Both Mr. and Mrs. MacGregor are highly cultured, and Mrs. MacGregor is an accomplished musician. After a good deal of persuasion on the part of friends, she has consented to take a limited number of pupils in instrumental music. This is a rare opportunity for advanced students or anyone desiring to study with a teacher who has had exceptional educational and musical advantages.

WILL GO TO YELLOWSTONE

Miss Nola Coad Will Be Member of Oregonian Excursion Party.

Miss Nola Coad, a daughter of County Judge and Mrs. Ed. F. Coad, of this city, will be a member of the Oregonian excursion party on their trip to the Yellowstone National Park in July. In addition to the 24 winners, it has been decided to take along upon the trip ten of the other candidates, who while they worked particularly hard and faithful, were beaten out. Miss Coad is one of the ten selected to accompany the party.

The contest in District No. 16, comprising Dallas, McMinnville, Forest Grove and Heppner, was fast and exciting from the start, and more votes were cast than in any other districts in the Northwest except two districts in the city of Portland. Many towns in Oregon twice as large as Dallas did not cast one-half as many votes. The final vote stood: Miss Ona Gilliam, of Heppner, 225,860; Miss Nola Coad, of Dallas, 221,324; Miss Isora Edmiston, of McMinnville, 89,393; Miss Lizette Maerum, of Forest Grove, 50,392. After counting the ballots, the Oregonian at once decided to invite the Dallas candidate to accompany the party, feeling that she was entirely too deserving to be left behind.

The Oregonian party will reach Portland on the night of July 3, and after spending the Fourth in that city and a day at Long Beach, will leave by special train for the famous Yellowstone Park. The train will stop only at the larger cities, and will go to Salt Lake before being taken to the park. Many side trips have been arranged, and nothing will be left undone that will add to the comfort and enjoyment of the members of the party.

Contractors are figuring on the plans for the new power station to be erected in Dallas by the Willamette Valley Company, and the contract will be let in the near future. The new power house will be located in South Dallas, near the Willamette Valley Lumber Company's sawmill, and will be one of the largest buildings of its kind in the state. As soon as the structure is completed, the dynamo and other machinery will be moved from the present station north of town, and a large amount of new machinery will be added.

The main building will be 50 by 100 feet in size, and will be constructed entirely of iron and concrete. The boiler room will be 40 by 50 feet, and will adjoin the main building. The fuel bin, for storing sawdust, will be 60 by 100 feet in size. All of these buildings will be of the most substantial character.

Manager Rhodes has his linemen engaged in re-wiring the town and extending the lines to all portions of the residence district. The extensive improvements under way plainly indicate that the company is preparing to give Dallas the very best lighting service possible.

Col. McDaniel, who slings ink in Salem for the Portland Telegram, has this:

"Hal D. Patton of this city presented a flag to the Mountain View school, in Polk county Thursday, with the usual ceremony which accompanies such an event. The speakers were Hal D. Patton, Director J. R. Chapman, Frank Davey, Colonel E. Hofer and County Superintendent Starr of Polk county.

"Mr. Patton has tried to confine his flag donations to the schools of Marion county, but he said yesterday that when a pretty young lady school teacher asked him for a flag he could not resist. Superintendent Starr declared that every school in Polk county was sure of a flag, because they did not employ any but good looking schoolmarms.

ANOTHER PIONEER IS GONE

Mrs. Ann Sylvester Falls From Her Porch and is Fatally Injured.

Mrs. Ann McTimmonds Sylvester, of McTimmonds Valley, died Sunday evening, June 16, as the result of an injury received in falling on her porch on Wednesday of last week. She was 89 years old, but had been enjoying excellent health for many years prior to the fatal accident. The funeral was preached in the Lewisville church, Tuesday morning, in the presence of a large congregation, and the remains were laid to rest in the Smith cemetery.

Mrs. Sylvester, whose maiden name was Ann Burns, was born in Donegal, Ireland, in 1817, and came with her parents to the United States in 1829. Six years later she was married to J. McTimmonds, with whom she crossed the plains to Oregon in 1845. In the spring of 1846 they settled on a homestead in McTimmonds Valley, where they lived together until 1878, when her husband died. In 1880 she married Mr. Sylvester and moved to Corvallis. After his death in 1892, she moved back to the farm.

She had been a member of the M. E. Church since 1849 and lived a faithful Christian life. She was the mother of ten children. Five sons survive her, among them being E. C. McTimmonds of Astoria, and H. C. McTimmonds, of Sodaville, Linn county.

Raised Railroad Assessment.

County Assessor C. S. Graves has returned from Albany where he attended the convention of the county assessors of Western Oregon. The most important action of the convention was the agreement to fix the valuation of the main line of the Southern Pacific railroad, including rolling stock, at \$19,000 per mile. This is nearly three times the valuation that has heretofore been placed on this road. Assessor Graves says this raise is in line with the action of the assessors in raising the valuation of all other classes of property this year. The West Side and Yamhill divisions of the Southern Pacific will be assessed at \$10,000 per mile, and the Pullman company will be required to pay on a valuation of \$400 a mile. Telephone and telegraph lines, timber lands and banks came in for much discussion, but no conclusion was reached as to their valuation, and each assessor will assess them according to his own idea.

Partnership Dissolved.

Notice is hereby given that the partnership heretofore existing between Guy Brothers and Mearns' and Bay State Paints is now dissolved, and in the future they will carry nothing but PATTON'S SUN PROOF PAINT, sold under a positive 5 years' guarantee.
