly important that these organs should properly perform their functions. When they don't, what lameness of the side and back, what yellowness of the skin, what constipation, bad taste in the mouth, sick headache, pimples and blotches, and loss of courage, tell the story.

Hood's Sarsaparilla

Gives these organs vigor and tone for the proper performance of their functions, and cures all their ordinary ailments. Take it.

He would be a mighty hard man to please who cannot get a grain of comfort somewhere along the line in Monday's election returns.

They are talking of holding an apple show in Dallas this year. The project is a good one. Some very handsome apples are raised in the vicinity of Dallas and the holding of apple shows would tend to bring about the production of more such apples as well as of calling attention to those now raised.

The spectacular fight for the office of Sheriff of Multnomah county resulted in the election of Robert Stevens by a plurality of 5 votes.

George C. Brownell, who did more than any other man to fasten the Populist Initiative and referendum upon the fair State of Oregon, was defeated for re-election in Clackamas county, Monday, by a majority of nearly 600 votes.

Statement No. 1 was not an issue in Polk county. It is doubtful if one voter in a hundred even gave it a thought when voting for the candidates for the Legislature.

Oregon is undoubtedly the only state in the Union where one Democratic can and does uniformly outvote three Republicans, sagely remarks the Oregonian.

The voters must have taken Governor Chamberlain at his word when he said that the Governor and the Legislature should be of opposite politics.

Dr. McCallon was elected in spite of the fact that he failed to heed Editor Lyon's repeated "warnings."

Good people shouldn't resort to dirt. Dirt seldom wins, especially here in Polk county.

For the first time in fifteen years, Polk county's court is solidly Republican.
